major contemporary artists is very different from perhaps more rewarding than a brief visit to a museum The purpose of the collection as well as offering a history of recent art is to introduce staff to the work of young artists and to emphasize that art can play an important part in a working environment Here for the first time the disparate parts of the collection are brought together in a single book With over 250 colour illustrations specially commissioned artists statements and a survey of the collection by art critic and curator Alistair Hicks Art Works paints a vivid picture of the art of our time BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **Arts & Humanities Citation Index** ,1995
