|---------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Required Minimum Distributions (RMDs) | <ol style="list-style-type: none"> <li>RMDs are gradually getting pushed back from age 72 to age 75 (depending on your age). <ul style="list-style-type: none"> <li>1951-1959: Age 73</li> <li>1960+: Age 75</li> </ul> </li> <li>RMDs eliminated (Roth 401(k), 403(b), and 457(b)).</li> <li>Penalties for missed withdrawals reduced from 50% to 25% with 3-year lookback.</li> </ol>                  | <p>Changes allow investors more time to save before being forced into taking withdrawals from retirement accounts.</p> <p>The elimination of RMDs for certain Roth accounts now matches the rule for Roth IRAs.</p> <p>Now, the benefits of rolling a plan over to an IRA include investment options, fees, service, etc.</p> |
| Surviving spouse beneficiaries        | Surviving spouses can now adopt their deceased younger spouse's RMD schedule.                                                                                                                                                                                                                                                                                                                            | Especially beneficial if a younger spouse passes away before an older, surviving spouse. RMDs for the surviving spouse can be postponed, matching the deceased younger spouse's RMD schedule.                                                                                                                                 |
| Age limits & IRA contributions        | Investors may continue contributing to a traditional IRA past age 70½ provided they have earned income.                                                                                                                                                                                                                                                                                                  | Those wishing to work longer have more opportunities to save and the potential to create a larger nest egg when they finally retire.                                                                                                                                                                                          |
| Enhanced catch-up contributions       | <ol style="list-style-type: none"> <li>Catch-up contributions (including IRAs) will automatically adjust for inflation in 2024.</li> <li>401(k)s and 403(b)s: catch-ups for aged 60-63 increased to the greater of \$10k or 150% of regular catch-up amount (2025)</li> <li>SIMPLE Plans: catch-ups for aged 60-63 increased to the greater of \$5k or 150% of regular catch-up amount (2025)</li> </ol> | <p>Allows participants in IRA, 401(k), 403(b), and SIMPLE plans to contribute more to their savings each year.</p> <p>If you can keep setting money aside each year, you'll defer taxes and grow more savings for your retirement years.</p>                                                                                  |
