Birthing Bodies in Early Modern France Kirk D. Read, 2016-04-15 The pregnant birthing and nurturing body is a recurring topos in early modern French literature Such bodies often metaphors for issues and anxieties obtaining to the gendered control of social and political institutions acquired much of their descriptive power from contemporaneous medical and scientific discourse In this study Kirk Read brings together literary and medical texts that represent a range of views from lyric poets satirists and polemicists to midwives and surgeons all of whom explore the popular sixteenth and early seventeenth century narratives of birth in France Although the rhetoric of birthing was widely used strategies and negotiations depended upon sex and gender this study considers the male female and hermaphroditic experience offering both an analysis of women s experiences to be sure but also opening onto the perspectives of non female birthers and their place in the social and political climate of early modern France The writers explored include Rabelais Madeleine and Catherine Des Roches Louise Boursier Pierre de Ronsard Pierre Boaistuau and Jacques Duval Read also explores the implications of the metaphorical use of reproduction such as the presentation of literary work as offspring and the poet mentor relationship as that of a suckling child Foregrounded in the study are the questions of what it means for women to embrace biological and literary reproduction and how male appropriation of the birthing body influences the mission of creating new literary traditions Furthermore by exploring the cases of indeterminate birthing entities and the social anxiety that informs them Read complicates the binarisms at work in the vexed terrain of sexuality sex and gender in this period Ultimately Read considers how the narrative of birth produces historical conceptions of identity authority and gender

La grande métamorphose Jean Boboc, 2016-09-02 Le livre du p re Jean Boboc est une oeuvre de grande ampleur et de grande port e L auteur propose une nouvelle anthropologie une onto th o anthropologie en accord la fois avec la th o anthropologie orthodoxe et les acquis de la science contemporaine la cosmologie l embryologie et la g n tique Son audace th ologique est de lier l approche

apophatique et l'approche transdisciplinaire en démontrant la pertinence sur le plan théologique de la logique du tiers inclus et de la notion de niveaux de Réalité La clé de voûte de son anthropologie est la présence permanente du Tiers Caché qui permet d'établir la relation entre la raison et le mystère La catastrophe dualiste qui menace l'existence même de l'espèce humaine peut être évitée par l'adoption de l'anthropologie tripartite pneumatique et eschatologique Nous sommes en présence d'un livre véritablement qui ouvre de vastes pistes de recherche Il faut temps de reconnaître les fondamentaux de l'ontothéologie anthropologie qui insiste sur le sens sacré de la vie et de la théologie de la personne pour répondre au désarroi de nos contemporains longtemps trahis par les clercs qui se sont contentés d'un langage politiquement correct et relativiste Or ce n'est pas en baissant la garde que le message vangélique sera mieux entendu Toutes les questions actuelles sur l'avortement la refondation de la famille la procréation médicalement assistée la manipulation génétique le suicide assisté et l'euthanasie sans oublier la responsabilité de l'activité anthropique sur l'écologie devraient trouver les éléments de réponses dans l'ontothéologie anthropologie bien comprise Il semble que cette invitation à la métamorphose dont parle l'Apôtre Paul fasse son chemin et que beaucoup de lecteurs trouvent leur chemin de Damas
