## **Mother Madonna Whore The Idealization And Denigration Of Motherhood:**

**Mother, Madonna, Whore** Estela V. Welldon, 1988 Welldon explores why the quality of their bodies is fundamental to women's psychology how this may lead to self mutilation and how such perverse behavior may also be aimed at objects which women see as their own creations specifically their babies The potential causes and consequences of these conditions including maternal and paternal incest and its frequent aftermath prostitution are also discussed **Uncovering the Act of Maternal Infanticide from a Psychological, Political, and Jungian Perspective** Brooke Laufer, 2024-07-02 Using a wide range of disciplinary backgrounds Laufer examines the topic of maternal infanticide through the lens of Jungian theory and presents an integrated and forensic view of this issue as an aggregate of personal and political moments and as a feminine and feminist outcry urging human evolution The first part of the book will dissect the identity of the infanticidal mother and the Death Mother archetype with the author providing firsthand accounts of patients that she has worked with in her professional career The second part of the book focuses on interpreting that act of maternal infanticide and these chapters will look to the construct of patriarchal Motherhood as a way of explaining the drive and actions of an infanticidal mother The third and final section of the book takes the concept of evolution and transmutation a step further and addresses what is required in our modern state for the event of maternal infanticide This is an important new book for Jungian and analytic clinicians and scholars with an interest in maternal archetypes as well as psychologists and psychiatrists who specialize in perinatal mental health It would also be appropriate for forensic psychologists and legal analysts and academics and clinicians in the fields of women's health and studies **Mothers Accused and Abused** Angela Foster, 2018-10-26 Mothers Accused and Abused Addressing Complex Psychological Needs brings together stories about mothers who are accused of harming and in some cases killing their children children who subsequently harm or kill others and the challenges to professionals who work with them Contributors consider the deeply rooted cycles of neglect and abuse manifested in the childhoods of mothers who only come to our attention when their extreme distress is expressed through their actions By recognising the long standing unmet dependency needs of abused and neglected women the book argues that longer term engagement can prevent a seemingly endless repetition of court hearings and imprisonment and thereby address cycles of neglect With sections on mothers in prison and interventions following child care proceedings Mothers Accused and Abused will be a valuable resource to those working in the criminal and civil justice systems social work and mental health as well as others who in a professional or personal capacity encounter troubled mothers and their children **Desire and the Female Therapist** Joy Schaverien, 2003-09-02 Exploration of erotic transference and counter transference in therapy with particular attention given to the female therapist male client relationship Draws on Lacan and Jung to analyse examples from clinical practice and client's art *Post-feminist Impasses in Popular Heroine Television* Alison Horbury, 2015-07-28 Alison Horbury investigates the reprisal of the myth of Persephone a mother daughter plot of separation and initiation in post feminist

television cultures where she argues it functions as a symptom expressing a complex around the question of sexual difference what Lacan calls sexuation where this question has been otherwise foreclosed
