Migraine The Eternal Return:

Migraine Jack Sholl, 2011-09-15 An intellectual and witty depiction of the philosopher Friedrich Nietzsche as he simultaneously grapples with the idea of eternal return and his endlessly recurring migraine headache This comical one act play featuring a man suffering from a constant intolerable headache serves as a great introduction to Friedrich Nietzsche for those who have heard of him and are interested in getting to know a little bit more about the renown German philosopher For those who have already studied his works this is an invitation to discover the more human aspects of the man who invented the concept of the Übermensch A fictional treatment based on historical research this is a sprightly text addition to any true philosophers library

The Eternal Return Yasmine Galenorn, 2019-12-16 Sometimes you have to exorcise ghosts from the past before you can move forward With the Tuathan Brotherhood taken care of Ember and the Wild Hunt gear up for the coming darkness that threatens to plunge their lives into chaos But first they take on the ancient liche who stole Talia's powers Lazerous is living near Winter Hall Magical Academy located near Mt Rainier Over the centuries he's grown so strong that it seems futile to take him on But with Lazerous stalking the students stealing not only their magical powers but their lives the Wild Hunt can't allow him to roam free Before they can confront him Talia takes it on herself to reconnoiter the situation and ends up trapped in a maniacal web that could easily spell her death Now Ember and Herne must race against time before Lazerous finds her

The Ethos of the Climate Event Kellan Anfinson, 2020-12-30 This book develops a politico ethical response to climate change that accounts for the novelty and uncertainty that it entails This volume explores the ethical dimensions of climate change and posits that one must view it as a social construction intimately tied to political issues in order to understand and overcome this environmental challenge To show how this ethos builds upon the need for new forms of responsiveness Anfinson analyzes it in terms of four features commitment worldly sensitivity political disposition and practice Each of these features is developed by putting four thinkers Kierkegaard Nietzsche Schmitt and Foucault respectively in conversation with the literature on climate change In doing so this book shows how social habits and norms can be transformed through subjective thought and behavior in the context of a global environmental crisis Presenting a multidisciplinary engagement with the politics philosophy and science of climate change this book will be of great interest to students and scholars of climate

when it can offer a sense of soul in everyday life He explores ways of restoring this sense of soul to everyday life by examining how talk about something as elusive as the soul is possible and by reanimating a sense for what the notion of soul can mean Working in the tradition of Nietzsche Freud Jung and Jung's student James Hillman Chappelle reaches back into millennia of Western thought to reanimate the dying sense of soul in everyday life and put the psyche back in psychology

Migraine Oliver Sacks,1973 The many manifestations of migraine can vary dramatically from one patient to another even within the same patient at different times Among the most compelling and perplexing of these symptoms are the strange visual hallucinations and distortions of space time and body image which migraineurs sometimes experience Portrayals of these uncanny states have found their way into many works of art from the heavenly visions of Hildegard von Bingen to Alice in Wonderland Dr Oliver Sacks argues that migraine cannot be understood simply as an illness but must be viewed as a complex condition with a unique role to play in each individual's life Copyright Libri GmbH All rights reserved

EPZ Nietzsche and the Vicious Circle Pierre Klossowski,2005-06-05 The greatest book of philosophy I have ever read on a par with Nietzsche himself Michel Foucault Pierre Klossowski 1905 is the author of numerous philosophical works as well as several novels He published many translations of German poets and philosophers including Nietzsche himself Recognised as a masterpiece of Nietzsche scholarship Nietzsche and the Vicious Circle emphasises and explores the notion of Eternal Return central to an understanding of Nietzsche's self denial self refutation and self consumption Translated by Daniel W Smith *Seven Ways of Looking at Pointless Suffering* Scott Samuelson,2018-05-04 This philosophical inquiry into the problem of human suffering is insightful informative and deeply humane a genuine pleasure to read Times Higher Education Suffering is an inescapable part of the human condition which leads to a question that has proved just as inescapable throughout the centuries Why In *Seven Ways of Looking at Pointless Suffering* Scott Samuelson tackles this fundamental question To do so he travels through the history of philosophy and religion while attending closely to the world we live in Samuelson draws insight from sources that range from Confucius to Bugs Bunny and from his time teaching philosophy to prisoners to Hannah Arendt's attempts to come to terms with the Holocaust Samuelson guides us through various attempts to explain why we suffer explores the many ways we try to minimize or eliminate suffering and examines people's approaches to living with pointless suffering Ultimately Samuelson shows to be fully human means to acknowledge a mysterious paradox we must simultaneously accept suffering and oppose it And understanding that is itself a step towards acceptance

