New Studies In The History Of American Slavery:

New Studies in the History of American Slavery Edward E. Baptist, Stephanie M. H. Camp, 2006 A new generation of scholars looks at the history of slavery in the New World These essays by some of the most prominent young historians writing about slavery fill gaps in our understanding of such subjects as enslaved women the Atlantic and internal slave trades the relationships between Indians and enslaved people and enslavement in Latin America Inventive and stimulating the essays model the blending of methods and styles that characterizes the new cultural history of slavery s social political and economic systems Several common themes emerge from the volume among them the correlation between race and identity the meanings contained in family and community relationships gender and life s commonplaces and the literary and legal representations that legitimated and codified enslavement and difference Such themes signal methodological and pedagogical shifts in the field away from master slave or white black race relations models toward perspectives that give us deeper access to the mental universe of slavery Topics of the essays range widely including European ideas about the reproductive capacities of African women and the process of making race in the Atlantic world the contradictions of the assimilation of enslaved African American runaways into Creek communities the consequences and meanings of death to Jamaican slaves and slave owners and the tensions between midwifery as a black cultural and spiritual institution and slave midwives as health workers in a plantation economy Opening our eyes to the personal the contentious and even the intimate these essays call for a history in which both enslaved and enslavers acted in a vast human drama of bondage and freedom salvation and damnation wealth and exploitation

Camp, 2006-01-01 These essays by some of the most prominent young historians writing about slavery fill gaps in our understanding of such subjects as enslaved women the Atlantic and internal slave trades the relationships between Indians and enslaved people and enslavement in Latin America Inventive and stimulating the essays model the blending of methods and styles that characterizes the new cultural history of slavery s social political and economic systems Several common themes emerge from the volume among them the correlation between race and identity the meanings contained in family and community relationships gender and life s commonplaces and the literary and legal representations that legitimated and codified enslavement and difference Such themes signal methodological and pedagogical shifts in the field away from master slave or white black race relations models toward perspectives that give us deeper access to the mental universe of slavery Topics of the essays range widely including European ideas about the reproductive capacities of African women and the process of making race in the Atlantic world the contradictions of the assimilation of enslaved African American runaways into Creek communities the consequences and meanings of death to Jamaican slaves and slave owners and the tensions between midwifery as a black cultural and spiritual institution and slave midwives as health workers in a plantation economy Opening our eyes to the personal the contentious and even the intimate

these essays call for a history in which both enslaved and enslavers acted in a vast human drama of bondage and freedom salvation and damnation wealth and exploitation

American Slavery, Atlantic Slavery, and Beyond Enrico Dal Lago, 2015-12-22 American Slavery Atlantic Slavery and Beyond provides an up to date summary of past and present views of American slavery in international perspective and suggests new directions for current and future comparative scholarship It argues that we can better understand the nature and meaning of American slavery and antislavery if we place them clearly within a Euro American context Current scholarship on American slavery acknowledges the importance of the continental and Atlantic dimensions of the historical phenomenon comparing it often with slavery in the Caribbean and Latin America However since the 1980s a handful of studies has looked further and has compared American slavery with European forms of unfree and nominally free labor Building on this innovative scholarship this book treats the U S peculiar institution as part of both an Atlantic and a wider Euro American world It shows how the Euro American context is no less crucial than the Atlantic one in understanding colonial slavery and the American Revolution in an age of global enlightenment reformism and revolutionary upheavals the Cotton Kingdom s heyday in a world of systems of unfree labor and the making of radical Abolitionism and the occurrence of the American Civil War at a time when nationalist ideologies and nation building movements were widespread

The Business of Slavery and the Rise of American Capitalism, 1815-1860 Jack Lawrence Schermerhorn, Calvin Schermerhorn, 2015-01-01 Focuses on networks of people information conveyances and other resources and technologies that moved slave based products from suppliers to buyers and users page 3 The book examines the credit and financial systems that grew up around trade in slaves and products made by slaves

[The Slave Ship, Memory and the Origin of Modernity](#) Martyn Hudson, 2017-05-15 Traces slave names the islands and cities into which we are born our musics and rhythms our genetic compositions our stories of our lost utopias and the atrocities inflicted upon our ancestors by our ancestors the social structure of our cities the nature of our diasporas the scars inflicted by history These are all the remnants of the middle passage of the slave ship for those in the multiple diasporas of the globe today whose complex histories were shaped by that journey Whatever remnants that once existed in the subjectivities and collectivities upon which slavery was inflicted has long passed But there are hints in material culture genetic and cultural transmissions and objects that shape certain kinds of narratives this is how we know ourselves and how we tell our stories This path breaking book uncovers the significance of the memory of the slave ship for modernity as well as its role in the cultural production of modernity By so doing it examines methods of ethnography for historical events and experiences and offers a sociology and a history from below of the slave experience The arguments in this book show the way for using memory studies to undermine contemporary slavery

