**New Pathways in Psychology** Colin Wilson,1972      Around the Outsider Colin Stanley,2011-05-16 In May 1956 aged just 24 Colin Wilson achieved success and overnight fame with his philosophical study of alienation and transcendence in modern literature and thought The Outsider Fifty four years on and never out of print in English the book is still widely read and discussed having been translated into over thirty languages In a remarkably prolific career Wilson a true polymath has since written over 170 titles novels plays and non fiction on a variety of subjects This volume brings together twenty essays by scholars of Colin Wilson s work worldwide and is published in his honour to mark the author s 80th birthday Each contributor has provided an essay on their favourite Wilson book or the one they consider to be the most significant The result is a varied and stimulating assessment of Wilson s writings on philosophy psychology literature criminology and the occult with critical appraisals of four of his most thought provoking novels Altogether a fitting tribute to a writer      **An Evolutionary Leap** Colin Stanley,2018-03-26 When the existential philosopher Colin Wilson died in December 2013 it was suggested by one perceptive obituary writer that despite the seemingly diverse subject matter of his books his true legacy lay in the field of Consciousness Studies This is particularly apparent when studying his many essays and books on psychology and taking into consideration his close association with the celebrated American psychologist Abraham Maslow whose concept of Peak Experiences PEs became for Wilson an important link to experiencing enhanced consciousness Maslow however felt that PEs could not be induced at will Wilson thought otherwise and through his work sought to encourage his readers and students to live more vital and appreciative lives thereby paving the way toward an evolutionary leap for mankind in consciousness indeed a change in consciousness that would potentially change everything In this study Colin Stanley Wilson s bibliographer and author of Colin Wilson s Outsider Cycle A Guide for Students and Colin Wilson s Occult Trilogy A Guide for Students provides an illuminating essay on each of Wilson s nine major books on psychology
