puma The varied contributions to this interdisciplinary Special Issue highlight assumptions about the human perception of attitude toward and responsibility for the animals that are read and written about thus demonstrating that just as the animal does not exist neither does the human In their zoopoetic focus the analyses are aware that animal narratology ultimately always contains an approximation of an animal perspective in human terms and terminology yet they make clear that what matters is how the animal is approximated and that there is an effort to approach and encounter the non human in the first place Many of the analyses come to the conclusion that literary animals give readers the opportunity to expand their own points of view both on themselves and others by adopting another s perspective to the degree that such an endeavor is possible Ultimately the contributions call for a recognition of the many spaces moments and modes in which human lives are entangled with those of animals one of which is located within the creative bounds of storytelling

Hoffman, Dominick Grace, 2013-03-18 Interviews with the creator of Cerebus Conversations with Rick Veitch Brannon Costello, 2025-06-18 From his roots in underground comics to his high profile runs on mainstream characters Rick Veitch b 1951 has carved out a career unlike anyone else's Collecting thirteen interviews including three published here for the first time Conversations with Rick Veitch offers a wealth of insight not only into the development of Veitch's graphic innovations and metaphysical explorations but also into the upheavals and transformations of American comics from the 1970s to today In acclaimed comics such as The Maximortal Army Love and Can't Get No Veitch employs a style that synthesizes Jack Kirby at his most cosmic the mind bending graphic sensibility of European innovators such as Jean Moebius Giraud and Philippe Druillet and the brass tacks realism of classic war cartoonists such as John Severin and Russ Heath His comics defamiliarize popular genres especially superheroes war stories and science fiction with his philosophical musings and pointedly satirical political perspective Yet Veitch's capacious mind reaches beyond these familiar genres too as his long running autobiographical dream comic Roarin Rick's Rare Bit Fiends attests Ranging across topics such as his early days at the Joe

Kubert School the controversial end of his Swamp Thing run his muckraking work as a comics journalist and his educational comics publishing venture Eureka Comics the interviews collected here reveal Veitch to be both a shrewd observer of the pitfalls of the marketplace and an eloquent spokesman for the boundless potential of creativity A comics maker since childhood and a fierce advocate of creator s rights and the possibilities of self publishing Veitch knows all too well the many persistent obstacles to creating comics that challenge readers instead of condescending to them Yet Veitch remains optimistic about the potential of comics According to Veitch comics might be the form of the future If that s the case then his work is a map to that future
