surprising success tell us about race gender and antisemitism in America To answer these questions Branfman offers case studies on six top millennial Jewish stars the biracial rap superstar Drake comedic rapper Lil Dicky TV comedy duo Abbi Jacobson and Ilana Glazer man baby film star Seth Rogen and chiseled film star Zac Efron Branfman argues that despite their differences each star s success depends on how they navigate racial antisemitism the historical notion that Jews are physically inferior to Christians Each star especially navigates racial stigmas about Jewish masculinity stigmas that depict Jewish men as emasculated Jewish women as masculinized and both as sexually perverse By embracing deflecting or satirizing these stigmas each star comes to symbolize national hopes and fears about all kinds of hot button issues For instance by putting a cuter twist on stereotypes of Jewish emasculation Seth Rogen plays soft man babies who dramatize and then resolve popular anxieties about modern fatherhood This knack for channeling national dreams and doubts is what makes each star so unexpectedly marketable In turn examining how each star navigates racial antisemitism onscreen makes it easier to pinpoint how antisemitism white privilege and color based racism interact in the real world Likewise this insight can aid readers to better notice and challenge racial antisemitism in everyday life [Movie Quotes for Special Occasions](#)
