Medieval Drama - An Anthology + Old and Middle English C. 890 - C. 1450 G. Walker,2011-07-27

The Christian Jew and the Unmarked Jewess Adrienne Williams Boyarin,2020-11-27 In the Plea Rolls of the Exchequer of the Jews Trinity Term 1277 Adrienne Williams Boyarin finds the case of one Sampson son of Samuel a Jew of Northampton arrested for impersonating a Franciscan friar and preaching false Christianity He was sentenced to walk for three days through the centers of London Canterbury Oxford Lincoln and Northampton carrying the entrails and flayed skin of a calf and exposing his naked circumcised body to onlookers Sampson's crime and sentence Williams Boyarin argues suggest that he made a convincing friar when clothed Indeed many English texts of this era struggle with the similarities of Jews and Christians but especially of Jewish and Christian women Unlike men Jewish women did not typically wear specific identifying clothing nor were they represented as physiognomically distinct Williams Boyarin observes that both before and after the periods in which art historians note a consistent visual repertoire of villainy and difference around Jewish men English authors highlight and exploit Jewish women's indistinguishability from Christians Exploring what she calls a polemics of sameness she elucidates an essential part of the rhetoric employed by medieval anti Jewish materials which could assimilate

the Jew into the Christian and as a consequence render the Jewess a dangerous but unseeable enemy or a sign of the always convertible self The Christian Jew and the Unmarked Jewess considers realities and fantasies of indistinguishability It focuses on how medieval Christians could identify with Jews and even think of themselves as Jewish positively or negatively historically or figurally Williams Boyarin identifies and explores polemics of sameness through a broad range of theological historical and literary works from medieval England before turning more specifically to stereotypes of Jewish women and the ways in which rhetorical strategies that blur the line between saming and othering reveal gendered habits of representation

Beowulf in Contemporary Culture David Clark,2019-11-29 This collection explores Beowulf s extensive impact on contemporary culture across a wide range of forms The last 15 years have seen an intensification of scholarly interest in medievalism and reimaginings of the Middle Ages However in spite of the growing prominence of medievalism both in academic discourse and popular culture and in spite of the position Beowulf itself holds in both areas no study such as this has yet been undertaken Beowulf in Contemporary Culture therefore makes a significant contribution both to early medieval studies and to our understanding of Beowulf s continuing cultural impact It should inspire further research into this topic and medievalist responses to other aspects of early medieval culture Topics covered here range from film and television to video games graphic novels children s literature translations and versions along with original responses published here for the first time The collection not only provides an overview of the positions Beowulf holds in the contemporary imagination but also demonstrates the range of avenues yet to be explored or even fully acknowledged in the study of medievalism

Mind the Gap: Borders, Limits and Frontiers Cahir Healy,2025-05-19 How do borders define political cultural and social realms influencing identity and community Mind the Gap Borders Limits and Frontiers explores such questions and comprises two parts the first section compiles interdisciplinary essays from leading scholars to critique borders in our global yet divided world Topics include national borders such as the Northern Irish border as well as conceptual and ontological borders more generally Border issues are similarly key to the second part of the book which publishes for the first time the imprisonment memoir of Irish politician Cahir Healy 1877 1970 who was a leading figure in the protest against the Partition of Ireland His memoir offers a first hand account of the conditions faced by Healy and other border objectors who were illegally imprisoned for two years on board the Argenta ship in Belfast Lough c 1922 1924 This book therefore goes beyond mapping border theory it addresses the real life impact of borders on those who confront them daily and is a vital read for those interested in border studies

Tennyson's Philological Medievalism Sarah Weaver,2024-12-17 Considers Tennyson s poems from the elegiac In Memoriam to the Arthurian Idylls of the King in the context of Victorian interest in philology How do words come to mean what they mean and how can we hope to use them precisely when they are constantly changing The urge to find a word s meaning through its etymology is an old and enduring one gaining new momentum in the nineteenth century as advocates of the so called new philology argued that major revelations were to be found within the biographies of everyday

expressions Developing hand in hand with a growing national interest in all things Anglo Saxon language study simultaneously seemed to offer a pathway to the roots of English culture and to illuminate human history on a grand scale Alfred Tennyson 1809 1892 came of age in the midst of this exploding popularity of both Anglo Saxonism and philology and he did so among men who were to be responsible for advancing both fields This study places this preeminent Victorian poet in the context of the period s preoccupation with the history of language It shows that the intellectual milieu that surrounded him encouraged him to revive archaic words and to reveal the literal metaphors lurking within his words Moreover his familiarity with past forms of English enabled him to arrange the connotations of his vocabulary for precise effect Surveying his techniques at every scale from individual vowels to narratives this book argues that Tennyson held a more optimistic view of language than scholars have generally supposed and shows the sophistication of his philological techniques **The**

