Preface

This Manual sets out the testing procedures and standards for those who carry out statutory testing of cars, private buses and light commercial vehicles.

Vehicle owners may also find the Manual useful because it details the inspection to which vehicles are subjected and the reasons why an MOT test certificate could be refused.

This Manual was based on the domestic regulations in force at the time of publication and complies with Annex II to Directive 2009/40/EC as amended by Commission Directive 2010/48/EU. Future changes in the law, or in vehicle or equipment design may result in variations to the test requirements.

General information regarding documentation and the responsibilities of those involved in testing are contained in the Driver and Vehicle Standards Agency MOT Testing Guide.
