Mexico Inside Out Enrique Olvera:

Mexico from the Inside Out Enrique Olvera, 2015-10-19 The debut book from Mexico's best chef Enrique Olvera of Pujol, pioneer of contemporary authentic Mexican food and global gourmet influencer. As featured on Good Morning America, Enrique Olvera is the most famous and celebrated Mexican chef working today. Olvera's restaurant Pujol was ranked 1 in Mexico and 20 in the world at the World's 50 Best Restaurant Awards. This is his first book and the first ever high-end chef cookbook in English on Mexican cuisine. It captures and presents a new contemporary Mexican style of food rooted in tradition but forward thinking in its modern approach. Olvera has pioneered and defined this new way of cooking and belongs to a global group of gourmet influencers that includes Noma's Ren Redzepi, Dom's Alex Attala, Osteria Francescana's Massimo Bottura, and elBulli's legendary Ferran Adrià. Olvera rethinks how to use traditional authentic local ingredients using unusual flavor combinations to create a reinvented way of cooking and eating. Mexico from the Inside Out includes both sophisticated and more accessible recipes to explain Enrique's philosophy, vision, and process. He is fueled by a constant exploration of Mexico's ingredients and culinary history and inspired by his early family memories about food. This book goes beyond stereotypes to reveal new possibilities of Mexican cuisine, which is now an essential part of the international conversation about gastronomy. Features: Over 65 recipes, each with an elegant photograph from the sophisticated dishes served at Pujol to more accessible casual dishes that he enjoys with his family at home. More than 100 atmospheric photographs capture the vivid mosaic of the Mexican landscape while tip-in pages bring the reader up close to Enrique's vision and philosophy about food. Mexico from the Inside Out is the latest addition to Phaidon's bestselling and influential collection of cookbooks by the world's most exciting chefs.

Taco Ignacio M. Sánchez Prado, 2025-09-18 Object Lessons is a series of short beautifully designed books about the hidden lives of ordinary things. Taco is a deep dive into the most iconic Mexican food from the perspective of a Mexico City native. In a narrative that moves from Mexico to the United States and back, Sánchez Prado discusses the definition of the taco, the question of the tortilla and the taco shell, and the existence of the taco as a modern social touchstone that has been shaped by history and geography. Challenging the idea of centrality and authenticity, Sánchez Prado shows instead that the taco is a contemporary transcultural food that has always been subject to transformation.

MUNCHIES JJ Goode, Helen Hollyman, Editors of MUNCHIES, 2017-10-24 This cookbook based on the game-changing web series Chef's Night Out features stories of the world's best chefs' debauched nights on the town and recipes for the food they cook to soak up the booze afterwards. Culinary Palettes Lesley A. Wolff, 2025-04-01 How the visual culture of food cookery and consumption played a central role in the making of postrevolutionary Mexico Postrevolutionary Mexico City was a site of anxious nation building as rampant modernization converged and clashed with the nation s growing nostalgia for its pre Columbian heritage During this volatile period food became a meaningful symbol for a Mexican citizenry seeking new modes of national participation Culinary Palettes explores how the artistic invocation of food cultures became an arena in which to negotiate the political entanglements of postrevolutionary Mexico Lesley Wolff casts a nuanced eye on the work of visual artists such as Tina Modotti Carlos Gonz lez and Rufino Tamayo who nurtured the symbolic and performative power of iconic foods such as pulque mole poblano and watermelon Through analysis of a wide array of visual evidence including paintings architecture vintage postcards menus and cookbooks Culinary Palettes demonstrates how these artists positioned their work within a broad visual landscape that relied upon the power of Mexican foodways in the urban and national imagination In the studios of modernists Wolff argues artistic production foodways and Indigeneity proved to be mutually constitutive and at times weaponized agents in articulating competing claims to a new nationhood
