*Descended from Hercules* Robert A. Rushing, 2016-10-15 Muscles six pack abs skin and sweat fill the screen in the tawdry and tantalizing peplum films associated with epic Italian cinema of the 1950s and 1960s Using techniques like slow motion and stopped time these films instill the hero's vitality with timeless admiration and immerse the hero's body in a world that is lavishly eroticized but without sexual desire These sword and sandal films represent a century long cinematic biopolitical intervention that offers the spectator an imagined form of the male body one free of illness degeneracy and the burdens of poverty that defends goodness with brute strength and perseverance and serves as a model of ideal citizenry Robert A. Rushing traces these epic heroes from Maciste in Cabiria in the early silent era to contemporary transnational figures like Arnold Schwarzenegger in Conan the Barbarian and to films such as Zach Snyder's 300 Rushing explores how the very tactile modes of representation cement the genre's ideological grip on the viewer

**The ^AOxford Handbook of the Sociology of Body and Embodiment** Natalie Boero, Katherine Mason, 2020-11-02 The Oxford Handbook of the Sociology of Body and Embodiment introduces the sociological research methods and subjects that are key to the growing field of body and embodiment studies With an emphasis on empirical evidence and diverse lived experiences this handbook demonstrates how studying the bodily offers unique insights into a range of social norms institutions and practices

Bodily Fluids, Fluid Bodies and International Politics Jenn Hobbs, 2024-06-24 Analysing the plasma of paid Mexican o donors in the US airport vomit in Ebola epidemics and the semen of soldiers with genitourinary injuries this book shows how security practices focus upon governing bodily fluids and as a result perpetuate inequalities

The Nature of Masculinity Steve Garlick, 2016-10-11 Social theorists have argued that as the complexity of our ecosystems becomes more apparent the line between nature and culture human and nonhuman and technology and bodies becomes less distinct Yet contemporary masculinity studies has generally failed to incorporate this new way of thinking In this penetrating analysis of the relationship between gender and nature Steve Garlick proposes that masculinity is best understood as a technology that shapes both our engagement with the natural world and how we define freedom Extending the work of the Frankfurt School and Heidegger's critique of modern technology The Nature of Masculinity draws on case studies and new materialist theories to argue that the essence of technology is not in mechanical devices but in a particular relationship to natural forces Within this critical framework masculinity is a technology of embodiment and freedom does not lie in the domination of nature but rather in fostering a new relation to it

*Sexing the Maple* Richard Cavell, Peter Dickinson, 2006-09-14 Sexing the Maple is a unique sourcebook designed to raise issues of nationalism and sexuality in Canada through a rich and diverse selection of fiction poetry criticism and history Structured so as to provide an interactive study of these issues the collection considers topics as wide ranging as First Nations sexuality censorship assisted reproduction and religion Literary works by Alice Munro Jane Rule Timothy Findley Leonard Cohen Irving Layton Lynn Crosbie Michael Turner and many others are juxtaposed with criticism and

historical documents many of which were previously out of print or unavailable Selections include Marshall McLuhan's 1967 article *The Future of Sex* and excerpts from Stan Persky and John Dixon's *Kiddie Porn* SKY Lee's *Disappearing Moon Cafe* and Margaret Atwood's *A Handmaid's Tale* **Men at Risk** Shari L. Dworkin, 2015 **Nobody Is Supposed to Know** C. Riley Snorton, 2014-03-01 Since the early 2000s the phenomenon of the down low black men who have sex with men as well as women and do not identify as gay queer or bisexual has exploded in news media and popular culture from the Oprah Winfrey Show to R B singer R Kelly's hip hop opera *Trapped in the Closet* Most down low stories are morality tales in which black men are either predators who risk infecting their unsuspecting female partners with HIV or victims of a pathological black culture that repudiates openly gay identities In both cases down low narratives depict black men as sexually dangerous duplicitous promiscuous and contaminated In *Nobody Is Supposed to Know* C Riley Snorton traces the emergence and circulation of the down low in contemporary media and popular culture to show how these portrayals reinforce troubling perceptions of black sexuality Reworking Eve Sedgwick's notion of the glass closet Snorton advances a new theory of such representations in which black sexuality is marked by hypervisibility and confinement spectacle and speculation Through close readings of news music movies television and gossip blogs *Nobody Is Supposed to Know* explores the contemporary genealogy meaning and functions of the down low Snorton examines how the down low links blackness and queerness in the popular imagination and how the down low is just one example of how media and popular culture surveil and police black sexuality Looking at figures such as Ma Rainey Bishop Eddie L Long J L King and Will Smith he ultimately contends that down low narratives reveal the limits of current understandings of black sexuality *Alternative Press Index*, 2002

