Walsh,2010-05-01 California s Ancient Past is an excellent introduction and overview of the archaeology and ancient peoples of this diverse and dynamic part of North America Written in a concise and approachable format the book provides an excellent foundation for students the general public and scholars working in other regions around the world This book will be an important source of information on California s ancient past for years to come Torben C Rick Smithsonian Institution

The Chumash World at European Contact Lynn H. Gamble,2011-08-22 The Chumash World at European Contact is a major achievement that will be required reading and a fundamental reference in a variety of disciplines for years to come Thomas C Blackburn editor of December s Child A Book of Chumash Oral Narratives An extremely valuable synthesis of the historical ethnographic and archaeological record of one of the most remarkable populations of Native Californians Glenn J Farris Senior Archaeologist California State Parks Department Socialising Complexity Sheila Kohring,Stephanie Wynne-Jones,2007-11-30 Socialising Complexity introduces the concept of complexity as a tool rather than a category for understanding social formations This new take on complexity moves beyond the traditional concern with what constitutes a complex society and focuses on the complexity inherent in various social forms through the structuring principles created within each society The aims and themes of the book can thus be summarized as follows to introduce the idea of complexity as a tool which is pertinent to the understanding of all types of society rather than an exclusionary type of society in its own right to examine concepts that can enhance our interpretation of societal complexity such as heterarchy materialization and contextualization These concepts are applied at different scales and in different ways illustrating their utility in a variety of different cases to reestablish social structure as a topic of study within archaeology which can be profitably studied by proponents of both processual and post processual methodologies **Journal of Anthropological Research** ,2017 *The Journal of California Anthropology* ,1978 **Household Archaeology on the Northwest Coast** Elizabeth A. Sobel,D. Ann Trieu Gahr,Kenneth A. Ames,2006-07-01 Since the late 1970s household archaeology has become a key theoretical and methodological framework for research on the development of permanent social inequality and complexity as well as for understanding the social political and economic organization of chiefdoms and states This volume is the cumulative result of more than a decade of research focusing on household archaeology as a means to gain understanding of the evolution of social complexity regardless of underlying economy Before California Brian Fagan,2004-05-26 What did California look like before Hollywood Before the Gold Rush Before the missions Brian Fagan the best known popular archaeology writer in America is your tour guide on a fascinating trip across the Golden State before the arrival of Europeans Fagan tells of the first groups who drifted into the state over 13 000 years ago and how their descendants used the land and sea to survive in a fragile environment subject to earthquake drought and flood On your tour you will visit the shellmounds of San Francisco Bay

salmon trappers of the northern streams acorn gatherers of the Central Valley Chumash villages on the Santa Barbara coast and shamans who painted mysterious figures on stone Fagan shows how archaeologists scientifically reconstruct this lost history from fragments of bone shell and stone from travellers and scholars descriptions of vanished peoples and from the stories told by the tribal members themselves Join a famous archaeologist on this captivating journey and find out what important lessons this story has for California s future

Catalysts to Complexity Jon Erlandson,Terry L. Jones,Russell Stannard,2003-07-01 When the Spanish colonized it in AD 1769 the California Coast was inhabited by speakers of no fewer than 16 distinct languages and an untold number of small autonomous Native communities These societies all survived by foraging and ethnohistoric records show a wide range of adaptations emphasizing a host of different marine and terrestrial foods Many groups exhibited signs of cultural complexity including sedentism high population density permanent social inequality and sophisticated maritime technologies The ethnographic era was preceded by an archaeological past that extends back to the terminal Pleistocene Essays in this volume explore the last three and one half millennia of this long history focusing on the archaeological signatures of emergent cultural complexity Organized geographically they provide an intricate mosaic of archaeological historic and ethnographic findings that illuminate cultural changes over time To explain these Late Holocene cultural developments the authors address issues ranging from culture history paleoenvironments settlement subsistence exchange ritual power and division of labor and employ both ecological and post modern perspectives Complex cultural expressions most highly developed in the Santa Barbara Channel and the North Coast are viewed alternatively as fairly recent and abrupt responses to environmental flux or the end product of gradual progressions that began earlier in the Holocene

