**Facilitating Evaluation** Michael Quinn Patton, 2017-10-23 Michael Quinn Patton's *Facilitating Evaluation Principles in Practice* is the first book of its kind to explain in depth and detail how to facilitate evaluation processes with stakeholders. Using the author's own stories of his experiences as an evaluation facilitator, the book illustrates the five evaluation facilitation principles that are the organizing framework for addressing how to work with stakeholders to generate evaluation questions, make decisions among methods, interpret findings, and participate in all aspects of evaluation. Ultimately, this book will help readers perform facilitation to enhance the relevance, credibility, meaningfulness, and utility of evaluations. A must-read for anyone considering a high impact evaluation.

**Margaret Lombe Boston College      AUDITORY-VERBAL PRACTICE**

Ellen A. Rhoades, Jill Duncan, 2017-01-19 Since the first edition of this text, families across English speaking nations have become more diverse and complex. More early intervention practitioners have begun embracing the imperative for family-centered early intervention and increasingly more families and their young children with hearing loss have been requesting the services of auditory verbal practitioners. This second edition, designed to be more reader friendly, is a cross-cultural collaboration of expert family-centered practitioners that focus on how families and their infants and toddlers with hearing loss might best be served. Toward that end, the authors in this book examine the process toward certification in the field of auditory verbal practice and the empirical bases as well as research outcomes pertaining to this global wide practice. The development of a systemic and positive perspective critical for practitioners who must evolve to serve more than just the parent-child dyad is analyzed. Theoretical and practical bases of family-based models and parent-child interactions are explored. Issues related to diverse family structures and interactions are considered across chapters. The family decision-making process and family-centered strategies that can be effectively implemented by practitioners are discussed in detail. Implementing and evaluating routines based interventions within natural environments as well as ways of engaging families with current technologies are included in this comprehensive resource. This book provides early intervention service providers with thought-provoking insights into the challenges and opportunities that affect 21st century auditory verbal practice.

**Social Work with Latinos** Melvin Delgado, 2017-06-27 The focus on Latinos in the United States has generally overlooked key social, economic, political dimensions that are not only growing in importance but may ultimately hold an important key to how well this group does in the immediate and distant future in the country. The approximate ten-year period since this text's initial publication has witnessed an increase in scholarship and new social, political, economic developments regarding this population group. *Social Work with Latinos Second Edition* captures these advances and adds to the existing body of work in this area. In particular, this revised edition provides an up-to-date demographic profile, identifies the rewards and challenges for the development of social work interventions focused on Latinos, includes a conceptual foundation from which to develop social work strategies for outreach, engagement, service provision, and evaluation features a

series of case illustrations to highlight how cultural competency humility can unfold to better reach this population group grounds the Latino experience within a social economic cultural and political context and provides recommendations for social work education research and practice [From Revolution to Chaos in Haiti \(1804-2019\)](#) Rhodner J

### **Décoder les séries télévisées**

Collectif, Éric Maigret, Sarah Sepulchre, 2017-10-31 Il suffit d'allumer son petit cran pour se rendre compte les séries télévisées monopolisent les chaînes. Prises dans la grille des programmes et objets de discussion dans la presse depuis les années 1950 elles sont devenues comment un phénomène majeur passionnant autant les téléspectateurs que les scientifiques qui en ont fait un sujet de recherches partiellement transdisciplinaire. L'ouvrage aborde l'histoire la production et la programmation la singularité le personnage et la réception chaque aspect est analysé par un spécialiste qui illustre son propos par de nombreux exemples empruntés aussi bien aux séries actuelles House of Cards Game of Thrones The Good Wife qu'à d'autres plus anciennes. Mais où va bien arriver Dallas Buffy contre les vampires Les deux derniers chapitres proposent des réflexions sur la gestion du temps de ces récits audiovisuels et la question de la réalité. L'ouvrage passe la simplicité de texte et met en connexion le contenu des séries avec leur histoire et celle de leur format leurs producteurs leurs téléspectateurs et les recherches majeures qui se succèdent depuis plus de quarante ans. Ce manuel de référence fournit des outils pour que chacun puisse apprendre les séries à partir d'une grille d'analyse efficace et scientifique afin de mieux les comprendre et de les décoders avec davantage de sens critique. Cet ouvrage s'adresse aux étudiants et enseignants en communication ainsi qu'aux

