Meath History Society Interdisciplinary Essays:

Meath Arlene Crampsie, Francis Ludlow, William Nolan, 2015 The Cambridge History of Ireland: Volume 1, 600-1550 Brendan Smith, 2018-03-31 The thousand years explored in this book witnessed developments in the history of Ireland that resonate to this day Interspersing narrative with detailed analysis of key themes the first volume in The Cambridge History of Ireland presents the latest thinking on key aspects of the medieval Irish experience The contributors are leading experts in their fields and present their original interpretations in a fresh and accessible manner New perspectives are offered on the politics artistic culture religious beliefs and practices social organisation and economic activity that prevailed on the island in these centuries At each turn the question is asked to what extent were these developments unique to Ireland The openness of Ireland to outside influences and its capacity to influence the world beyond its shores are recurring themes Underpinning the book is a comparative outward looking approach that sees Ireland as an integral but exceptional component of medieval Christian Europe **A New History of Ireland: Ireland under the Union, II, 1870-1921** Daibhi O. Croinin, William Edward Vaughan, 2005 **The Oxford History of British and Irish Catholicism, Volume III** Liam Chambers, 2023-09-01 The third volume of The Oxford History of British and Irish Catholicism examines the period from the defeat of the Jacobite army at the battle of Culloden in 1746 to the enactment of Catholic emancipation in 1829 The first part of the volume offers a chronological overview tracing the decline of Jacobitism the easing of penal legislation which targeted Catholics the complex impact of the French Revolution the debates about the place of Catholics in the post Union state and following the mass mobilisation of Irish Catholics the passage of emancipation The second part of the volume shows that this political history can only be properly understood with reference to the broader transformations that occurred in the later eighteenth and early nineteenth centuries The period witnessed the expansion of Catholic infrastructure pastoral structures chapel building elementary education and finances and changes in Catholic practice for example in liturgy and devotion The growing infrastructure and more public profession of Catholicism occurred in a society where anti Catholicism remained a force but the volume also addresses the accommodations and interactions with non Catholics that attended daily life Crucially the transformations of this period were international as well as national The volume examines the British and Irish convents colleges friaries and monasteries on the continent especially during the events of the 1790s when many institutions closed and successor or new ones emerged at home The international dimensions of British and Irish Catholicism extended beyond Europe too as the British Empire expanded globally and attention is given to the involvement of British and Irish Catholics in imperial expansion This volume addresses the literary intellectual and cultural expressions of Catholicism in Britain and Ireland Catholics produced a rich literature in English Irish Scots Gaelic and Welsh although the volume shows the disparities in provision They also engaged with and participated in the Catholic Enlightenment particularly as they grappled with the challenges of accommodation to a Protestant constitution This also had consequences for the public expression of

Catholicism and the volume concludes by exploring the shifting expression of belief through music and material culture

Four Killings Myles Dungan, 2021-05-13 The story of a single family during the Irish Revolution *Four Killings* is a book about political murder and the powerful hunger for land and the savagery it can unleash A vivid and chilling narrative Confronts uncomfortable questions that still need answering Roy Foster Marries acute storytelling skills with scholarship fortified throughout by the author's wry sense of humour Michael Heney Narrative history told through a unique prism Irish Sunday Independent Dungan knows his history he also knows how to tell a story A gem of a book RT Culture Sober and intelligent Dungan does a fine job of showing that little people can make history too Business Post Myles Dungan's family was involved in four violent deaths between 1915 and 1922 Jack Clinton an immigrant small farmer from County Meath was murdered in the remote and lawless Arizona territory by a powerful rancher's hired assassin three more died in Ireland and each death is compellingly reconstructed in this extraordinary book What unites these deaths is the violence that engulfed Ireland during the war of independence but also the passions unleashed by arguments over the ownership of the soil In focusing on one family *Four Killings* offers an original perspective on this still controversial period a prism through which the moral and personal costs of violence and the elemental conflict over land come alive in surprising ways *A New History of Ireland, Volume VI* W. E. Vaughan, 2010-04-01 *A New History of Ireland* is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VI opens with a character study of the period followed by ten chapters of narrative history and a study of Ireland in 1914 It includes further chapters on the economy literature the Irish language music arts education administration and the public service and emigration Holy Wells of Ireland Celeste Ray, Finbar McCormick, 2023-09-19 The storied landscapes of Ireland are dotted with holy wells hallowed springs pools ponds and lakes credited with curative powers and often associated with Catholic and indigenous saints While many of these sites have been recently lost to development others are visited daily for devotions and remain the focus of annual community gatherings Encouraging both their use and protection *Holy Wells of Ireland* delves into these irreplaceable resources of spiritual archaeological and historical significance Reserves of localized spiritual practices holy wells are also ecosystems in themselves and provide habitats for rare and culturally meaningful flora and fauna The shift toward a post Catholic Ireland has prompted renewed interest in holy wells as popular domains with organic faith traditions Of the roughly 3 000 holy wells documented across Ireland some attract international pilgrims and others are stewarded by a single family Featuring 140 color images this remarkable volume shares the transdisciplinary work of contributors who study these wells through the overlapping lenses of anthropology archaeology art history biomedicine folklore geography history and hydrology Braiding community perspectives with those of scholars across academia *Holy Wells of Ireland* considers Irish holy wells as a resilient feature of ever evolving Irish Christianity as inspiration to other faith

traditions as places of pilgrimage and healing and as threatened biocultural resources