Prehistoric California L. Mark Raab,Terry L. Jones,2004 IN THIS ANTHOLOGY Mark Raab and Terry Jones present a series of research articles that dispel lingering mythologies about California s prehistory They begin with the most enduring notion that of an essentially stable benign climate presenting evidence that prehistoric climate flux played a significant role in culture change From there Raab and Jones assault the myth of California as a natural cornucopia They show that prehistoric foragers themselves had the capacity to negatively affect their animal food supplies and that what is often considered the premier vegetal food the acorn appeared much later than many suppose in the diets of native peoples This collection effectively summarizes the major debates surrounding California archaeology and provides a solid basis for a new more nuanced view of the state s prehistory

Canoe Indians of Down East Maine William A Haviland,2022-05-10 The story of those who inhabited coastal Maine thousands of years before the French arrived and how their lives changed at the dawn of the seventeenth century In 1604 when Frenchmen landed on Saint Croix Island they were far from the first people to walk along its shores For thousands of years Etchemins whose descendants were members of the Wabanaki Confederacy had lived loved and labored in Down East Maine Bound together with neighboring people all of whom relied heavily on canoes for transportation trade and survival

each group still maintained its own unique cultures and customs After the French arrived though these indigenous people faced unspeakable hardships from the Great Dying when disease killed up to ninety percent of coastal populations to centuries of discrimination Yet they never abandoned Ketakamigwa their homeland In this book anthropologist William Haviland relates the challenging history endured by the natives of the Down East coast and how they have maintained their way of life over the past four hundred years Includes illustrations **American Indian Rock Art** ,1994 **History in the Making** Donald H. Holly Jr.,2013-10-18 The Eastern Subarctic has long been portrayed as a place without history Challenging this perspective History in the Making The Archaeology of the Eastern Subarctic charts the complex and dynamic history of this little known archaeological region of North America Along the way the book explores the social processes through which native peoples made history in the past and archaeologists and anthropologists later wrote about it As such the book offers both a critical history and historiography of the Eastern Subarctic **The Archaeology and Rock Art of Swordfish Cave** Clayton G. Lebow,Douglas R. Harro,Rebecca L. McKim,2016 Swordfish Cave is a well known rock art site located on Vandenberg Air Force Base in south central California Named for the swordfish painted on its wall the cave is a sacred Chumash site It was under threat from various processes and required measures to conserve it Nearly all of the cave s interior was excavated to create a rock art viewing area That effort revealed previously unknown rock art and made it possible to closely examine how early occupants used the space inside the cave They identified three periods of human use including an initial occupation around 3 550 years ago an occupation about 660 years later and a final Native American occupation that occurred much later between A D 1787 and 1804 The discovery of tools used to make the pictographs linked the art to the two early occupations pushing back the generally understood antiquity of rock art on California s Central Coast by more than 2 000 years Two aspects make this study unusual datable materials associated with rock art and complete removal of cave deposits Well illustrated with photographs maps and drawings of both the art itself and the excavations and materials revealed therein the book presents a rare opportunity to directly link archaeology and rock art and to examine the spatial organization of prehistoric human habitation The Turner Farm Fauna Arthur E. Spiess,Robert A. Lewis,2001 *Adventures in Ocean Exploration* Robert D. Ballard,Malcolm McConnell,2001 Jason Project year 4 *Painting the Past with a Broad Brush* David L. Keenlyside,Jean-Luc Pilon,2009-01-01 For over 50 years J V Wright was a ground breaking leader and inspiring mentor for the Canadian archaeological profession This publication brings together 23 scholarly articles on various aspects of Canada s ancient past that pay tribute to and reflect J V Wright s diverse geographic and cultural interests in relation to Canadian archaeology and pre history This exceptional festschrift includes an annotated bibliography of J V Wright s works Published in English **Annual Report - Royal Ontario Museum** Royal Ontario Museum,1968 **The New York Times Index** ,1996
