Most Deserving of Death? Kenneth Williams, 2016-04-15 The role of capital punishment in America has been criticised by those for and against the death penalty by the judiciary academics the media and by prison personnel This book demonstrates that it is the inconsistent and often incoherent jurisprudence of the United States Supreme Court which accounts for a system so lacking in public confidence Using case studies Kenneth Williams examines issues such as jury selection ineffective assistance of counsel the role of race and claims of innocence which affect the Court's decisions and how these decisions are played out in the lower courts often an inmate's last recourse before execution Discussing international treaties and their lack of impact on capital punishment in America this book has international appeal and makes an important contribution to legal scholarship It also provides a unique understanding of the dynamics of an alarmingly problematic system and will be valuable to those interested in human rights and criminal justice

Deserved Death John A. Miller Jr, 2012-09-10 What could be more fun than a deer hunting trip to the mountains near Prescott Arizona in November 1895 At least it seems that way to Southern Pacific Railroad Detective Pima Gallagher his 12 year old stepdaughter Scout Walker and several other family members and friends until one of the group ends up with a knife in the back Complicating matters are a howling blizzard and the sudden appearance of three murdering outlaws With Pima slogging through the snow chasing outlaws and Scout hot on Pima's trail things go from bad to worse until Pima and Scout's survival hangs by a thread Back home in Tucson with the original murder unsolved Scout afraid she's going to be accused of the murder runs away to a nearby mission to hide Finally everything is resolved but not until after a confession of murder

Identities for Life and Death Robert J. Pellegrini, 2010-09

This book is all about stories The stories that shape our identities and how those identities shape our destinies for better or worse for good or evil in humanizing or dehumanizing ways Working from the Shakespearian metaphor All the world s a stage and all the men and women merely players Pellegrini argues that only by understanding how our storied selves develop can we acquire the tools to modify the roles they dictate for us to play on the stage in the theater of real life The author deconstructs a wide variety of what he calls toxic dehumanizing death oriented self scripts as well as creative humanizing life oriented narratives of groups as well as individuals Following the Native American parable of two wolves engaged in mortal combat within us one good the other evil the fundamental premise here is that our identity determines which of our inner wolves we feed and thus which of them will prevail Pellegrini maintains that what s at stake in this battle between humanity s collective inner wolves is not just the quality but the very survival of life on earth From this perspective as individual and group selves are humanizingly or dehumanizingly narratized by the way we exercise our God given free will in the choices we make so shall life be impacted throughout the world To advance the cause of detoxifying identities in our global society the author presents a rationale and program for an international grass roots social movement aimed at achieving a universal sense of belongingness to a global life system You can watch and listen to a video in which Dr Bob Pellegrini talks about this book and why he wrote it by entering Identities for Life and Death in the search bar at youtube com
