**Introductions** Vincent Terrace,2013-11-07 Since the beginning of network television many shows have been preceded by an  
announcement or theme song that served various purposes In the 1950s and 60s it was common for announcers to declare  
that a program had been brought to you by a sponsor who paid for the privilege of introducing a show Other programs such  
as The Twilight Zone Star Trek and The Odd Couple provided a brief encapsulation of the show s subject matter a practice  
that has continued for recent shows like Alias Battlestar Galactica Person of Interest and the various editions of Law Order In  
Television Introductions Narrated TV Program Openings since 1949 Vincent Terrace has assembled openings for more than  
nine hundred television shows from the past seven decades The only documented history of narrated television program  
introductions this volume is arranged by type of programming such as comedy drama Western game show soap opera and  
children s show In addition to quoting the opening material entries provide information about each show s network history  
and years of broadcast Many entries include descriptions of the show the names of announcers and a list of main cast  
members as well as a sponsor pitch exactly as spoken Openings for programs with multiple introductions like The Adventures  
of Ozzie and Harriet and Charlie s Angels are also included For programs that featured new guest stars every episode such  
as game shows and variety programs Terrace has selected a representative introduction In addition to the theme song credits  
found in the main text there are also appendixes of theme songs and their composers and or singers as well as a listing of  
commercial releases on DVD VHS CD and LP of shows and their soundtracks A comprehensive resource for researchers and  
pop culture aficionados alike Television Introductions provides a fascinating look at this neglected part of TV history

Company has been fielding Disney trivia questions for over 30 years And now the most intriguing of those questions and answers have been compiled in this secret filled book      **Things To Do At Disney California Adventure 2013** John Glass,2013-08-01 This is not just a travel guide it s an ADVENTURE GUIDE that goes far beyond what other travel books offer Written for both first time visitors and experienced travelers this book has something for everyone Detailed information on every attraction restaurant and shop in the park Secrets tips and inside information about every aspect of your visit Maps to attractions restaurants shops parking and more Planning help and itineraries Complete transportation guides for getting to and around the Disneyland Resort Money saving tips for dining snacking buying tickets and arranging travel Restaurant souvenir and gift recommendations Full dining menus and special guides to vegan foods healthy eating specialty coffees desserts and more Seasonal activities and special events Specialty guides to pin trading Vinylmation coin press machines picnic spots character meets photo opportunities and more A complete guide to all of the stories that drive the rides restaurants and shops in the park Helpful appendixes cross reference all of the films books and music featured in the park so you can discover which locations feature your favorite Disney characters      *Things To Do At Disneyland 2013* John Glass, This is not just a travel guide it s an ADVENTURE GUIDE that goes far beyond what other travel books offer Written for both first time visitors and experienced travelers this book has something for everyone Detailed information on every attraction restaurant and shop in the park Secrets tips and inside information about every aspect of your visit Maps to attractions restaurants shops parking and more Planning help and itineraries Complete transportation guides for getting to and around the Disneyland Resort Money saving tips for dining snacking buying tickets and arranging travel Restaurant souvenir and gift recommendations Full dining menus and special guides to vegan foods healthy eating specialty coffees desserts and more Seasonal activities and special events Specialty guides to pin trading Vinylmation coin press machines picnic spots character meets photo opportunities and more A complete guide to all of the stories that drive the rides restaurants and shops in the park Helpful appendixes cross reference all of the films books and music featured in the park so you can discover which locations feature your favorite Disney characters      **From Mars to Marceline** Eleonora Duvivier,2009-02 This text is mainly the spelling out of what felt to me like a physical experience of spirit The question of interaction is analyzed in different stages in its connection to fiction as something intrinsic to technology It has as point of departure and reference the pioneering steps taken by Walt Disney along the path of joining technology to different entertainment medium I am approaching several aspects of American pop culture and American life as related to technology viewed through the common denominators of interaction and fiction The topics are written in a confessional and yet reflection oriented style so that the element of particularity and passion is deliberately preserved along with objective questioning      *The Oxford Handbook of the Disney Musical* Dominic Broomfield-McHugh,Colleen Montgomery,2025 The Oxford Handbook of the Disney Musical brings together scholars from a range of disciplines to interrogate an enduringly popular and influential cultural

