Hawaiian by Birth Joy Schulz, 2020-07-01 2018 Sally and Ken Owens Award from the Western History Association Twelve companies of American missionaries were sent to the Hawaiian Islands between 1819 and 1848 with the

goal of spreading American Christianity and New England values By the 1850s American missionary families in the islands had birthed more than 250 white children considered Hawaiian subjects by the indigenous monarchy but U S citizens by missionary parents In Hawaiian by Birth Joy Schulz explores the tensions among the competing parental cultural and educational interests affecting these children and in turn the impact the children had on nineteenth century U S foreign policy These children of white missionaries would eventually alienate themselves from the Hawaiian monarchy and indigenous population by securing disproportionate economic and political power Their childhoods complicated by both Hawaiian and American influences led to significant political and international ramifications once the children reached adulthood Almost none chose to follow their parents into the missionary profession and many rejected the Christian faith Almost all supported the annexation of Hawai i despite their parents hope that the islands would remain independent Whether the missionary children moved to the U S mainland stayed in the islands or traveled the world they took with them a sense of racial privilege and cultural superiority Schulz adds children s voices to the historical record with this first comprehensive study of the white children born in the Hawaiian Islands between 1820 and 1850 and their path toward political revolution

When Women Ruled the Pacific Joy Schulz,2023-08 Throughout the nineteenth century British and American imperialists advanced into the Pacific with catastrophic effects for Polynesian peoples and cultures In both Tahiti and Hawai i women rulers attempted to mitigate the effects of these encounters utilizing their power amid the destabilizing influence of the English and Americans However as the century progressed foreign diseases devastated the Tahitian and Hawaiian populations and powerful European militaries jockeyed for more formal imperial control over Polynesian waystations causing Tahiti to cede rule to France in 1847 and Hawai i to relinquish power to the United States in 1893 In When Women Ruled the Pacific Joy Schulz highlights four Polynesian women rulers who held enormous domestic and foreign power and expertly governed their people amid shifting loyalties outright betrayals and the ascendancy of imperial racism Like their European counterparts these Polynesian rulers fought arguments of lineage as well as battles for territorial control yet the freedom of Polynesian women in general and women rulers in particular was unlike anything Europeans and Americans had ever seen Consequently white chroniclers

of contact had difficulty explaining their encounters initially praising yet ultimately condemning Polynesian gender systems resulting in the loss of women's autonomy The queens successes have been lost in the archives as imperial histories and missionary accounts chose to tell different stories In this first book to consider queenship and women's political sovereignty in the Pacific Schulz recenters the lives of the women rulers in the history of nineteenth century international relations
