Popkova, 2019-07-04 This book analyses the role of crisis or conflicts within socio economic systems and advocates the concept of a conflict free system as the landmark of global economic development      Lawyers as Peacemakers J. Kim Wright, 2010 Lawyers as Peacemakers can teach lawyers new ways of finding satisfaction in thier practice and providing comprehensive solution focused services to clients sometimes it s not about winning it s about finding the best possible answer for everyone involved These practices focus on a more holistic humanistic solution based approach to resolving legal problems an approach that many clients want and need      *Recording for the Blind & Dyslexic, ... Tow, 2025-08-11 Managing Conflict God s Way is more than just a helpful book it s a timely and Spirit led resource that speaks directly to the heart of where so many of us live and lead in the often messy complicated world of human relationships Rooted in Scripture and filled with practical wisdom this book guides and equips pastors and Christian leaders with everyday tools to move beyond avoidance or aggression and toward healing and reconciliation even in life s hardest moments As a former pastor I know how easily unresolved conflict can tear at the fabric of a church break families apart and damage the witness of the gospel That s why this book matters It offers more than just strategies and skills it invites you into a Christ centered way of living and leading grounded in the call to love your neighbor as yourself In today s divided world this book is both a timely and transformative guide a much needed resource for the church I wholeheartedly recommend Managing Conflict God s Way to every Christian leader who desires to walk in peace and guide those they lead on the path of a true peacemaker Dr John Battaglia Director of the Doctor of Ministry program Professor of Practical Theology Assemblies of God Theological Seminary The writing is clear thoughtful and grounded in both biblical truth and sound conflict theory It begins with a thorough discussion of Scripture and its mandates for managing relationships and conflict then moves into an extensive exploration of conflict theory principles and strategies While it covers standard topics in the field it also addresses areas not typically found in conflict texts For example the discussion of interests and satisfaction goes beyond the basics to offer detailed strategies for collaboration Topics such as building trust recognizing boundaries seizing the opportunities of conflict forgiveness and reconciliation confrontational communication and the dangers of demonizing others are all handled with depth and originality supported by Scripture contemporary conflict theory and a rich tapestry of examples drawn from Richard s extensive professional experience in both secular and faith based contexts Charlene A Berquist Ph D Emeritus Professor and Former Director Center for Dispute Resolution Missouri State University Co Founder Communication and Conflict Management Associates CCMA      *American Book Publishing Record* ,2000      **Arbitration Clauses in Maritime Contracts** Eleni Magklasi, 2024-06-28 Arbitration clauses are sacrosanct in maritime contracts Standard forms of

charterparties and bills of lading reflect a desire to trade over the trusted dispute resolution choice of arbitration. However, when incorporating arbitration clauses, disputes and interpretational complexities continue to arise, evidencing that the law is not settled yet. This book introduces a holistic evaluation of the commercial reasons and the legal principles that permeate the incorporation of arbitration clauses in modern maritime contracts, contrasting arbitration with exclusive jurisdiction clauses where appropriate. The book presents a modern specialised legal study of incorporation of arbitration clauses into maritime contracts, considering recent developments and long established principles of incorporation. Offering a thorough research into English, European and Chinese law with the objective to assess how the incorporation of arbitration principles crystallises through the years, the book will be of interest to researchers, legal practitioners and commercial parties.
