Drunk Driving Defense Lawrence Taylor, Steven Oberman, 2006-01-01 For even the most seasoned DUI lawyers defending drunk driving cases has always presented special challenges Today mounting a successful drunk driving defense is more difficult than ever That s why DWI attorneys rely on Drunk Driving Defense Written by Lawrence Taylor and Steven Oberman Drunk Driving Defense is generally considered to be the standard bearing reference in the field Clear explanations of key scientific and technological issues for DUI lawyers Drunk Driving Defense ensures that you Understand The chemical biological and technological concepts and issues underlying drunk driving defense and prosecution Rely on expert DUI lawyers Taylor and Oberman to bring you up to speed in key areas including The key defects inherent in blood and breath analysis and testing The correlation between blood alcohol concentration and actual impairment The effects of stress and cold weather on alcohol absorption How fermentation of the blood sample may raise blood alcohol levels The effect of acetone in breath tests taken by diabetics and dieters Possible errors in breath analysis due to RFI radio frequency interference The effect of trauma from an automobile accident on alcohol elimination Dozens of Practical DWI attorney tools to streamline and simplify drunk driving defense preparation Drunk Driving Defense Sixth Edition contains dozens of practical tools to streamline and simplify the complex DUI defense process And now they are all included on a free bonus DWI Lawyer Resources CD ROM so you can locate review and print them out in a matter of seconds including Dozens of quick reference checklists to help DUI lawyers avoid critical missteps Sample drunk driving defense motions including those to help DU I lawyers to facilitate discovery appoint chemical experts and suppress blood alcohol evidence More than 150 pages of verbatim direct and DWI attorney cross testimony and statements Sample arrest reports instrument instructions and other forms use by police agencies Comprehensive DWI attorney client interview questionnaires for DUI lawyers Detailed operator s manuals For The most current blood alcohol testing equipment including the Intoxilyzer 8000 Try Drunk Driving Defense Risk Free for 30 days Your satisfaction is 100% guaranteed If for any reason you are not completely satisfied simply return it to us FREE SHIPPING Domestic Ground Shipping is Free when you pay by credit card A MANUAL OF PRIVATE INVESTIGATION TECHNIQUES William F. Blake, 2013-02-01 This book will help the private investigator reevaluate business opportunities and identify goals for the future The world of the private investigator is constantly changing due to the introduction of various legal requirements that have restricted or eliminated some of the methods available for obtaining information such as the various privacy protection acts Additionally most private investigators have restricted their business activities to a response mode that is conducting inquiries after an incident has occurred Their preventive skills have been ignored to their financial detriment As restrictions continue to be placed on private investigative activities private investigators need to reevaluate personal skills and discover how these may relate to expanding their services This book provides the necessary information for learning about these new skill areas and provides the necessary strategies for their

implementation Some of the topics cover crime and loss prevention strategies risk assessment and prevention strategies Many other topics are also covered such as that of the expert witness This is not a difficult status to attain but requires unique skill sets and experience and can be highly lucrative Crises management is another skill set that is explored here It not only identifies potential risk areas through risk assessment activities but includes development and implementation of preventive measures and shows how the private investigator can assist in restoring business operations to their normal levels This book will be of enormous help to private investigators who wish to develop these sophisticated investigative business skills and preventive services in order to meet these challenges for surviving and thriving in this modern age industry
