Beautiful Town Sato Haruo, 1996-11-01 Sato Haruo has

been called one of the most representative writers of the Taisho era 1912-1926 a transitional period following Japan's monumental push toward modernization. Although he never identified himself as a modernist, Sato exhibited what some writers have identified as a characteristic of modernism: a complex net of contradictory impulses that embrace both the revolutionary and the conservative, revealing both an optimistic looking to the future and a pessimistic nostalgia for the past. Six stories of amazing diversity and two critical essays revealing the understated Japanese ideals of beauty make up this volume, all translated into English for the first time. Forming a sequel to the three stories published in Sato's *The Sick Rose*, these stories exhibit an extraordinary variety of themes and styles ranging from poetic fairy tales to psychological portraits to who-done-it crime stories. The title story is a utopian dream of a better city populated by ideal people that vanishes in a mirage. Another tale portrays the loneliness of a man unsuccessful with women. A third embellishes a bare Basho haiku about the man next door. Here too are the dream ballad of a Chinese prince, the imaginary world of a mad Japanese artist in Paris, and the probing search for an opium-drugged murderer. Sato's critical essays that conclude this volume have their themes in an exploration of the sad beauty of impermanence, the nature of enlightenment, the awareness of self, the merging of the instant and the eternal, and the self-indulgent, unrestrained beauty of the Japanese language. This collection not only affords insights into the complexity of the work of a gifted writer but also significantly broadens the perspective of the literary world of the Taisho period.

Michigan Farmer, 1929 **Alicia And The Light Bulb People** B. Roman, 2022-01-21

Where do light bulbs go when they burn out? Do they stay dead forever, or can they be regenerated to live a brand new life with a brand new purpose? If they're lucky, they go to Star Factory 13 to become glorious stars in the sky after they pass a rigorous personality test given by Carelia, the Light Goddess, that is. But how, in the world, did 10-year-old Alicia end up in Star Factory 13? All she did was go shopping with her Mother to buy a new lamp for her bedroom. Could there really have been some magic in that department store Christmas tree, or perhaps it was the ride in the elevator with the Golden Door that did it? The elevator button said "Press Me" and Alicia willingly obliged. Up she rode to the 13th floor to find an assortment of wise-cracking light bulb people, all with distinct personalities, each coming from a sad, silly, or desperate circumstance, all hoping to take their rightful place in the heavens. *Alicia and the Light Bulb People* is an enchanting tale of friendship, courage, and realizing your star potential through the magic of believing.

Choices Kenneth J. Staller, 2021-12-03

Very few, if any, person on earth can honestly say they made every decision in their life correctly and would not change even one of our life choices. Some of the not-so-successful decisions may have been the start of some long-term problems that we wish we could change the status of now.

Man I wish I could turn back the clock on that one we might say But what if we could have a do over or two that would alter the course of the remainder of our lives It may seem impossible but it is very possible to get as many do overs that we want This story is about a young girl who was given some of the most valuable information on life itself that anyone could receive and would change the course of her life and those around her forever And it is done in a setting where she was held in a friendly captive audience during an extended electrical power outage covering over half of the United States What would you do if the electrical power went out for weeks in the middle of the winter and it is very cold and windy All forms of communication are gone there is no way to get gas to drive out of the area you live in and you are stuck where you are How would you and your family stay warm get food water medications and everything else you need to survive In the time it took to read this far the temperature in your home just dropped seven degrees and it s starting to snow very hard outside What do I do now *The Saturday Evening Post* ,1916 *Love After Death* Judy Fitzwater, She never found love in life Is it possible she ll find love after death Something unexpected happens to Cindy Thomas during a mystery weekend at the Ferris Mansion One second she s enjoying a performance with astonishing special effects The next she s dead surrounded by a troupe of long dead actors who aren t special effects at all Harvey her dream guy is no longer a dream He s real a real ghost Suddenly this new existence is complicated and scary and amazing leaving her wondering if she s made the worst mistake of her life her death or whatever you want to call it Cindy will have to decide should she step through the gateway to Heaven or is Heaven actually here on earth in this handsome ghost s arms Author s Note When I wrote DYING AT HONEYMOON INN I became fond of Cindy Thomas the young woman I killed off before readers had a chance to get to know her For those of you familiar with my other books you know that in VACATIONING WITH THE DEAD I populated the Ferris Mansion with a troupe of actors who just happen to be ghosts I enjoyed writing that book so much I wanted to revisit the characters What better way than to have Cindy s spirit encounter them upon her death Adding her to the group presented a number of problems but I really enjoyed writing Cindy and Harvey s love story Who s to say love ends with death or even the possibility of new love That s part of the joy of creation In my world it doesn t have to **The National Parent-teacher Magazine** ,1935