I'd Really Prefer Not to Be Here with You, and Other Stories Julianna Baggott,2023-03-28 Bestselling author Julianna Baggott delivers her mind bending debut short story collection featuring an array of genres populated by deeply human characters and with film rights to the stories already having been sold to Netflix Paramount Amblin Lionsgate and others In the title story set five minutes in the future where you not only have a credit score but also a dating score a woman who's been banished from all dating apps attends a weekly help group with others who have been banned for life and

Not to Be Here with You will take the reader on a journey unlike anything they ve experienced *The Intoxication of
Destruction in Theory, Culture and Media* Erin K. Stapleton, 2025-10-01 This book examines the desire for and intoxication
with destruction as it appears in cultural objects and representation arguing that all cultural and aesthetic value is
fundamentally predicated on its own fragility as well as the living transience of those who make and encounter it Beginning
with a philosophy of expenditure after Georges Bataille each chapter maps different operations of destruction in media and
culture These operations are expressed and located in representations of human extinction and explosive architecture in
execution and in eroticism and in media and digital archives which constitute a further destabilization of the notion of
destruction in the dynamic between aspirational immortality and material volatility embedded in the archival systems of
digital cultures **Encounters with Alphonso Lingis** Alexander E. Hooke, Wolfgang W. Fuchs, 2003-09-22 Encounters with
Alphonso Lingis is the first extensive study of this American philosopher who is gaining an international reputation to
augment his national one Lingis s books have already been translated into nearly a dozen languages and writers from many
disciplines are finding his works a source for fresh philosophical and scholarly inquiries The distinguished contributors to
this volume reflect on their own encounters with this unique American thinker as they engage his work from their various
critical perspectives They address most of the central themes found in his writings including singularity and otherness death
and eroticism emotions and rationality embodiment and the face excess and the sacred In the book s first section the
contributors discuss Lingis s significance as a contemporary philosopher particularly with regard to such renowned figures
as Dante Kant Nietzsche Foucault and the major existential and phenomenological thinkers of the past century In the second
section they focus on Lingis s ideas as the basis for inquiries into additional fields such as art literature cultural studies and
politics The book closes with a new essay by Lingis himself **Neurological Disorders in Famous Artists - Part 3 J.**
Bogousslavsky, M. G. Hennerici, H. Bänzner, C. Bassetti, 2010-04-01 The third part of *Neurological Disorders in Famous Artists*
presents painters musicians and writers who had to fight against an acute or chronic neurological disease Sometimes this
fight was without success e g Shostakovich Schumann Wolf Pascal but often a dynamic and paradoxical creativity of the
clinical disorder was integrated into their artistic production e g Klee Ramuz Occasionally some even wrote the first report of
a medical condition they observed in themselves like Stendhal who made a detailed report of aphasic transient ischemic
attacks before dying of stroke shortly thereafter In rarer instances a neurological disease was inaccurately attributed to an