Porpoise Mark Haddon,2019-06-18 In a bravura feat of storytelling Mark Haddon calls upon narratives ancient and modern to tell the story of Angelica a young woman trapped in an abusive relationship with her father When a young man named Darius discovers their secret he is forced to escape on a boat bound for the Mediterranean To his surprise he finds himself travelling backwards over two thousand years to a world of pirates and shipwrecks of plagues and miracles and angry gods Moving seamlessly between the past and the present Haddon conjures the worlds of Angelica and her would be savior in thrilling fashion As profound as it is entertaining *The Porpoise* is a stirring and endlessly inventive novel from one of our finest storytellers **The Medieval Worlds of Neil Gaiman** Shiloh Carroll,2023-09-27 Neil Gaiman is one of the most widely known writers of the 20th and 21st centuries having produced fiction and nonfiction fantasy and horror television comics and prose He often attributes this eclecticism to his compost heap approach to writing gathering influences from life religion literature and mythology The worlds of Neil Gaiman have their roots in thousands of years of human storytelling The Middle Ages in particular have been enormously influential in content form and aesthetics for many of Gaiman s works This book offers an introduction to the idea of medievalism how the literature and culture of the Middle Ages have been reinterpreted and repurposed over the centuries and how the layers of interpretation have influenced Gaiman s own use of medieval material The book examines direct and indirect influences from Norse mythology and Beowulf to medieval romances and fairy tales in order to provide context and background to expand and enrich one s understanding and appreciation of Gaiman s work

The Bible, Gender, and Reception History: The Case of Job's Wife Katherine Low,2013-08-29 *The Bible Gender and Reception History The Case of Job s Wife* investigates the fleeting appearance in the Bible of Job s wife and its impact on the imaginations of readers throughout history It begins by presenting key interpretive gaps in the biblical text concerning Job and his wife explaining the way gender studies offers guiding principles with which the author engages a reception history of their marriage After analyzing Job and his wife within medieval Christian theology of Eden the author identifies ways in which Job s wife visually aligns with medieval images of Satan The volume explores portrayals of Job and his wife in

publications on marriage and gender roles in the sixteenth and seventeenth centuries moving onto an investigation of William Blake's sharp artistic divergence from the common tradition in his representation of Job's wife as a shrew In the exploration of societal portrayals of Job and his Wife throughout history this book discovers how arguments about marriage intertwine with not only gender roles but also with political social and historical movements *Storyworlds of Robin Hood* Lesley Coote, 2020-04-13 Robin Hood is one of the most enduring and well known figures of English folklore Yet who was he really In this intriguing book Lesley Coote reexamines the early tales about Robin in light of the stories both English and French that have grown up around them stories with which they shared many elements of form and meaning In the process she returns to questions such as where did Robin come from and what did these stories mean The Robin who reveals himself is as spiritual as he is secular and as much an insider as he is an outlaw And in the context of current debates about national identity and Britain's relationship with the wider world Robin emerges to be as European as he is English or perhaps as Coote suggests that is precisely the quality which made him fundamentally English all along *The Making of England* Mark Atherton, 2017-01-30 During the tenth century England began to emerge as a distinct country with an identity that was both part of yet separate from Christendom The reigns of Athelstan Edgar and Ethelred witnessed the emergence of many key institutions the formation of towns on modern street plans an efficient administration and a serviceable system of tax Mark Atherton here shows how the stories legends biographies and chronicles of Anglo Saxon England reflected both this exciting time of innovation as well as the myriad lives loves and hates of the people who wrote them He demonstrates too that this was a nation coming of age ahead of its time in its use not of the Book Latin used elsewhere in Europe but of a narrative Old English prose devised for law and practical governance of the nation state for prayer and preaching and above all for exploring a rich and daring new literature This prose was unique but until now it has been neglected for the poetry Bringing a volatile age to vivid and muscular life Atherton argues that it was the vernacular of Alfred the Great as much as Viking war that truly forged the nation *A New Literary History of the Long Twelfth Century* Mark Faulkner, 2022-07-28 A New Literary History of the Long Twelfth Century offers a new narrative of what happened to English language writing in the long twelfth century the period that saw the end of the Old English tradition and the beginning of Middle English writing It discusses numerous neglected or unknown texts focusing particularly on documents chronicles and sermons To tell the story of this pivotal period it adopts approaches from both literary criticism and historical linguistics finding a synthesis for them in a twenty first century philology It develops new methodologies for addressing major questions about twelfth century texts including when they were written how they were read and their relationship to earlier works Essential reading for anyone interested in what happened to English after the Norman Conquest this study lays the groundwork for the coming decade's work on transitional English *An Ecology of World Literature* Alexander Beecroft, 2015-01-06 What constitutes a nation's literature How do literatures of different countries interact with one another In this groundbreaking study Alexander