A Global History of Anti-Slavery Politics in the Nineteenth Century W. Mulligan, M. Bric, 2013-05-23 The abolition of slavery across large parts of the world was one of the most significant transformations in the nineteenth century shaping economies societies and political institutions This book shows how the

international context was essential in shaping the abolition of slavery **Slavery in North America Vol 1** Mark M. Smith, Peter S Carmichael, Timothy Lockley, Jonathan Daniel Wells, 2022-01-26 First published in 2009 From the founding of Jamestown to the American Civil War slavery and abolition shaped American national regional and racial identities This four volume reset edition draws together rare sources relating to American slavery systems Volume 1 includes a general introduction and the colonial period covering slavery and the law slave resistance religion and slavery and Pro Slavery Anti Slavery and the Revolutionary Impulse *Portraits of Resistance* Jennifer Van Horn, 2022-01-01 A highly original history of American portraiture that places the experiences of enslaved people at its center This timely and eloquent book tells a new history of American art how enslaved people mobilized portraiture for acts of defiance Revisiting the origins of portrait painting in the United States Jennifer Van Horn reveals how mythologies of whiteness and of nation building erased the aesthetic production of enslaved Americans of African descent and obscured the portrait's importance as a site of resistance Moving from the wharves of colonial Rhode Island to antebellum Louisiana plantations to South Carolina townhouses during the Civil War the book illuminates how enslaved people's relationships with portraits also shaped the trajectory of African American art post emancipation Van Horn asserts that Black creativity subjecthood viewership and iconoclasm constituted instances of everyday rebellion against systemic oppression *Portraits of Resistance* is not only a significant intervention in the fields of American art and history but also an important contribution to the reexamination of racial constructs on which American culture was built Slavery's Borderland Matthew Salafia, 2013-05-28 In 1787 the Northwest Ordinance made the Ohio River the dividing line between slavery and freedom in the West yet in 1861 when the Civil War tore the nation apart the region failed to split at this seam In *Slavery's Borderland* historian Matthew Salafia shows how the river was both a physical boundary and a unifying economic and cultural force that muddled the distinction between southern and northern forms of labor and politics Countering the tendency to emphasize differences between slave and free states Salafia argues that these systems of labor were not so much separated by a river as much as they evolved along a continuum shaped by life along a river In this borderland region where both free and enslaved residents regularly crossed the physical divide between Ohio Indiana and Kentucky slavery and free labor shared as many similarities as differences As the conflict between North and South intensified regional commonality transcended political differences Enslaved and free African Americans came to reject the legitimacy of the river border even as they were unable to escape its influence In contrast the majority of white residents on both sides remained firmly committed to maintaining the river border because they believed it best protected their freedom Thus when war broke out Kentucky did not secede with the Confederacy rather the river became the seam that held the region together By focusing on the Ohio River as an artery of commerce and movement Salafia draws the northern and southern banks of the river into the same narrative and sheds light on constructions of labor economy and race on the eve of the Civil War **Accommodating the Republic** Kirsten E. Wood, 2023-11-08 People have gathered in public

drinking places to drink relax socialize and do business for hundreds of years For just as long critics have described taverns and similar drinking establishments as sources of individual ruin and public disorder Examining these dynamics as Americans surged westward in the early nineteenth century Kirsten E Wood argues that entrepreneurial improvement minded men integrated many village and town taverns into the nation s rapidly developing transportation network and used tavern spaces and networks to raise capital promote innovative businesses practice genteel sociability and rally support for favored causes often while drinking the staggering amounts of alcohol for which the period is justly famous White men s unrivaled freedom to use taverns for their own pursuits of happiness gave everyday significance to citizenship in the early republic Yet white men did not have taverns to themselves Sharing tavern spaces with other Americans intensified white men s struggles to define what and for whom taverns should be At the same time temperance and other reform movements increasingly divided white men along lines of party conscience and class In both conflicts some improvement minded white men found common cause with middle class white women and Black activists who had their own stake in rethinking taverns and citizenship

