LGBTQ Film Festivals Antoine Damiens, 2025-10-01 While scholars have theorized major film festivals they have ignored smaller ephemeral events In taking seriously minor European and North American LGBTQ festivals which often only exist as traces within archival collections this book revisits festival studies methodological and theoretical apparatuses As the first critique of festival studies from within LGBTQ Film Festivals argues that both festivals and queer film cultures are by definition ephemeral The book is organized around two concepts First critical festival studies examines the political project and disciplinary assumptions that structure festival research Second the festival as a method pays attention to festivals role as producers of knowledge it argues that festivals are not mere objects of research but also actors already shaping academic industrial and popular cinematic knowledge Drawing on the author s experience on the festival circuit this book pays homage to the labour of queer organizers critics and scholars and opens up new avenues for festival
