Nice Book Morrissey Conversation Interviews Paul Woods:

Morrissey In Conversation Paul A. Woods, 2017-10-01 An English national treasure Steven Patrick Morrissey has made barbed observations about modern culture for more than two decades As renowned for his elegantly waspish interviews as for his celebrated song lyrics his wit and vitriol are finally collected in a long overdue anthology **Berkmann's Pop Miscellany** Marcus Berkmann, 2021-06-03 Marcus Berkmann was for many years the pop critic of the Spectator waiting like most freelancers to get fired He is also the author of the bestselling Berkmann's Cricket Miscellany concentrating on the ridiculous true stories and the weird characters of that most eccentric of sports Here he combines the two in a wildly entertaining ride through the galloping absurdities of pop from Elvis Presley's real hair colour through Janet Jackson's more intimate piercings to Courtney Love's hatred of cheese Why does Bono always wear sunglasses Did Ozzy Osbourne really urinate on the Alamo What actually happened at Keith Moon's 21st birthday party at the Holiday Inn in Flint Michigan There's sex there's drugs there's violence there's even a little rock n roll from time to time But mainly there are vital questions now finally answered Which notable guitarist has unfeasibly tiny hands Which Britpop star was forced to wear lederhosen as a child Who said The majority of pop stars are complete idiots in every respect And was she wrong **Interconnecting Music**

and the Literary Word Fausto Ciompi, Roberta Ferrari, Laura Giovannelli, 2018-07-27 Dealing with the interconnections between music and the written word this volume brings into focus an updated range of analytical and interpretative approaches which transcend the domain of formalist paradigms and the purist assumption of music's non referentiality Grouped into three thematic sections these fifteen essays by Italian British and American scholars shed light on a phenomenological network embracing different historical socio cultural and genre contexts and a variety of theoretical concepts such as intermediality the soundscape notion and musicalisation At one end of the spectrum music emerges as a driving cultural force an agent cooperating with signifying and communication processes and an element functionally woven into the discursive fabric of the literary work The authors also provide case studies of the fruitful musico literary dialogue by taking into account the seminal role of composers singer songwriters and performers From another standpoint the music in literature and literature in music dynamics are explored through the syntax of hybridisations transcoding experiments and iconic analogies

Morrissey FAQ D. McKinney, 2015-04-01 No one can argue that Morrissey is one of the best lyricists and charismatic front men in music history But people love to argue about other things his mysterious personal life his pompous attitude and the history and meaning behind his biggest hits Morrissey FAQ will put to rest any questions and doubts about the singer known around the world for his meaningful lyrics and biting wit Readers will also learn about his passions his weaknesses the people who love him the people who hate him and the people who want to be him Not since Elvis have fans been so obsessed with a singer they fight with each other at concerts they rush and tackle him onstage they dress and act like him and they even build shrines dedicated to him Liking Morrissey isn't just liking his music it's a way of life

Morrissey is known for his over the top lyrics his stage antics his philosophies and his whining But after reading this book and digging deeper into the brooding mystique that is Morrissey you ll also start whining for more Moz **WILDE NOW** Pierpaolo Martino,2023-05-08 WILDE NOWreads Oscar Wilde through our now through a contemporary sensibility and approach in which literature and popular culture interrogate and are interrogated by critical concepts and categories such as performance celebrity intermediality and consumerism This volume exceeds the shape and meaning of a critical study to turn into a drama of five different acts moments in Wilde s life and work his early performances in Dublin London and Oxford the 1882 American tour his successful season of the first half of the 1890s his prison years and finally his glorious resurrection in contemporary pop culture Most importantly WILDE NOW approaches these moments through contemporary rewritings and performances of Oscar Wilde in the fields of cinema music and literature by such artists as Al Pacino Rupert Everett Stephen Fry Gyles Brandreth David Hare David Bowie Morrissey Nick Cave Neil Tennant Gavin Friday These artists through their awareness of the importance of being playing Oscar in their specific worlds and cultural contexts will also show us that Wilde can be conceived as a subversive critical role one might successfully perform and appropriate now more than ever **The Smiths FAQ** John D. Luerssen,2000-01-01 Revered and massively influential the Smiths have been called the most important band of the fertile U K 1980s music scene While the group was only active for five years 1982 to 1987 the cult of the Manchester reared foursome has ballooned in the three decades since its dissolution Despite a 75 million offer to reunite for a two month tour in 2007 Morrissey and Johnny Marr the group s principals refused opting to leave their legend untainted The Smiths have since influenced a who s who of alternative music including Death Cab for Cutie Radiohead the Killers Jeff Buckley Pete Dinklage the Decemberists and Oasis Featuring a foreword by guitarist and Fifth Smith who played with the band in 1986 The Smiths FAQ traces the band s history with clarity and detail illuminating such questions as Who were the Nosebleeds Why did Morrissey shun the Ramones Who were the Paris Valentinos What was Cult guitarist Billy Duffy s connection to the band How was Morrissey injured during the group s U S debut performance What Smiths single paid homage to T Rex John D. Luerssen author of FAQ series titles about U2 Bruce Springsteen and Nirvana gathers the indispensable early facts the legendary stories and inimitable anecdotes that make this a must own tome for all fans **The Art of Noise** Daniel Rachel,2024-07-02 THE ART OF NOISE offers an unprecedented collection of insightful of the moment conversations with twenty seven great British songwriters and composers They discuss everything from their individual approaches to writing to the inspiration behind their most successful songs to the techniques and methods they have independently developed to foster their creativity Contributors include Sting Ray Davies Robin Gibb Jimmy Page Joan Armatrading Noel Gallagher Lily Allen Annie Lennox Damon Albarn Noel Gallagher Laura Marling Paul Weller Johnny Marr and many more Musician turned author Daniel Rachel approaches each interview with an impressive depth of understanding of the practice of songwriting but also of each musician s catalog The result is a collection of conversations that s probing

Relating Suicide Anne Whitehead,2023-01-12 Writing against the prevailing narrativization of suicide in terms of why it happened Whitehead turns instead to the questions of when how and where calling attention to suicide's materiality as well as its materialization By turns provocative and deeply affecting this book brings suicide into conversation with the critical medical humanities extending beyond individual pathology and the medical institution to think about subjective and social perspectives and to open up the various sites scenes and interactions with which suicide is associated Suicide is related forward from the point of death rather than taking a retrospective view Combining critical and textual analysis with personal reflection based on her own experience of her sister's suicide Whitehead examines the days months and years following a death by suicide This pivoting of attention to what happens in the wake of suicide brings to light the often surprising ways in which suicide is woven into the everyday places that we inhabit and in which it is related to all of us albeit with varying degrees of proximity and kinship Popular Musicology and Identity Kai Arne Hansen,Eirik Askerøi,Freya