artist in order to explain certain features of his work de Chirico Schiele Some chapters in this publication focus on neurological conditions reported in artistic work including descriptions by Shakespeare and Dumas Bringing new light to both artists and neurological conditions this book serves as a valuable and entertaining read for neurologists psychiatrists physicians and anybody interested in arts literature and music *Nietzsche and the Vicious Circle* Pierre Klossowski,1997 Long recognized as a masterpiece of Nietzsche scholarship Nietzsche and the Vicious Circle is made available here for the first time in English Taking a structuralist approach to the relation between Nietzsche s thought and his life Klossowski emphasizes the centrality of the notion of Eternal Return a cyclical notion of time and history for understanding Nietzsche s propensities for self denial self reputation and self consumption Nietzsche s ideas did not stem from personal pathology according to Klossowski Rather he made a pathological use of his best ideas anchoring them in his own fluctuating bodily and mental conditions Thus Nietzsche s belief that questions of truth and morality are at base questions of power and fitness resonates dynamically and intellectually with his alternating lucidity and delirium *After Nietzsche* J. Marsden,2002-10-02 From The Birth of Tragedy to his experimental physiology of art Nietzsche examines the aesthetic erotic and sacred dimensions of rapture hinting at how an ecstatic philosophy is realized in his elusive doctrine of Eternal Return Jill Marsden pursues the implications of this legacy [Nietzsche on Human Emotions](#) Yunus Tuncel,2021-11-23 Much has been said on particular feelings that appear in Nietzsche s works such as pity revenge altruism guilt shame and resentment But there has not been a significant study on Nietzsche s overall teachings on feeling and emotion What does Nietzsche mean by feeling and the related phenomena Out of such disparate types of feelings and disparate reflections by Nietzsche on them can one make sense or can one speak of a theory of feelings in Nietzsche If so how does this theory fit with his philosophy of value On the other hand how do his teachings relate to some of the later concepts of his philosophy such as the overhuman the will to power and the eternal return of the same While the book will contextualize Nietzsche s emotive theory in relation to other emotive theories in the history of ideas it will also explore Nietzsche s influence on later generations in this area Although Nietzsche is a brilliant and original philosopher of the emotions and passions there has been to date no concerted attempt to present and examine him as such This admirable study by Yunus Tuncel goes a long way towards meeting this need and is essential reading for all scholars and readers of Nietzsche Keith Ansell Pearson Emeritus Professor of Philosophy University of Warwick It s remarkable there hasn t been a good book on Nietzsche and the emotions until this remarkable work by Yunus Tuncel His insightful discussions range from resentment and Schadenfreude to a crucial emotion in these sad times the feeling of power Graham Parkes University of Vienna **The Butterfly Effect: An Annual Anthology of Liberal Arts** Ahmed Tahsin Shams,2022-09-30 Blank Voices is a platform where you can get stories to share beyond any biases stories of unsung heroes stories without a voice stories that inspire and transform In the age of information if stories are losing their meaning in generalization in statistics in summaries and in the status quo Blank Voices wishes to offer a safe

place where speakers feel heard and understood We welcome the participation of diverse people with diverse and dynamic perspectives through diverse media be it poetry paintings sketches installation art live art audio visual photography and whatnot The Butterfly Effect is planned to be an annual anthology of liberal arts initiating from September 2022 as its baby step The title refers to the tiniest significance of a motion that can turn out to be the mightiest force to create a cosmic revolution like the Big Bang To share the voices from multiple disciplines of liberal arts the book and the website blankvoices.com are designed with certain aesthetics Therefore this anthology is divided into four chapters Verses Voices Visions and Visuals The first chapter Verses is the art of poetry where poets take the floor to provide readers a vibrant and vivid poesis ride The second chapter Voices includes any sort of prose like short stories interviews letters reflections memoirs anecdotes travelogues and so on The third section Visions covers experimental media of artwork painting installation crafting and so on The final chapter Visuals exhibits the audiovisual documented stories in the website and photo stories in this book of life and love of toils and joy The idea of such an anthology publication came up during the first phase of the Covid 19 pandemic in 2020 Farzana Ahmed Julie Co Founder and Advisory Editor of Blank Voices pitched the concept of its birth Since then the process has been on the sail and here comes its first flight Also I am grateful to the Center for the Study of Languages and Cultures CSLC University of Notre Dame USA and its inspiring team my mentors and colleagues where I literally experienced the beauty of cultural diversity that I attempted to reflect in designing the book To give feedback on what kind of voices to be shared or to be a contributor in the next anthology I Ahmed Tahsin Shams Editor of this September 2022 welcome our readers and well wishers to be connected throughout the journey info agproductionsbd.com blankvoicespublications@gmail.com

Nietzsche and the Horror of Existence Philip J. Kain, 2009-01-01 Nietzsche believed in the horror of existence a world filled with meaningless suffering A suffering for no reason at all He also believed in eternal recurrence the view that that our lives will repeat infinitely and that in each life every detail will be exactly the same Furthermore it was not enough for Nietzsche that eternal recurrence simply be accepted A he demanded that it be loved Thus the philosopher who introduces eternal recurrence is the very same philosopher who also believes in the horror of existence In this groundbreaking study Philip Kain develops an insightful account of Nietzsche's strange and paradoxical view that a life of pain and suffering is perhaps the only life it really makes sense to want to live again
