Thierry Groensteen, 2017-10-05 In *The Expanding Art of Comics Ten Modern Masterpieces* prominent scholar Thierry Groensteen offers a distinct perspective on important evolutions in comics since the 1960s through close readings of ten seminal works. He covers over half a century of comics production sampling a single work from the sixties *Ballad of the Salt Sea* by Hugo Pratt seventies *The Airtight Garage* of Jerry Cornelius by Moebius eighties *Watchmen* by Alan Moore and Dave Gibbons and nineties *Epileptic* by David B. Then this remarkable critic scholar and author of *The System of Comics and Comics and Narration* delves into recent masterpieces such as *Building Stories* by Chris Ware. Each of these books created an opening, achieved a breakthrough, offered a new narrative model or took up an emerging tendency and perfected it. Groensteen recaptures the impact with which these works, each in its own way, broke with what had gone before. He regards comics as an expanding art, not only because groundbreaking works such as these are increasing in number but also because it is an art that has only gradually become aware of its considerable potential and is unceasingly opening up new expressive terrain.

Black Cinema & Visual Culture Artel Great, Ed Guerrero, 2023-03-30 This culturally and politically timely collection examines new Black films and moving images that have once again excited and possibly shifted the global media landscape. At a moment some scholars have described as post-post-racial, Black Cinema Visual Culture provides new urgent definitions and theories for Black cinema and furthers the development of its critical discourses. Gathering some of the leading scholars and critics in the field, this book enriches and advances the study of Black film and media and its social and political implications at a breakthrough period of expansion in the 21st century. This anthology tackles a wide range of topics from social justice, new media, and Afrofuturism to race, gender, sexuality, mass incarceration, cultural memory, and Afrosurrealism, exploring the current climate of Black cinematic art that has proven wildly popular with domestic and global audiences, including hit films like *Get Out* and *Marvel's Black Panther*. Together, these essays deepen understandings of Black visual culture, its creative image makers, the political economy of Hollywood, and the cultural politics at the intersection of modern cinema, streaming platforms, and digital technologies. *Black Cinema Visual Culture* will serve as an important learning tool for university courses spanning topics in film studies, American film and television, cultural studies, American studies, African Diaspora studies, media activism, social analysis, and African American studies. This volume will also provide a benchmark in popular and intellectual circles for anyone interested in popular culture, Black American cinema, media issues of race in Hollywood or Black culture, and the conditions that shape both its art and politics.

Bach Perspectives, Volume 13 Laura Buch, 2020-12-14 Scholars and performers have long noted J. S. Bach's abundant use of parody procedures that is the recycling and reworking of pre-existing material from his own compositions or from other sources. Laura Buch edits essays exploring how the composer parodied the work of others and how other composers did the same with him. The contributors delve into the works of Baroque era composers from Bach himself to C. P. E. Bach, Johann Caspar Ferdinand Fischer, and Ferruccio Busoni. But they also cast a wider net, investigating the ways Bach's music cross-pollinates with

contemporary composer performers John Lewis and the Modern Jazz Quartet and keyboardist Bernie Worrell and Parliament Funkadelic The diverse contexts illuminate a broad range of parody techniques from structural scaffolding and contrapuntal elaboration to integration with stylistic languages far removed from the Baroque An insightful look at how composers build on each other's work Bach Reworked reveals how nuanced understandings of parody procedures can fuel both musical innovation and historically informed performance Contributors Stephen A Crist Ellen Exner Moira Leanne Hill Erinn E Knyt and Markus Zepf