*Rediscovering Masculinity* Victor J. Seidler, 1991 *Getting It, Having It, Keeping It Up* Beth Montemurro, 2021-12-10 When straight men talk to each other about their sex lives they often boast about sexual exploits and brag about the hot women they have slept with Yet this competitive bluster covers up deep seated anxieties about measuring up to impossibly virile cultural ideals of masculinity So how do straight men really feel about sex women and manhood and how do those feelings clash with their public performance of manliness This landmark sociological study emerges from in depth interviews with nearly one hundred straight American men aged 20 to 68 from a variety of socioeconomic and ethnic backgrounds *Getting It Having It Keeping It Up* examines how these men use sex with women as a way of affirming their manhood and how they view themselves as failures when they are unable to score It also explores the effects of aging and erectile dysfunction on the men's self image However the life stories collected here are not just about performance anxiety as this research reveals ways that some straight men have resisted masculine cultural scripts to form mutually nurturing relationships with women **Misframing Men** Michael Kimmel, 2010-05-20 This past decade has witnessed an extraordinary transformation in men's lives For years wave after wave of the women's movement a movement that reshaped every aspect of American life produced nary a ripple among men But suddenly men are in the spotlight Yet the public

discussions often seem strained silly and sometimes flat out wrong The spotlight itself seems to obscure as much as it illuminates Old tired clichés about men's resistance to romantic commitment or reluctance to be led to the marriage altar seem perennially recyclable in advice books and on TV talk shows but these days the laughter feels more forced the defensiveness more pronounced Pop biologists avoid careful confrontation with serious scientific research in their quest to find anatomical or evolutionary bases for promiscuity or porn addiction hoping that by fiat one can pronounce that boys will be boys and render it more than a flaccid tautology And political pundits wring their hands about the feminization of American manhood as if gender equality has neutered these formerly proud studs

**Misframing Men** a collection of Michael Kimmel's commentaries on contemporary debates about masculinity argues that the media have largely misframed this debate Kimmel among the world's best known scholars in gender studies discusses political moments such as the Virginia Military Institute and Citadel cases that reached the Supreme Court he participated as expert witness for the Justice Department along with Promise Keepers rallies mythopoetic gatherings and white supremacists He takes on antifeminists as the real male bashers questions the unsubstantiated assertions that men suffer from domestic violence to the same degree as women and examines the claims made by those who want to rescue boys from the misandrous reforms initiated by feminism In writings both solidly grounded and forcefully argued Kimmel pushes the boundaries of today's modern conversation about men and masculinity

**Gender Threat** Yasemin Cassino, Yasemin Besen-Cassino, 2021-11-30 Against all evidence to the contrary American men have come to believe that the world is tilted economically socially politically against them A majority of men across the political spectrum feel that they face some amount of discrimination because of their sex The authors of **Gender Threat** look at what reasoning lies behind their belief and how they respond to it Many feel that there is a limited set of socially accepted ways for men to express their gender identity and when circumstances make it difficult or impossible for them to do so they search for another outlet to compensate Sometimes these behaviors are socially positive such as placing a greater emphasis on fatherhood but other times they can be maladaptive as in the case of increased sexual harassment at work These trends have emerged notably since the Great Recession of 2008-09 Drawing on multiple data sources the authors find that the specter of threats to their gender identity has important implications for men's behavior Importantly younger men are more likely to turn to nontraditional compensatory behaviors such as increased involvement in cooking parenting and community leadership suggesting that the conception of masculinity is likely to change in the decades to come

**The Men and the Boys** Raewyn Connell, 2000 This book breaks new ground and expands the discourse on masculinities Connell is an energetic scholar whose eclectic internationalist sociological historical and even psychoanalytic perspectives are important to hear Probably no other scholar writing on masculinity has such a broad grasp Tim Beneke author of **Proving Manhood** Connell has provided a much needed nudge to current scholarship on masculinities by showing the way toward larger global theorization **The Men and the Boys** is an outstanding work that will be very well received Michael A Messner