animateurs culturels ou d'ducation aux médias      *Télé en séries* Collectif, 2017-11-16T00:00:00-05:00 C'est grâce aux récits que les Homo sapiens ont pu se parpiller sur toute la planète. Le récit oral c'est ce qui nous permet non seulement de communiquer les uns avec les autres mais aussi de transmettre du savoir du savoir faire des motions des valeurs des souvenirs des descriptions historiques. La télévision c'est la forme l'heure actuelle la plus aboutie de récit qui mêle toutes les notions et tous les savoirs. Martin Winckler colloque Télévisions Université de Montréal mai 2014. La télévision semble en effet être une des formes narratives qui raconte le mieux notre passé en témoignant à ce qu'elle suscite auprès d'un public hétérogène dont font désormais partie les chercheurs universitaires anglophones comme francophones. La télévision trouve une résonnance particulière dans la culture populaire du roman feuilleton qui enflamme les rues de Paris au XIX<sup>e</sup> siècle aux séries télévisées contemporaines tout en rafale les œuvres spéciales volent mais la fascination qu'elles génèrent demeure. Art fact industriel produit d'une culture industrielle ou œuvre d'art la télévision actuelle se veut un objet pluriel capable de valuer au gré des avancées technologiques. Cette publication généraliste s'adresse autant aux téléspectateurs passionnés qui souhaitent enrichir leur réflexion qu'aux chercheurs en quête de perspectives nouvelles. Traitant de séries contemporaines américaines qu'elles soient autochtones françaises ou britanniques les chapitres de l'ouvrage proposent des analyses formelles générales politiques culturelles et philosophiques. Préfacé par Stéphane Garneau, Télévisions contient des textes de spécialistes reconnus dont un rapport d'enquête en dit de Danielle Aubry mais aussi des contributions de chercheuses et de chercheurs provenant de domaines variés qui partagent une volonté de produire un discours savant sur des œuvres riches souvent l'origine de discussions hebdomadaires autour de la machine à café.      **A History of Masculinity** Ivan Jablonka, 2022-02-03. Exhilarating a work of scholarship but also inspiration. Go and read Jablonka and change the world. Christina Patterson, Sunday Times. An unexpected bestseller in France it has sparked conversations. Challenges. A highly acclaimed bestselling work from one of France's preeminent historians. What does it mean to be a good man? To be a good father or a good partner? A good brother or a good friend? In this insightful analysis social historian Ivan Jablonka offers a re-examination of the patriarchy and its impact on men. Ranging widely across cultures from Mesopotamia to Confucianism to Christianity to the revolutions of the eighteenth century Jablonka uncovers the origins of our patriarchal societies. He then offers an updated model of masculinity based on a theory of gender justice which aims for a redistribution of gender just as social justice demands the redistribution of wealth. Arguing that it is high time for men to be as involved in gender justice as women Jablonka shows that in order to build a more equal and respectful society we must gain a deeper understanding of the structure of patriarchy and reframe the conversation so that men define themselves by the rights of women. Widely acclaimed in France this is an important work from a major thinker.      **Situating Global Art** Sarah Dornhof, Nanne Buurman, Birgit Hopfener, Barbara Lutz, 2018-09-05. In recent years the term global art has become a catchphrase in contemporary art discourses. Going beyond additive notions of canon expansion this volume encourages a differentiated inquiry into the complex aesthetic cultural historical political

epistemological and socio economic implications of both the term global art itself and the practices it subsumes Focusing on diverse examples of art curating historiography and criticism the contributions not only take into account new hegemonies and exclusions but also the shifting conditions of transcultural art production circulation and reception      **Other**

*Rapport d'information de la mission relative au marché de l'art*

Stéphane Travert, commission des affaires culturelles et de l'éducation, 2016-11-16. Comment donner un nouveau souffle au marché de l'art en France ? Telle est l'interrogation au cœur de ce rapport qui est le fruit de plusieurs mois de travail de nombreuses auditions et de multiples déplacements au cours desquels la mission d'information a rencontré artistes collectionneurs, galeristes, marchands d'art, maisons de ventes, organisateurs de salons et de foires, représentants d'œuvres d'art, d'institutions musicales, syndicats professionnels et administrations experts et personnalités qui contribuent à l'enrichissement du patrimoine national et au rayonnement culturel de notre pays. C'est en croisant les regards de l'ensemble des parties prenantes que nous avons tabli des propositions concrètes susceptibles de nos yeux de remédier aux faiblesses de notre marché de l'art et d'offrir un soutien efficace aux acteurs. Stéphane Travert a fait le choix d'être audacieux et confiant dans les atouts de celles et ceux qui font vivre le marché et crée la rencontre indispensable à l'panouissement des talents et la vitalité culturelle de notre pays. Ce rapport met en exergue le dynamisme et le savoir-faire des acteurs du marché de l'art ainsi que les leviers actionner pour lever les freins que nous avons pu identifier.

**L'empreinte des lieux culturels sur les territoires** Anne Hertzog, Elizabeth Auclair, 2023-12-20T00:00:00+01:00. Cet ouvrage collectif explore la question des relations entre institutions culturelles et territoires et interroge les effets multidimensionnels des projets artistiques sur les sociétés et leurs espaces. Dans le prolongement d'un colloque venant clore une recherche-action consacrée à l'évaluation de l'empreinte civique de deux structures nationales, il propose les contributions de praticiens d'artistes et de chercheurs issus de disciplines variées : géographie, sociologie, gestion, information, communication, esthétique, qui observent, construisent et cherchent à valuer les dynamiques socio-spatiales associées aux lieux culturels. Il rend ainsi compte de la richesse des réflexions et des débats suscités par la recherche de nouveaux modèles culturels en répondant aux grands enjeux politiques, sociaux et environnementaux contemporains.
