Queer Representation, Visibility, and Race in American Film and Television Melanie Kohnen,2015-11-06 This book traces the uneven history of queer media visibility through crucial turning points including the Hollywood Production Code era the AIDS crisis of the 1980s the so called explosion of gay visibility on television during the1990s and the re imagination of queer representations on TV after the events of 9 11 Kohnen intervenes in previous academic and popular accounts that paint the increase in queer visibility over the past four decades as a largely progressive development She examines how and why a limited and limiting concept of queer visibility structured around white gay and lesbian characters in committed relationships has become the embodiment

of progressive LGBT media representations She also investigates queer visibility across film TV and print media and highlights previously unexplored connections such as the lingering traces of classical Hollywood cinema's queer tropes in the X Men franchise Across all chapters narratives and arguments emerge that demonstrate how queer visibility shapes and reflects not only media representations but the real and imagined geographies histories and people of the American nation

Gender and Genre in 1990s Hollywood Patricia Di Risio, 2024-11-14 The 1990s was a decade of significant turmoil in Hollywood cinema which resulted in a watershed moment in the interplay of

gender and genre Patricia Di Risio argues that cinematic representations of unconventional women had an important effect on traditionally male oriented genres such as the crime thriller road movie western film noir war film sci fi and horror Di Risio analyses seven key films from the decade including *Blue Steel* 1990 *Thelma Louise* 1991 *The Quick and the Dead* 1995 *Bound* 1996 *Jackie Brown* 1997 *G.I. Jane* 1997 and *Alien Resurrection* 1997 paying particular attention to their use of irony allusion and pastiche She highlights how their female protagonists a majority of whom are decidedly queer or gender questioning personas produce an intense crossover in genre conventions largely driven by their gender rebellion She examines how a deconstruction of gender simultaneously allows genre hybridity and intertextuality taking these films into unexpected new directions In doing so she delineates a clear line between the unconventional nature of the representation of the female protagonists and innovative changes to genre filmmaking practices
