Helping a Friend with an Alcohol Problem Jennifer Landau, 2016-12-15 A 2014 survey by the Substance Abuse and Mental Health Services Administration showed that 8.7 million youths ages twelve to twenty reported drinking alcohol beyond just a few sips in the previous month. Those who start drinking before age fifteen are five times more likely to become dependent on alcohol than those who begin at twenty-one. This resource shows young people how to help a friend who is abusing alcohol. It arms them with facts about alcohol, how it affects the teen mind and body, how to look for signs of a problem, and how to bring others on board to help.

Communication and Teamwork Hali R. Keeler, Marie Keen Shaw, 2018-09-07 Support staff in all types of libraries must work together in a variety of situations. This is both a textbook and on the job manual covering the skills and behaviors necessary for effective teamwork and communication. Trained library support staff should know the basic concepts of interpersonal relations, customer service, teamwork, and communication. The range and diversity of staff in today's library requires that support staff understand and implement these basic principles. The chapters of this book are carefully and purposefully aligned with the new American Library Association Library Support Staff Certification LSSC competency standards for Communication and Teamwork. Each chapter begins with the LSSC Competencies that are to be addressed, a help to instructors who use this book as a teaching text. This is followed by a list of topics that will be covered, as well as a glossary of key terms. Chapters are then broken into easily readable sections that relate back to the key terms. No other book is available that uses the ALA LSSC standards as the focus for teaching through practical examples how library support staff can effectively use them on the job. Other books on this topic are written at a level that is aimed for professional librarians and not support staff. However, 85% of library support staff do not hold professional degrees. Written in clear language, this book will help library support staff become effective public service personnel.

Your Teenager Is Not Crazy Jerusha Clark, Dr. Jeramy Clark, 2016-03-29 As God allows us to understand the mystery and marvel of brain science, we have the exciting opportunity to reexamine our assumptions about human behavior. Perhaps nowhere does this impact our lives more profoundly than when we think about raising children, especially teenagers. Where parents often see a sweet boy or girl who has morphed into an incomprehensible bundle of hormones and angst, what we really ought to be seeing is an amazing young adult whose brain is under heavy construction. And changing the way we see our teens will revolutionize our relationships with them. Organized by what we hear teens say, things like "I'm bored," "You just don't understand," "Why are you freaking out?" "I hate my life," or "Hold on, I just have to send this," this book helps parents develop compassion for their teens and discernment in parenting them as their brains are progressively remodeled. Rather than seeing the teen years as a time to simply hold on for dear life, Dr. Jeramy and Jerusha Clark show that they can be an amazing season of cultivating creativity, self-awareness, and passion for the things that really matter.
