from the ground up for today's beginning to intermediate level Excel user. Like every book in the On Demand Series, it teaches visually using an easy, friendly, full color format designed to show you how, instead of telling you how. But that's not all. This book combines step by step training with quick reference material users can rely on long after they've mastered the core skills they need. Provides easy to follow, task based coverage of the techniques you'll use most often, presenting most tasks in just one or two pages. Offers in depth coverage of all new MOS Microsoft Office Specialist exam objectives so you can use it as a study guide to enhance your job prospects or current career. Provides additional end of chapter workshops plus even more hands on projects online. Includes a complete practical troubleshooting guide. Helps you upgrade by presenting New Feature icons plus a detailed list of new features indexed to the pages where they're covered. Simply put, no other book offers beginning to intermediate level Excel users this much simplicity, usable content, flexibility, and value. *Office 2013 On Demand* Steve Johnson, Perspection Inc., 2013-01-17