University of Southern California Bob Connell is arguably the most influential male social scientist writing about masculinities today And this collection of essays shows him in top form Connell is a most adept theorist who can synthesize micro and macro structural and personal individual bodies and the body social and even more ambitiously the global and literally the microbial This is a truly important book Michael Kimmel author of *Manhood in America* and *The Gendered Society* Bob Connell is the most fertile astute and influential analyst of the myriad and messy meanings of masculinities on the planet *The Men and the Boys* boldly extends the scope depth and power of the foundational work he laid in *Masculinities* to address the most urgent and difficult questions about global gender and injustice of our time Dare I label it a heroic work Judith Stacey author of *Brave New Families*      **The Male Heterosexual** Larry A. Morris,1997      **Violent Manhood** J. E. Sumerau,2020-08-21 This book touches on all of the hot topic issues of masculinity and violence including gun violence sexual assault and the MeToo movement violence against women LGBTQ people and people of color Its unique approach will add to many conversations that should as Sumerau explains be focused on masculinity and are far too often focused on something else Taking the approach of talking with young college men who are privileged provides a unique look at how manhood and masculinity may not be progressing like many people hope and provides insights from all angles to critically examine the ways men construct and explain relationships between violence manhood and inequality in society      Men's Silences Jonathan Rutherford,2023-03-31 First published in 1992 *Men's Silences* represents a personal and a political attempt to break out of the narrow parameters of men's sexual politics It focusses on men's feelings to language The early chapters provide a social context for exploring the practice and theorizing of men's sexual politics The book continues by developing an alternative theoretical framework for addressing male subjectivity using Wittgenstein's theory of language and the psychoanalytic theories of Winnicott Bion and Klein The author argues for the centrality of the pre oedipal mother son relationship in the making of male subjectivity language and identity This book will be of interest to students of sociology gender studies political science and cultural studies      *Masculinities* RW Connell,2020-07-16 When it was first published over a decade ago R W Connell's ground breaking text on the nature and construction of masculine identity rapidly became a classic In *Masculinities* Connell argues that there is not one masculinity but many different masculinities each associated with different positions of power In a world gender order that continues to privilege men over women but also raises difficult issues for men and boys her account is more relevant than ever before In this new edition Connell discusses the development of masculinity studies in the ten years since the book's initial publication She explores global gender relations new theories and practical uses of masculinity research She also addresses the politics of masculinities and the implications of masculinity research for understanding current world issues Against the backdrop of an increasingly divided world dominated by neo conservative politics Connell's account highlights a series of compelling questions about the future of human society *Masculinities* has been translated into many languages and in 2004 it was voted one of the ten most influential books in

Australian sociology This second edition will be essential reading for students taking courses in gender studies and a valuable reference for readers across the humanities and social sciences the fundamental study on masculinity as a formative factor of modern social inequality and also one of the most important books in the social sciences in recent years Professor Ilse Lenz Ruhr University Bochum

**What Do Men Want?** Nina Power, 2022-02-03 From the acclaimed philosopher and author of *One Dimensional Woman* a bold playful and open minded exploration of the role of men in the twenty first century Something is definitely up with men From millions online who engage with the manosphere to the metoo backlash from Men's Rights activists and incels to spiralling suicide rates it's easy to see that while men still rule the world masculinity is in crisis How can men and women live together in a world where capitalism and consumerism has replaced the values family religion service and honour that used to give our lives meaning Feminism has gone some way towards dismantling the patriarchy but how can we hold on to the best aspects of our metaphorical Father With illuminating writing from an original big picture perspective Nina Power unlocks the secrets hidden in our culture to enable men and women to practice playfulness and forgiveness and reach a true mutual understanding and a lifetime of love

Is There Anything Good About Men? Roy F. Baumeister, 2010-08-12 Challenging the widely accepted view that gender politics began with men exploiting and oppressing women Baumeister says that men and women have mostly been partners and gender inequalities arose because wealth knowledge and power were created by men in the often rough and brutal competition that was the engine of progress and civilization This thoughtful and engaging book offers a new vision of maleness that does not tell men that they should try to be more like women

The Sexuality of Men Andy Metcalf, Martin Humphries, 1985 The premise of the book focuses on how masculinity is splintered from itself by an obsession with control and power due to fear of vulnerability and alienation from women and a man's core sense of himself and his body and role in society
