**Key Concepts in Media and Communications** Paul Jones, David Holmes, 2011-11-10 A sprightly critical and intelligent guided tour around the mansion of media and communications cultural research enormously useful for students and researchers James Curran Goldsmiths University of London A highly comprehensive guide to core concepts in media theory and criticism Andrew Goodwin University of San Francisco A great resource for new under grads and something I urge my students to buy and use as a hand first port of call throughout their studies Paul Smith De Montfort University This book covers the key concepts central to understanding recent developments in media and communications studies Wide ranging in scope and accessible in style it sets out a useful clear map of the important theories methods and debates The entries critically explore the limits of a key concept as much as the traditions that define it They include clear definitions are introduced within the wider context of the field and each one is fully cross referenced is appropriately illustrated with examples tables and diagrams provides a guide to further reading This book is an essential resource for

students of media and communications across sociology cultural studies creative industries and of course media and communications courses      Bibliographic Guide to Womens Studies 1998 New York Public Library Staff,1999-08

**Diversity and the Media** Monika Metykova,2017-09-16 This core textbook offers a concise and interdisciplinary overview of the relationship between diversity and the media Focusing on media regulation in democratic societies each chapter explores how different conceptions of diversity relate to media audiences media workforces media outlets and media content Drawing on research approaches grounded in the political economy of media political communication media economics and critical media industry studies this insightful book analyses a wide range of current and historical examples from the UK the US and Europe This far reaching and inclusive text is an invaluable resource for students and academics from media communication studies journalism cultural studies and sociology backgrounds Clear and accessible it will also appeal to members of non governmental organizations or activist groups involved in media policy and reform      The Battle over Marriage Leigh Moscovitz,2013-11-15 Over the past decade the controversial issue of gay marriage has emerged as a primary battle in the culture wars and a definitive social issue of our time The subject moved to the forefront of mainstream public debate in 2004 when San Francisco Mayor Gavin Newsom began authorizing same sex marriage licenses and it has remained in the forefront through three presidential campaigns and numerous state ballot initiatives In this thorough analysis Leigh Moscovitz examines how prominent news outlets presented this issue from 2003 to 2012 a time when intense news coverage focused unprecedented attention on gay and lesbian life During this time LGBT rights leaders sought to harness the power of media to advocate for marriage equality and to reform their community s public image Building on in depth interviews with activists and a comprehensive longitudinal study of news stories Moscovitz investigates these leaders aims and how their frames tactics and messages evolved over time In the end media coverage of the gay marriage debate both aided and undermined the cause Media exposure gave activists a platform to discuss gay and lesbian families But it also triggered an upsurge in opposing responses and pressured activists to depict gay life in a way calculated to appeal to heterosexual audiences Ultimately The Battle over Marriage reveals both the promises and the limitations of commercial media as a route to social change      **Women, Feminism and Media** Sue Thornham,2007-05-30 Over the past few decades feminist media scholarship has flourished to become a major influence on the fields of media film and cultural studies At the same time the cultural shift towards post feminism has raised questions about the continuing validity of feminism as a defining term for this work This book explores the changing and often ambivalent relationship between the three terms women feminism and media in the light of these recent debates At the same time it places them within the broader discussions within feminist theory about subjectivity identity culture and narrative of which they have formed a crucial part The book is organised around four key topic areas Fixing into Images offers a rethinking of one of the first preoccupations of feminist media analysis the relationship between women and images Narrating Femininity explores the narratives of

femininity produced in media texts in the light of theories of narrative and identity *Real Women* examines both the continuing absence of women's voices from the genres of news and documentary and their over presence within popular reality media forms Finally *Technologies of Difference* examines the relationship between feminism women and new media technologies Throughout the book explores key issues within feminist media studies both through specific examples and via critical engagement with the work of major theoretical writers Features A completely up to date study of the key areas of issue and debate in feminist media studies Includes case studies and discussion of the work of key writers in the field Contains readings of specific texts ranging from news and advertising to reality TV and postfeminist TV drama     Tabloid Tales Colin Sparks, John Tulloch, 2000-03-22 Coverage of the Clinton Lewinsky saga followed in a long trail of media exposures of the more personal details of the lives of public figures Many commentators have seen stories like this and TV shows like Jerry Springer's as evidence of a decline in the standards of the mass media This increasing interest in private lives and the falling off of coverage of serious news is often described as tabloidization The essays in this book are the first serious scholarly studies of what is going on and what its implications are Reality it turns out is much more complex than some of the laments suggest As the contributors show this is not just a U S problem but is repeated in country after country and it is not certain that the media anywhere are getting more tabloid What is more there is no consensus about whether tabloidization is just dumbing down or whether it is a necessary tactic for the mass media to engage with new audiences who do not have the news habit *Tabloid Tales* will be of interest to students and scholars in journalism mass communication political science and cultural and media studies     **The Mediatization of the O.J. Simpson Case** Tatjana Neubauer, 2023-02-06 F Scott Fitzgerald once said Show me a hero and I'll write you a tragedy In the 1990s nobody fell deeper than O J Simpson Once considered a national treasure the athlete was accused of brutally slaying his ex wife Nicole Brown and her friend Ronald Goldman on June 12 1994 Within days the media and public developed an unprecedented obsession with the story turning a murder investigation and trial into a sensationalized reality show Tatjana Neubauer examines the mediatization deliberate manipulation and the simplification of popular criminal trials for profit on television She demonstrates that TV conflated legal proceedings into entertainment programming by commodifying events people and places     Gender, Politics, News Karen Ross, 2017-01-30 *Gender Politics News* A Game of Three Sides explores the role of gender in the broader processes of political communication The only contemporary book focusing on the relationships between gender politics and news media which takes a global perspective An analysis of political journalism as a practice and the development of the field in terms of gendered workplace cultures Offers a solid framework for understanding women's political representation including real world case studies of women's campaigns for the top political job across a range of different geographies and contexts Coverage of hot button issues such as political scandal and the role of new and social media in politics and elections makes this a highly relevant and current work with resonances for a wide audience