Surviving Slavery in the British Caribbean Randy M. Browne, 2017-06-30 A groundbreaking study of slavery and power in the British Caribbean that foregrounds the struggle for survival Atlantic slave societies were notorious deathtraps In *Surviving Slavery in the British Caribbean* Randy M Browne looks past the familiar numbers of life and death and into a human drama in which enslaved Africans and their descendants struggled to survive against their enslavers their environment and sometimes one another Grounded in the nineteenth century British colony of Berbice one of the Atlantic world s best documented slave societies and the last frontier of slavery in the British Caribbean Browne argues that the central problem for most enslaved people was not how to resist or escape slavery but simply how to stay alive Guided by the voices of hundreds of enslaved people preserved in an extraordinary set of legal records Browne reveals a world of Caribbean slavery that is both brutal and breathtakingly intimate Field laborers invoked abolitionist inspired legal reforms to protest brutal floggings spiritual healers conducted secretive nighttime rituals anxious drivers weighed the competing pressures of managers and the condition of their fellow slaves in the fields and women fought back against abusive masters and husbands Browne shows that at the core of enslaved people s complicated relationships with their enslavers and one another was the struggle to live in a world of death Provocative and unflinching *Surviving Slavery in the British Caribbean* reorients the study of Atlantic slavery by revealing how differently enslaved people s social relationships cultural practices and political strategies appear when seen in the light of their unrelenting struggle to survive [Exposing Slavery](#) Matthew

Fox-Amato, 2019-02-26 Within a few years of the introduction of photography into the United States in 1839 slaveholders had already begun commissioning photographic portraits of their slaves Ex slaves turned abolitionists such as Frederick Douglass had come to see how sitting for a portrait could help them project humanity and dignity amidst northern racism In the first decade of the medium enslaved people had begun entering southern daguerreotype studios of their own volition posing for

cameras and leaving with visual treasures they could keep in their pockets And as the Civil War raged Union soldiers would orchestrate pictures with fugitive slaves that envisioned racial hierarchy as slavery fell In these ways and others from the earliest days of the medium to the first moments of emancipation photography powerfully influenced how bondage and freedom were documented imagined and contested By 1865 it would be difficult for many Americans to look back upon slavery and its fall without thinking of a photograph Exposing Slavery explores how photography altered and was in turn shaped by conflicts over human bondage Drawing on an original source base that includes hundreds of unpublished and little studied photographs of slaves ex slaves free African Americans and abolitionists as well as written archival materials it puts visual culture at the center of understanding the experience of late slavery It assesses how photography helped southerners to defend slavery enslaved people to shape their social ties abolitionists to strengthen their movement and soldiers to pictorially enact interracial society during the Civil War With diverse goals these peoples transformed photography from a scientific curiosity into a political tool over only a few decades This creative first book sheds new light on conflicts over late American slavery while also revealing a key moment in the relationship between modern visual culture and racialized forms of power and resistance

The Fabric of Civilization Virginia Postrel, 2020-11-10 From Neanderthal string to 3D knitting an expansive global history that highlights how textiles truly changed the world Wall Street Journal The story of humanity is the story of textiles as old as civilization itself Since the first thread was spun the need for textiles has driven technology business politics and culture In The Fabric of Civilization Virginia Postrel synthesizes groundbreaking research from archaeology economics and science to reveal a surprising history From Minoans exporting wool colored with precious purple dye to Egypt to Romans arrayed in costly Chinese silk the cloth trade paved the crossroads of the ancient world Textiles funded the Renaissance and the Mughal Empire they gave us banks and bookkeeping Michelangelo's David and the Taj Mahal The cloth business spread the alphabet and arithmetic propelled chemical research and taught people to think in binary code Assiduously researched and deftly narrated The Fabric of Civilization tells the story of the world's most influential commodity

A House Divided Jonathan Daniel Wells, 2012-03-15 The Civil War is one of the most defining eras of American history and much has been written on every aspect of the war The volume of material available is daunting especially when a student is trying to grasp the overall themes of the period Jonathan Wells has distilled the war down into understandable easy to read sections with plenty of maps and illustrations to help make sense of the battles and social political and cultural changes of the era Presented here is information on the home front the battles both in the East and the West the status of slaves women's role in the war and its aftermath literature and public life international aspects of the war and much more Students will also find helpful study aids on the companion website for the book A House Divided provides a short readable survey of the Civil War and the Reconstruction period afterward focusing not only on the battles but on how Americans lived during a time of great upheaval in the country's history and what that legacy has meant to the country today

