Of Shadow and Sea Will Wight, 2020-02-02 The Consultant's Guild has served the Aurelian Empire for over a thousand years working in the darkness to hunt dissension and eliminate traitors Now the Emperor is dead For Shera an assassin in the employ of the Consultants the Emperor's death is the beginning of a nightmare Powerful forces hunt the Heart of Nakothi a cursed artifact that can raise a second Emperor and corrupt him in the process But some desire power at any cost The Guild of Navigators an infamous collection of swindlers and pirates has been paid a fortune to secure the Heart Their only lord is greed their only loyalty to gold and they would sell the Empire's freedom for the promise of a quick coin In the shadows a woman works to set the world free On the seas a man seeks to raise a lunatic to lord over mankind Will you walk the shadows here with Shera Or will you explore the seas with Calder in the parallel novel Of Sea and Shadow **Shadow-Line** Joseph Conrad, 2013-10-10 Joseph Conrad s short novel The Shadow Line A Confession 1917 is one of the key works of early twentieth century fiction This edition established through modern textual scholarship and published as part of the Cambridge Edition of the Works of Joseph Conrad presents Conrad's only major work written during the First World War and its 1920 preface in forms more authoritative than any so far printed Correspondence reveals that the part and chapter divisions present in the historical editions lack authorial sanction and this edition of The Shadow Line offers a continuous text for the first time restoring to the narrative a fluency and dramatic intensity not hitherto found in any printing An Introduction and Explanatory Notes as well as maps and illustrations enrich this volume The Appendices publish materials relevant to Conrad's maritime career and to the publishing of the American serial and the Apparatus allows the reader to follow the Imperial Twilight Stephen R. Platt, 2019-04-23 As China reclaims its position as a world power Imperial creative process Twilight looks back to tell the story of the country's last age of ascendance and how it came to an end in the nineteenth century Opium War As one of the most potent turning points in the country's modern history the Opium War has since come to stand for everything that today s China seeks to put behind it In this dramatic epic story award winning historian Stephen Platt sheds new light on the early attempts by Western traders and missionaries to open China even as China's imperial rulers were struggling to manage their country's decline and Confucian scholars grappled with how to use foreign trade to China's advantage The book paints an enduring portrait of an immensely profitable and mostly peaceful meeting of civilizations that was destined to be shattered by one of the most shockingly unjust wars in the annals of imperial history Brimming with a fascinating cast of British Chinese and American characters this riveting narrative of relations between China and the West has important implications for today s uncertain and ever changing political climate Pliny the Elder's Natural History Trevor Murphy, 2004-03-11 The most important surviving encyclopedia from the ancient world Pliny the Elder's Natural History is unparalleled as a guide to the cultural meanings of everyday things in first century Rome As part of a new direction in classical scholarship Trevor Murphy reads the work not just for the information it contains but to

understand how and why Pliny collects and presents information as he does Concentrating on the geographic and ethnographic information in Pliny Murphy demonstrates the work s political importance. The selection and arrangement of the encyclopedia s material show that it is more than an instrument of reference it is a monument to the power of Roman imperial society. Coral Empire Ann Elias, 2019-04-04. From vividly colored underwater photographs of Australia s Great Barrier Reef to life size dioramas re creating coral reefs and the bounty of life they sustained the work of early twentieth century explorers and photographers fed the public s fascination with reefs. In the 1920s John Ernest Williamson in the Bahamas and Frank Hurley in Australia produced mass circulated and often highly staged photographs and films that cast corals as industrious colonizing creatures and the undersea as a virgin unexplored and fantastical territory. In Coral Empire Ann Elias traces the visual and social history of Williamson and Hurley and how their modern media spectacles yoked the tropics and coral reefs to colonialism racism and the human domination of nature Using the labor and knowledge of indigenous peoples while exoticizing and racializing them as inferior Others Williamson and Hurley sustained colonial fantasies about people of color and the environment as endless resources to be plundered As Elias demonstrates their reckless treatment of the sea prefigured attitudes that caused the environmental crises that the oceans and reefs now face
