Prosecuting Slobodan Milošević Nevenka Tromp, 2016-04-14 This book offers a comprehensive analysis of the trial of former Serbian leader Slobodan Milošević at the International Criminal Tribunal for the former Yugoslavia ICTY With the premature death of Milošević in March 2006 his trial was left unfinished Although the traditional objectives of criminal law such as retribution justice for victims and deterrence were not achieved the Milošević trial archive is a significant historical resource for researchers from various fields This book extracts details from the collection of documentary and transcript evidence that makes up the trial record sources which would be almost impossible to extricate without an insider's guiding hand to allow readers to trace the threads of several historical narratives The value of this methodology is particularly evident in the Milošević case as acting as his own defence counsel he responded to and interacted with almost all witnesses and evidence presented against him By providing snapshots of the behaviour displayed by Milošević in court while conducting his defence in combination with passages of carefully selected evidence from an immense archive familiar to few scholars this volume reveals how these trial records and trial records in general are a truly invaluable historical source The book underlines the premise that any record of a mass

atrocities trial whether finished or unfinished establishes a record of past events contributes to interpretations of a historical period and influences the shaping of collective memory This book will be of much interest to students of the Former Yugoslavia war crimes international law human rights international relations and European politics *Religion in the Post-Yugoslav Context* Branislav Radeljic, Martina Topic, 2015-07-01 Religion in the Post Yugoslav Context brings together a diverse group of scholars each of them specializing in the role of religion in one of the Yugoslav successor states In addition to providing the readership with the understanding of both the general context religion during the disintegration of the Yugoslav state as well as more specific aspects individual post Yugoslav states this rich collection complements the existing research in the fields of religious studies and political science It represents an important source for scholars and students interested in the post Yugoslav dynamic Moreover this kind of analysis is of major relevance for state and non state actors involved in promotion of religious tolerance **Prosecuting Heads of State** Ellen L. government and foreign forces Rubenstein reveals how political and military leaders evade their legal obligations to protect health care in war punish doctors and nurses for adhering to their responsibilities to provide care to all in need and fail to hold perpetrators to account Bringing together extensive research firsthand experience and compelling personal stories *Perilous Medicine* also offers a path forward detailing the lessons the international community needs to learn to protect people already suffering in war and those on the front lines of health care in conflict ridden places around the world *The Alternatives to War* James Pattison, 2018-06-04 If states are not to go to war what should they do instead In *The Alternatives to War* James Pattison considers the case for the alternatives to military action to address mass atrocities and aggression The volume examines the normative issues raised by measures ranging from comprehensive economic sanctions diplomacy and positive incentives to criminal prosecutions nonviolent resistance accepting refugees and arming rebels For instance given the indiscriminateness of many sanctions regimes are sanctions any better than war Should states avoid megaphone diplomacy and adopt more subtle measures What if anything can nonviolent methods such as civilian defence and civilian peacekeeping do in the face of a ruthless opponent Is it a serious concern that positive incentives can appear to reward aggressors Overall Pattison provides a comprehensive account of the ethics of the alternatives to war In doing so he argues that the case for war is weaker and the case for many of the alternatives is stronger than commonly thought The upshot is that when reacting to mass atrocities and aggression states are generally required to pursue the alternatives to war rather than military action The volume concludes that this has significant implications for pacifism just war theory and the responsibility to protect doctrine *Last Lectures on the Prevention and Intervention of Genocide* Samuel

The State and Cosmopolitan Responsibilities Richard Beardsworth, Garrett Wallace Brown, Richard Shapcott, 2019-06-06 This book explores the role that

states might play in promoting a cosmopolitan condition as an agent of cosmopolitanism rather than an obstacle to it. In doing so the book seeks to develop recent arguments in favour of locating cosmopolitan moral and political responsibility at the state level as either an alternative to or a corollary of cosmopolitanism as it is more commonly understood qua requiring transnational or global bearers of responsibility. As a result the contributions in this volume see an on going role for the state but also its transformation perhaps only partially into a more cosmopolitan minded institution instead of a purely national or particularistic one. It therefore makes the case that the state as a form of political community can be reconciled with various form of cosmopolitan responsibility. In this way the book will address the question of how states in the present and in the future can be better bearers of cosmopolitan responsibilities. **Not on Our Watch** Don Cheadle, John

Prendergast, 2007-05-01 An Academy Award nominated actor and a renowned human rights activist team up to change the tragic course of history in the Sudan with readers help. While Don Cheadle was filming Hotel Rwanda a new crisis had already erupted in Darfur in nearby Sudan. In September 2004 then Secretary of State Colin Powell termed the atrocities being committed there genocide and yet two years later things have only gotten worse. 3.5 million Sudanese are going hungry. 2.5 million have been displaced by violence and 400,000 have died in Darfur to date. Both shocked and energized by this ongoing tragedy Cheadle teamed up with leading activist John Prendergast to focus the world's attention. **Not on Our Watch** their empowering book offers six strategies readers themselves can implement: Raise Awareness, Raise Funds, Write a Letter, Call for Divestment, Start an Organization and Lobby the Government. Each of these small actions can make a huge difference in the fate of a nation and a people not only in Darfur but in other crisis zones such as Somalia, Congo and northern Uganda.