phenomenon Broadening the purview of extant scholarship while also reflecting its methodological multiplicity this collection takes an expansive approach to the Disney musical From animated musical shorts to Disney video games the Handbook acknowledges that the Walt Disney Company uses the musical across a range of media and explores what that means culturally commercially and technologically The chapters cover case studies from the classical Alice in Wonderland Bambi and more contemporary Aladdin Frozen II eras acknowledge the importance of theme parks television and video games to Disney's success and explore cultural figures and themes Contributors also unpack Disney's complicated relationship with race gender and sexuality and the company's recent centennial provides an apt opportunity to reflect on the importance of the musical to the conglomerate's evolution in diverse segments of the media industries Taken together the Handbook combines innovative original research analyses of previously unexamined archival documents case studies topical discussions and critiques of current knowledge and existing scholarship to give voice to new perspectives on this important topic By including the perspectives of scholars from film theater television musicology children's literature and cultural studies serving as a multidisciplinary resource      **Forgotten Disney** Kathy Merlock Jackson, Carl H. Sederholm, Mark I. West, 2023-06-28 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re-establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio's missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory      **Sound & Vision** ,2005      **Animated Personalities** David McGowan, 2019-02-26 This

pioneering book makes the case that iconic cartoon characters such as Mickey Mouse are legitimate cinematic stars just as popular human actors are Mickey Mouse Betty Boop Donald Duck Bugs Bunny Felix the Cat and other beloved cartoon characters have entertained media audiences for almost a century outliving the human stars who were once their contemporaries in studio era Hollywood In *Animated Personalities* David McGowan asserts that iconic American theatrical short cartoon characters should be legitimately regarded as stars equal to their live action counterparts not only because they have enjoyed long careers but also because their star personas have been created and marketed in ways also used for cinematic celebrities Drawing on detailed archival research McGowan analyzes how Hollywood studios constructed and manipulated the star personas of the animated characters they owned He shows how cartoon actors frequently kept pace with their human counterparts granting interviews allowing candid photographs endorsing products and generally behaving

as actual actors did for example Donald Duck served his country during World War II and Mickey Mouse was even embroiled in scandal Challenging the notion that studios needed actors with physical bodies and real off screen lives to create stars McGowan demonstrates that media texts have successfully articulated an off screen existence for animated characters Following cartoon stars from silent movies to contemporary film and television this groundbreaking book broadens the scope of star studies to include animation concluding with provocative questions about the nature of stardom in an age of digitally enhanced filmmaking technologies Animated Personalities is impressive for its lucid historical structure and exceptionally enjoyable content McGowan breathes life into celluloid figures giving readers a backstory for some of the most enduring iconic characters of screen history This is a truly gratifying book Choice Combining historical formal and theoretical modes of analysis Animated Personalities represents a vital contribution to both star studies and the study of animation in classical Hollywood and beyond By embracing a key problematic of the study of stardom the inability to take any element of its construction as authentic McGowan does not undermine the validity of this approach so much as craft a more honest and complete understanding of it Synoptique

Walt's Utopia Priscilla Hobbs, 2024-09-18 The Happiest Place on Earth opened in 1955 during a trying time in American life the Cold War Disneyland was envisioned as a utopian resort where families could play together and escape the tension of the real world Since its construction the park has continually been updated to reflect changing American culture The park's themed features are based on familiar Disney stories and American history and folklore They reflect the hopes of a society trying to understand itself in the wake of World War II This second edition expands its perspective in response to among other things the cultural shifts brought on by the Covid 19 pandemic New and updated chapters endeavor to hold Disney accountable not accountability for misdeeds but its accountability to include everyone as American mythmakers and cultural titans

The Disney Middle Ages T. Pugh, S. Aronstein, 2012-12-10 For many the middle ages depicted in Walt Disney movies have come to figure as the middle ages forming the earliest visions of the medieval past for much of the contemporary Western and increasingly Eastern imagination The essayists of The Disney Middle Ages explore Disney's mediation and re-creation of a fairy tale and fantasy past not to lament its exploitation of the middle ages for corporate ends but to examine how and why these medieval visions prove so readily adaptable to themed entertainments many centuries after their creation What results is a scrupulous and comprehensive examination of the intersection between the products of the Disney Corporation and popular culture's fascination with the middle ages
