2761 Our galaxy s starways are claimed by numerous empires all positioning themselves for dominance On the surface the politics seem stable yet war could be touched off at any moment Despite the vast territories claimed by these powers countless millions of primitive worlds are left to fend for themselves It is these remote and discounted worlds that the Santas seek out in accordance with the Mission A Mission that in nearly three millennia has not once failed Santa Tiberius having long overstayed his term endures threats on multiple fronts he is determined to resist the internal strife within his own organization that has created conflicting competition for carrying out the Mission But even these centuries old issues pale in the face of the disaster that unfolds when rogue elves long thought dead emerge to exact vengeance Nothing will be the same Not for Santa not for the Elves not for the galaxy The Mission will soon come to a conclusion About the series The Magi Charter For over two thousand years the legend of Santa Claus has endured His is a Mission of peace as outlined in the Magi Charter given to the first Santa by the Child From humble beginnings following that First Christmas the Santa lineage has been passed down through the ages This epic adventure tells the story of those Santas from the founding of the North Pole and the origin of the ancient elves to our modern times where the world s problems affect even those in the secluded complex of the North and concluding in the distant future which finds Santa and the elves committed to their mission on a galactic scale where Christmas traditions are barely recognizable In every era those committed to the Mission must find a way to deliver that which is needed most to those most deserving
