Year Zero Ian Buruma, 2014-09-30 A marvelous global history of the pivotal year 1945 as a new world emerged from the ruins of World War II Year Zero is a landmark reckoning with the great drama that ensued after war came to an end in 1945 One world had ended and a new uncertain one was beginning Regime change had come on a global scale across Asia including China Korea Indochina and the Philippines and of course Japan and all of continental Europe Out of the often vicious power struggles that ensued emerged the modern world as we know it In human terms the scale of transformation is almost impossible to imagine Great cities around the world lay in ruins their populations decimated displaced starving Harsh revenge was meted out on a wide scale and the ground was laid for much horror to come At the same time in the wake of unspeakable loss the euphoria of the liberated was extraordinary and the revelry unprecedented The postwar years gave rise to the European welfare state the United Nations decolonization Japanese pacifism and the European Union Social cultural and political reeducation was imposed on vanquished by victors on a scale that also had no historical precedent Much that was done was ill advised but in hindsight as Ian Buruma shows us these efforts were in fact relatively enlightened humane and effective A poignant grace note throughout this history is Buruma's own father's story Seized by the Nazis during the occupation of Holland he spent much of the war in Berlin as a laborer and by war's end was literally hiding in the rubble of a flattened city having barely managed to survive starvation rations Allied bombing and Soviet shock troops when the end came His journey home and attempted reentry into normalcy stand in many ways for his generation's experience A work of enormous range and stirring human drama conjuring both the Asian and European theaters with equal fluency Year Zero is a book that Ian Buruma is perhaps uniquely positioned to write It is surely his masterpiece A Lifetime of Fiction William Patrick Martin, 2014-04-10 A Lifetime of Fiction The 500 Most Recommended Reads for Ages 2 to 102 is the most authoritative set of fiction book recommendations in the United States because it is a composite of the most noteworthy book award lists best book publications and recommended reading lists from leading libraries schools and parenting organizations from across the country The book also includes a chapter on Twenty Seven Authors You Should Know featuring short biographies about some of the most influential writers of the last 150 years To the perennial question What books are worth reading A Lifetime of Fiction The 500 Most Recommended Reads for Ages 2 to 102 answers with best of the best booklists distilled from the most preeminent and trustworthy literary authorities **The Mother of All Booklists** William Patrick Martin, 2014-12-24 The Mother of All Booklists The 500 Most Recommended Nonfiction Reads for Ages 3 to 103 is written for parents grandparents and teachers unfamiliar with the bewildering array of award and recommended reading lists This book is a long overdue composite of all the major booklists It brings together over 100 of the most influential book awards and reading lists from leading magazines newspapers reference books schools libraries parenting organizations and professional groups from across the country The Mother of All Booklists is to reading books what the website Rotten Tomatoes is to

Contemporary China Review [2024 Spring/Summer Issue] Journal Editors, 2024-07-25 As the Year 2024 has already passed half I sincerely hope and pray for world peace and for people to live and work in peace But looking ahead I believe the future will still not be peaceful The Russian Ukrainian war is still raging and the people are suffering The Israeli Hamas conflict seems to have no signs of stopping and the US election is surging As I said before the three major divisions facing the world are presented at the same time this year the Russian Ukrainian war is a major division between the democratic and dictatorial camps the US election is a major left right division and the Israeli Hamas conflict has surpassed the left right division and the democracy dictatorship division Is the world heading for doomsday We wait and see *The Twilight of Social Conservatism* John Dombrink, 2015-08-14 Despite many Americans triumphant proclamations that Barack Obama's 2008 and 2012 elections signified a post partisan post racial society it seems that the United States is more divided than ever From the rise of the Tea Party to strident anti immigration and anti welfare movements to the so called war on women the United States on its surface appears to be caught in the turmoil of a culture war that has not relented since the Reagan era But as John Dombrink writes in *The Twilight of Social Conservatism* the conservative backlash seen during Obama's presidency is indicative not of a rising social conservative force in society but of a waning one Drawing on demographic research political polls contemporary media and internet commentary Dombrink demonstrates that the vitality of major social conservative ideas from the culture war era has faded Support for once divisive wedge issues like same sex marriage and reproductive rights has increased dramatically and Americans particularly young Americans are less religious and more libertarian than ever before As he traces the end of the culture wars and the unwedging of American politics over the last

eight years Dombrink is quick to caution that social conservatism has not disappeared entirely from view Nevertheless the once prominent Moral Majority pushing for dominance in American culture is now reconsidering itself as a minority and Dombrink argues that it is unlikely that social conservative forces will ever regain the power and potency they once held in American politics A comprehensive and insightful work The Twilight of Social Conservatism deftly analyzes the liberalizing trends that created the social and political culture America has today and that portend to the culture America will have in years to come
