The Industrial Policy Revolution I Justin Lin Yifu, 2013-12-16 This volume is the result of the 2012 International Economic Association's series of roundtables on the theme of Industrial Policy The first New Thinking on Industrial Policy was hosted by the World Bank in Washington D C and the second New Thinking on Industrial Policy Implications for Africa was held in Pretoria South Africa

Industrial Policy in Developing Countries Tilman Altenburg, Wilfried Lütkenhorst, 2015-09-25 Against the backdrop of persistently high levels of poverty and inequality critical environmental boundaries and increasing global economic interdependence this book addresses the role and impact of industrial policies in developing countries Accepting the reality of both market failure and policy failure it identifies the conditions under which industrial policy can deliver socially desirable results General conclusions on the political economy of development are complemented by country case studies covering Ethiopia Mozambique Namibia Tunisia and Vietnam

How Nations Succeed: Manufacturing, Trade, Industrial Policy, and Economic Development Murat A. Yülek, 2018-08-02 This book assesses developmental experience in different countries as well as British expansion following the industrial revolution from a developmental perspective It explains why some nations are rich and others are poor and discusses how manufacturing made economies flourish and spur economic development It explains how today's governments can design and implement industrial policy and how they can determine economically strategic sectors to break out of Low and Middle Income Traps Closely linked to global trade and imbalances industrialization was never an accident Industrialization explains how some countries experience export led growth and others import led slowdowns Many confuse industrialization with the construction of factory buildings rather than a capacity and skill building process through certain stages Industrial policy helps countries advance through those stages Explaining technical concepts in understandable terms the book discusses the capacity and limits of the developmental state in industrialization and in general in economic development demonstrating how picking the winner type focused industrial policy has worked in different countries It also discusses how industrial policy and science technology and innovation policies should be sequenced for best results

Compressed Development D. Hugh Whittaker, Timothy Sturgeon, Timothy J. Sturgeon, Toshie Okita, Tianbiao Zhu, 2020 Balancing and blending ideas of globalization with an understanding of historical and institutional contexts of development is an important challenge for many across the social sciences This book aims to bridge some of these debates through the concept of compressed development addressing areas of time space and strategy compression

Designing Integrated Industrial Policies Volume II Shigeru Thomas Otsubo, Christian Samen Otchia, 2020-12-01 Very little has been written on industrialization and deindustrialization in Asia and Africa This reference work sheds illuminating light upon the industrial development in Asia and Africa It also provides an in depth look into China's engagement and migrant labour in Africa The book also addresses the roles of public private partnership PPP and international development cooperation and how they are fundamental to

industrialization in Asia and Africa Designing Integrated Industrial Policies will be a very useful reference particularly as a how to guide on industrial promotion and designing integrated industrial policies not only for economic growth and job creation but also for inclusive development It comes with country cases and illustrates useful tools for industrial policy simulation and for evidence based policy making through these concrete examples *Capitalism, Institutions, and Economic Development* Michael G. Heller,2009-09-10 In this forthright challenge to relativist economic recipes for growth and culturalist incrementalist views in institutional economics Heller draws on Weber Schumpeter and Hayek to present a new universalistic vision of capitalism s depersonalized institutions as well as the ideological policies needed during constructed capitalist transitions

China's Automotive Modernization G. Chin,2010-01-29 As a window for understanding the relationship between globalization and the state s pursuit of national industrial development this book examines how and why the Chinese government succeeded in leveraging China s international competitive advantages to modernize the country s automotive industry

Competitiveness and Development Mehdi Shafaeddin,2012-09-15 In *Competitiveness and Development* the author explains the confusion surrounding the concept of competitiveness in the context of developing countries proposes policies for achieving competitiveness at a high level of development examines its possibilities and constraints and suggests policy changes necessary at the national and international levels Shafaeddin illustrates how developed countries impose restrictive policies on developing countries through international financial institutions and the WTO as well as regional and bilateral agreements which limit their policy space for promoting dynamic comparative advantage in order to achieve competitiveness at a high level of development Ultimately such policies lock developing countries that are at early stages of development in specialization based on static comparative advantage and competitiveness at a low level of development