California, a Slave State Jean Pfaelzer, 2023-06-27 The untold history of slavery and resistance in California from the Spanish missions indentured Native American ranch hands Indian boarding schools Black miners kidnapped Chinese prostitutes and convict laborers to victims of modern trafficking A searing survey of 250 years of human bondage in what is now the state of California Readers will be outraged Publishers Weekly California owes its origins and sunny prosperity to slavery Spanish invaders captured Indigenous people to build the chain of Catholic missions Russian otter hunters shipped Alaska Natives the first slaves transported into California and launched a Pacific slave triangle to China Plantation slaves were marched across the plains for the Gold Rush San Quentin Prison incubated California's carceral state Kidnapped Chinese girls were sold in caged brothels in early San Francisco Indian boarding schools supplied new farms and hotels with unfree child workers By looking west to California Jean Pfaelzer upends our understanding of slavery as a North South struggle and reveals how the enslaved in California fought fled and resisted human bondage In unyielding research and vivid interviews Pfaelzer exposes how California gorged on slavery an appetite that persists today in a global trade in human beings lured by promises of jobs but who instead are imprisoned in sweatshops and remote marijuana grows or sold as nannies and sex workers Slavery shreds California's utopian brand rewrites our understanding of the West and redefines America's uneasy paths to freedom

Stolen Childhood Wilma King, 2020-03-04 An updated edition of the classic study that took an enormous step toward filling some of the voids in the literature of slavery The Washington Post Book World One of the most important books published on slave society Stolen Childhood focuses on the millions of children and youth enslaved in 19th century America This enlarged and revised edition reflects the abundance of new scholarship on slavery that has emerged Wilma King has expanded its scope to include the international dimension with a new chapter on the transatlantic trade in African children and the book's geographic boundaries now embrace slave born children in the North She includes data about children owned by Native Americans and African Americans and presents new information about children's knowledge of and participation in the abolitionist movement and the interactions between enslaved and free children A jarring snapshot of children living in bondage This compellingly written work is a testament to the strength and resilience of the children and their parents Booklist on the first edition

Gold Coast Diasporas Walter C. Rucker, 2015-09-28 Provocative and well written a must read for any scholar interested in African identity the transatlantic slave trade and resistance American Historical Review Although they came from distinct polities and peoples who spoke different languages slaves from the African Gold Coast were collectively identified by Europeans as Coromantee or Mina Why these ethnic labels were embraced and how they were utilized by enslaved Africans to develop new group identities is the subject of Walter C Rucker's absorbing study Rucker examines the social and political factors that contributed to the creation of New World ethnic identities and assesses the ways displaced Gold Coast Africans used familiar ideas about power as a means of understanding defining and resisting oppression He explains how performing Coromantee and Mina identity involved a

common set of concerns and the creation of the ideological weapons necessary to resist the slavocracy These weapons included obeah powders charms and potions the evolution of peasant consciousness and the ennoblement of common people increasingly aggressive displays of masculinity and the empowerment of women as leaders spiritualists and warriors all of which marked sharp breaks or reformulations of patterns in their Gold Coast past One of the book's greatest strengths is the ways in which Rucker painstakingly traces how ethnic labels were appropriated recast and ultimately employed as a means to establish community bonds and resist oppression Chapters that focus on the creation of the Gold Coast diaspora religion and women make for a captivating text that will be of interest to graduate students and specialist readers Recommended Choice

Counterlife Christopher Freeburg, 2020-11-23 In *Counterlife* Christopher Freeburg poses a question to contemporary studies of slavery and its aftereffects what if freedom agency and domination weren't the overarching terms used for thinking about Black life In pursuit of this question Freeburg submits that current scholarship is too preoccupied with demonstrating enslaved Africans acts of political resistance and instead he considers Black social life beyond such concepts He examines a rich array of cultural texts that depict slavery from works by Frederick Douglass Radcliffe Bailey and Edward Jones to spirituals the television cartoon *The Boondocks* and Quentin Tarantino's *Django Unchained* to show how enslaved Africans created meaning through artistic creativity religious practice and historical awareness both separate from and alongside concerns about freedom By arguing for the impossibility of tracing slave subjects solely through their pursuits of freedom Freeburg reminds readers of the arresting power and beauty that the enigmas of Black social life contain *Stolen Childhood, Second Edition* Wilma King, 2011-06-29 One of the most important books published on slave society *Stolen Childhood* focuses on the millions of children and youth enslaved in 19th century America This enlarged and revised edition reflects the abundance of new scholarship on slavery that has emerged in the 15 years since the first edition While the structure of the book remains the same Wilma King has expanded its scope to include the international dimension with a new

chapter on the transatlantic trade in African children and the book's geographic boundaries now embrace slave born children in the North She includes data about children owned by Native Americans and African Americans and presents new information about children's knowledge of and participation in the abolitionist movement and the interactions between enslaved and free children
