

*New World Literature: Tradition and Revolt in Latin America.* By Arturo Torres-Ríosco. (Berkeley: University of California Press, 1949. Pp. 250. Notes and Index. \$3.75.)

Deploring what he views as a lack of real inter-American understanding in spite of all efforts toward that end, Señor Torres-Ríosco declares his intention in the present work as "to delve into the spiritual life of my continent; its literature serves me as a base upon which to explore and understand the 'man'." The task which he has set himself is, he confesses, no easy one, since to carry it out requires nothing less than an intimate knowledge of the twenty Spanish American literatures. "Whenever I write 'Spanish America,' I am assailed by doubt," he says. "Shall I consider Brazil also? . . . it is only right, if one thinks of *Hispania* and not of *Spain*, that it should be . . . an ingenuous mode of expression to include the entire continent."

In order to effect that interpretation of the spiritual values of Hispanic America which is the aim thus avowed, Professor Torres-Ríosco groups in the present work, with an Introduction of evaluation and analysis, a series of studies: *Colonial Culture in America*; *Sor Juana Inés de la Cruz*; *Independence and Romanticism*; *Martín Fierro*; *The Influence of French Culture*; *A Revaluation of Rubén Darío*; *José Enrique Rodó*; *Social Poetry*; *The Poetry of the Future*; and *The Parallel between Brazilian and Spanish American Literature* (which last title indicates a departure from his own terms of reference as indicated above).

One of the most interesting of these studies deals with Rubén Darío. Sr. Torres-Ríosco, who maintains the steadfast belief that Darío is the greatest of Spanish American poets and one of the greatest in the Spanish language, finds that Darío's popularity has declined in recent years in consequence of negative rather than positive reasons; because his poetry is neither social nor religious; because "he did not cultivate the Negro theme . . . [and because] he was not even a democratic poet." In contradistinction to these contemporary fashions in poetry, are all Darío's technical brilliance, the progressive clarity of his style, his poetic vision, his magical phrasing, the originality of his genius.

The revaluation of Rodó, to whom the author would give first rank as literary critic rather than as philosopher, is equally interesting. "Rodó's hostility toward the United States is basically unjustified," Sr. Torres-Ríosco comments, "for he knew nothing about the North American culture of his time." But Rodó's *Ariel* remains nevertheless "a spiritual message dedicated to the youth of America," an idealistic plea for the importance of beauty in the formation of society; although, as Sr. Torres-Ríosco points out, Rodó's counsel for attaining that ideal was vague, unrealistic and largely anti-democratic.

The evocation of Sor Juana; the brief but informative studies on *Social Poetry*, *Poetry of the Future*; and the parallel drawn between the literature of Brazil and that of the Spanish-speaking Republics, add to the value of a
