[Aurora 7](#) Colin Burgess, 2015-08-28 TO A NATION enthralled by the heroic exploits of the Mercury astronauts the launch of Lt Cmdr Scott Carpenter on NASA's second orbital space flight was a renewed cause for pride jubilation and celebration Within hours that excitement had given way to stunned disbelief and anxiety as shaken broadcasters began preparing the American public for the very real possibility that an American astronaut and his spacecraft may have been lost at sea In fact it had been a very close call Completely out of fuel and forced to manually guide *Aurora 7* through the frightening inferno of re entry Carpenter brought the Mercury spacecraft down to a safe splashdown in the ocean In doing so he controversially overshot the intended landing zone Despite his efforts Carpenter's performance on the MA 7 mission was later derided by powerful figures within NASA He would never fly into space again Taking temporary leave of NASA Carpenter participated in the U.S. Navy's pioneering Sealab

program For a record 30 days he lived and worked aboard a pressurized habitat resting on the floor of the ocean becoming the nation's first astronaut aquanaut explorer Following extensive research conducted by noted spaceflight historian Colin Burgess the drama filled flight of Aurora 7 is faithfully recounted in this engrossing book along with the personal recollections of Scott Carpenter and those closest to the actual events **Forthcoming Books** Rose Army,1992 *Federal Times* ,1973-03 **Bowker's Complete Video Directory 1996** R R Bowker Publishing,1996 *The Publishers Weekly* ,1995 *Field and Stream* ,1981 *The Sporting News* ,1979-04 **Country Life** ,1958 *The Guardian Index* ,2002 *London Calling* ,1981 **Just Three Words** Melissa Brayden,2015-04-20 Sometimes the one you want is the one you least suspect Accountant Samantha Ennis craves order and structure As the bookkeeper at the boutique advertising agency she owns with her three best friends it's her job to apply logic to the chaos When one of those best friends laid back Hunter Blair moves in to share her loft apartment Sam's carefully organized world is thrown wildly askew Hunter Blair's been the coolest one in the room since elementary school Until recently her biggest worry in the world was which of the girls in her cell phone to call on a Saturday night But it's not long before Samantha sparks a fire in Hunter that has her questioning her old habits and longing for new ones Isn't it a bad idea to fall for one of your best friends Samantha and Hunter are about to find out **The Majors 2015** Iain Carter,2015-10 Rarely has a season carried more promise and fuelled by interviews with players caddies coaches and officials this entertaining enlightening account provides comprehensive background and context to the battle for golf's four highest trophies *Alun Evans' the Golf Majors* Alun Evans,2014-12-31 THE MOST COMPREHENSIVE SOURCE OF INFORMATION IN PRINT ON THE MAJOR CHAMPIONSHIPS OF GOLF This the tenth in the much praised GOLF MAJORS series follows the pattern of its predecessors in bringing the story of golf's greatest Championships and Champions up to date and prepares new ground for the years to come Among the now familiar but endlessly fascinating updated records sections this edition through its detailed recaps of the 2014 Majors highlights a potential cataclysmic shift in power at the top of the men's game For several years we have seen a decline in the performances of Tiger Woods in everyone's book one of the top five golfers of all time and in many eyes perhaps in the top three or even higher A series of injuries induced by the incredible pressures he has put on his body over time has no doubt been a huge reason why he has not won a Major since 2008 and when he's been free from physical pain he has suffered considerable mental anguish albeit self inflicted for the most part During the brief interludes of liberation from personal trauma and physical stresses Tiger had until 2014 continued to play well in and win Tour events indicating he could still be but maybe not good enough to increase his tally of 14 Major titles a fiercely competitive golfer on his day Ten years earlier that day would be replicated many times during a Tiger season now it appears less so and not to the supreme levels in performance of yesteryear Until the second half of 2014 the hiatus in Woods hitherto unbroken supremacy since 2008 had been occupied by a few talented newcomers like Bubba Watson and Martin Kaymer both multiple Major Champions after the

Masters and US Open earlier in 2014 Older players like Ernie Els for the first time in ten years and Darren Clarke never picked Major Championship trophies It also allowed the undoubted talents of Phil Mickelson to flourish into his 40s and the stirrings of a new force one who showed signs of taking over where Tiger left off in Rory McIlroy But after success in Majors in 2011 and 2012 suddenly Rory hype dried up amid a romantic liaison and a not so romantic liaison distractions of the heart combined with the bedding in of a new sponsor and the new clubs they supplied seemed to dampen his ardour for the game of golf Following a 2014 Masters and US Open without Woods recuperating yet again after back problems and a luke warm McIlroy the interregnum suggested no signs of ending Then as we know Rory saw his golfing path clearly again and walked off with all the spoils in the Open and PGA Championships Within a few short weeks in the high summer of 2014 the spotlight was again on the Ulsterman and with it premonitions and prophesies of what may be in store with or without the return of Woods to the highest echelons of the game once more Check out the stories as they unfolded see how Rory's two wins have affected his position the Top 100 Hall of Fame and get up to date with all the facts all the stats all the records in Alun Evans The Golf Majors Book 2015 THE ONLY BOOK ANYONE WOULD NEED ON THE GOLF'S MAJORS CHAMPIONSHIP