Economies After Colonialism Lindsay Whitfield, 2018-06-21 Mapping Ghana's struggle to transform its economy after independence this original interpretation highlights the economic difficulties associated with the political legacies of colonialism *The Next American Economy* Samuel Gregg, 2022-10-18 Americans across the political spectrum have turned away from free market capitalism calling for more government intervention into the economy This optimistic book explains how a dynamic Commercial Republic that benefits all Americans is still possible Will someone intent on changing the direction of America's economy seize on this text and send it far and wide Hugh Hewitt author attorney and national host of The Hugh Hewitt Show Markets grounded in a commercial republic are what America needs Gregg shows why Vernon L Smith 2002 Nobel Laureate in Economics Professor of Business Economics and Law at Chapman University One of America's greatest success stories is its economy For over a century it has been the envy of the world The opportunity it generates has inspired millions of people to want to become American Today however America's economy is at a crossroads Many have lost confidence in the country's commitment to economic liberty Across the political spectrum many want the government to play an even greater role in the economy via protectionism industrial policy stakeholder capitalism or even quasi socialist policies

Numerous American political and business leaders are embracing these ideas and traditional defenders of markets have struggled to respond to these challenges in fresh ways Then there is a resurgent China bent on eclipsing the United States place in the world At stake is not only the future of the world s biggest economy but the economic liberty that remains central to America s identity as a nation But managed decline and creeping statism do not have to be America s only choices let alone its destiny For this book insists that there is an alternative And that is a vibrant market economy grounded on entrepreneurship competition and trade openness but embedded in what America s founding generation envisaged as the United States s future a dynamic Commercial Republic that takes freedom commerce and the common good of all Americans seriously and allows America as a sovereign nation to pursue and defend its interests in a dangerous world without compromising its belief in the power of economic freedom

Nuclear Renaissance William J. Nuttall, 2004-12-31 With growing concerns over environmental issues and global energy consumption there is increasing interest in nuclear power generation despite its diminished role in the West over the last few decades Many of those involved with nuclear power and environmental agencies see controlled expansion of nuclear plants as the most environmentally friendly way of meeting growing energy demands Nuclear Renaissance Technologies and Policies for the Future of Nuclear Power examines the future of nuclear power in the contexts of economics environmental sustainability and security of electricity supplies A range of future technologies is considered illustrating the technical challenges and opportunities facing nuclear power This semi technical overview of modern technologies meets the growing interest from scientists environmentalists and governments in the potential expansion of nuclear power Various countries are starting to announce plans for new nuclear plants either to replace those being decommissioned or to provide additional power Many commentators regard this renaissance as just beginning Nuclear Renaissance Technologies and Policies for the Future of Nuclear Power is essential reading for physicists engineers policy makers researchers energy analysts and graduate students in energy sciences engineering and public policy

Economic Neoliberalism and International Development Michael Tribe, 2020-11-22 This book provides a robust theoretical and empirical exploration of the interrelationship between economic neoliberalism and international development Putting the experiences of developing and transitional economies centre stage the book investigates how their economic policies compare with the nature of economic liberalism during and after the significant economic reforms which took place from the mid 1980s Beginning with two chapters which provide an introduction to the concept of economic neoliberalism the second section focuses on its application to practice and the book moves on to country regional case studies taken from Sub Saharan Africa South Asia Latin America China and Eastern Europe The book closes with some concluding remarks summarising some of the principal findings Bringing together a wealth of expertise this book clarifies controversial economic and political issues which have been significantly misunderstood in public discourse and as such it will be of interest to a range of researchers interested in the economic social and political dynamics of developing and transitional countries

The WTO and Infant Industry Promotion in Developing Countries Juan He, 2014-09-25 The charter of the World Trade Organization WTO sets the tone that sustainable trade and economic development dominates multilateral trade negotiation and specific working agreements This book examines the novel challenge for developing countries to upgrade and optimize their industrial structure and trade composition by stimulating genuinely innovative and competitive industrial strength The book specifically explores the issue of infant industry promotion under the legal framework of the WTO treaties and case law Taking the regulatory measures and incentives China has used to build up a large civil aircraft supplier the book evaluates the key trade agreements relevant to infant industry promotional policies and practices such as product regulations and standards under the Agreement on Technical Barriers to Trade and export promotion policies under the Agreement on Subsidies and Countervailing Measures Juan He argues that the regulatory room prescribed by the multilateral trade rules of the WTO does not allow adequate space for developing countries to encourage new and technologically advanced areas of production and trade The author concludes by suggesting ways in which WTO rules could be modified to help enable developing countries industrialization In doing so the book highlights a need to investigate how localized and international policy trends can be reconciled and enhanced towards the common goal of development The book will be of great interest to scholars and students of international trade law Chinese studies international political economy and of great use to government agencies responsible for internal trade and industrial policy decisions