Beecroft develops a new way of thinking about world literature Drawing on a series of examples and case studies the book ranges from ancient epic to the contemporary fiction of Roberto Bola o and Amitav Ghosh Moving across literary ecologies of varying sizes from small societies to the planet as a whole the environments in which literary texts are produced and circulated An Ecology of World Literature places in dialogue scholarly perspectives on ancient and modern western and non western texts navigating literary study into new and uncharted territory **Living Through Conquest** Elaine

Treharne,2012-07-05 Living through Conquest is the first ever investigation of the political clout of English from the reign of Cnut to the earliest decades of the thirteenth century It focuses on why and how the English language was used by kings and their courts and by leading churchmen and monastic institutions at key moments from 1020 to 1220 *Epic* Paul

Innes,2013-02-11 This student guidebook offers a clear introduction to an often complex and unwieldy area of literary studies Tracing epic from its ancient and classical roots through postmodern and contemporary examples this volume discusses a wide range of writers including Homer Vergil Ovid Dante Chaucer Milton Cervantes Keats Byron Eliot Walcott and Tolkien texts from poems novels children s literature tv theatre and film themes and motifs such as romance tragedy religion journeys and the supernatural Offering new directions for the future and addressing the place of epic in both English language texts and World Literature this handy book takes you on a fascinating guided tour through the epic **A Short**

Media History of English Literature Ingo Berensmeyer,2022-08-01 This book explores the history of literature as a history of changing media and modes of communication from manuscript to print from the codex to the computer and from paper to digital platforms It argues that literature has evolved and continues to evolve in sync with material forms and formats that engage our senses in multiple ways Because literary experiences are embedded in and enabled by media the book focuses on literature as a changing combination of material and immaterial features The principal agents of this history are no longer genres authors and texts but configurations of media and technologies In telling the story of these combinations from prehistory to the present Ingo Berensmeyer distinguishes between three successive dominants of media usage that have shaped literary history performance representation and connection Using English literature as a test case for a long view of media history this book combines an unusual bird s eye view across periods with illuminating readings of key texts It will prove an invaluable resource for teaching and for independent study in English or comparative literature and media studies

Handbook of Medieval Culture. Volume 3 Albrecht Classen,2015-08-31 A follow up publication to the Handbook of Medieval Studies this new reference work turns to a different focus medieval culture Medieval research has grown tremendously in depth and breadth over the last decades Particularly our understanding of medieval culture of the basic living conditions and the specific value system prevalent at that time has considerably expanded to a point where we are in danger of no longer seeing the proverbial forest for the trees The present innovative handbook offers compact articles on essential topics ideals specific knowledge and concepts defining the medieval world as comprehensively as possible The

topics covered in this new handbook pertain to issues such as love and marriage belief in God hell and the devil education lordship and servitude Christianity versus Judaism and Islam health medicine the rural world the rise of the urban class travel roads and bridges entertainment games and sport activities numbers measuring the education system the papacy saints the senses death and money
