**Metro: A Story of Cairo** Magdy El Shafee, 2012-06-05 Depicting the financial and social insecurity afflicting young people in modern Cairo Metro was the first adult graphic novel published and subsequently banned in Egypt just three years before the Arab Spring In art as pulsing and immediate as Cairo itself Magdy El Shafee delivers a prescient portrait of a crumbling society and Egypt's coming eruption A powerful story of young men with nothing left to lose Metro sounds the cry for a better freer future When Shehab a young software designer runs afoul of a loan shark all avenues of escape in Mubarak's corrupt chaotic Egypt seem to be closed to him Getting help from the bank is impossible without connections and Shehab's uncle abroad wants nothing to do with his troubles A powerful businessman offers assistance but the next day Shehab sees him being stabbed in an alley and the man's dying words suggest a conspiracy extending to the upper reaches of the regime Angry and broke Shehab enlists his friend Mustafa in a bank heist and falls into a vortex of financial and political corruption On the run with a case full of money and evidence of murder the two careen through Cairo's metro system evading the police and the thugs who are out in force to crush antigovernment protests The only allies who can help get them out of this mess the friends realize are a blind shoe shine man and a muckraking journalist *Laugh like an Egyptian* Cristina

Dozio, 2021-09-20 Egyptians are known among the Arabs as *awl d al nukta* Sons of the Jokes for their ability to laugh in face of adversity This creative weapon has been directed against socio political targets both in times of oppression and popular upheaval such as the 2011 Tahrir Revolution This book looks at the literary expression of Egyptian humour in the novels of Mu ammad Mustaj b Khayr Shalab and amd Ab Julayyil three writers who revive the comic tradition to innovate the language of contemporary fiction Their modern tricksters wise fools and antiheroes play with the stereotypical traits attached to the ordinary Egyptians while laughing at the universal contradictions of life This ability to combine local and global culture literary traditions and popular references makes them a stimulating read in an intercultural perspective Combining humour studies and literary criticism this book examines language play and narrative creativity to understand which strategies craft Egyptian literary humour In doing so it sheds light on the contribution of humour to literary innovations of Egyptian fiction since the late Seventies while adding new writers to those who are considered the masters of humour in the Arab novel

*Animals in Our Days* Mohamed Makhzangi, 2022-06-17 Each story in Mohamed Makhzangi's unique collection *Animals in Our Days* features a different animal species and its fraught relationship with humans water buffalo in a rural village gone mad from electric lights brass grasshoppers purchased in a crowded Bangkok market or ghostly rabbits that haunt the site of a long ago brutal military crackdown Other stories tell of bear trainers in India and of the American invasion of Iraq as experienced by a foal deer and puppies Originally published in 2006 Makhzangi's stories are part of a long tradition of writings on animals in Arabic literature In this collection animals offer a mute testament to the brutality and callousness of humanity particularly when modernity sunders humans from the natural environment Makhzangi is one of Egypt's most perceptive and nuanced authors merging a writer's empathy with a scientist's curiosity about the world Like Barbara Kingsolver's *Flight Behavior* Haruki Murakami's *The Elephant Vanishes* or J M Coetzee's *Lives of Animals* Makhzangi's stories trace the numinous almost supernatural connections between our species and others In these resonant haunting tales *Animals in Our Days* foregrounds our urgent need to reacquire the sense of awe humility and respect that once characterized our relationship with animals

*Shared Margins* Samuli Schielke, Mukhtar Saad Shehata, 2021-07-05 *Shared Margins* tells of writers writing and literary milieus in Alexandria Egypt's second city It de-centres cosmopolitan avant gardes and secular revolutionary aesthetics that have been intensively documented and studied

since 2011 Instead it offers a fieldwork based account of various milieus and styles and their common grounds and lines of division Structured in two parts Shared Margins gives an account of literature as a social practice embedded in milieus that at once enable and limit literary imagination and of a life worldly experience of plurality in absence of pluralism that marks literary engagements with the intimate and social realities of Alexandria after 2011 Literary writing this book argues has marginality as an at once enabling and limiting condition It provides shared spaces of imaginary excess that may go beyond the taken for granted of a societal milieu and yet are never unlimited Literary imagination is part and parcel of such social conflicts and transformations its role being neither one of resistance against power nor of guidance towards norms but rather one of open ended complicity The Cambridge History of the Graphic Novel Jan Baetens,Hugo Frey,Stephen E.

**American Century** Brian T. Edwards,2015-12-01 When Henry Luce announced in 1941 that we were living in the American century he believed that the international popularity of American culture made the world favorable to U S interests Now in the digital twenty first century the American century has been superseded as American movies music and video games are received understood and transformed How do we make sense of this shift Building on a decade of fieldwork in Cairo Casablanca and Tehran Brian T Edwards maps new routes of cultural exchange that are innovative accelerated and full of diversions Shaped by the digital revolution these paths are entwined with the growing fragility of American soft power They indicate an era after the American century in which popular American products and phenomena such as comic books teen romances social networking sites and ways of expressing sexuality are stripped of their associations with the United States and recast in very different forms Arguing against those who talk about a world in which American culture is merely replicated or appropriated Edwards focuses on creative moments of uptake in which Arabs and Iranians make something unexpected He argues that these products do more than extend the reach of the original They reflect a world in which culture endlessly circulates and gathers new meanings **Informatics and Digitalization for Sustainable Development**
