Michelangelo Buonarroti Young Explorer The Life And Work Of:

Brush with Greatness: Michelangelo Buonarroti Michael DeMocker, 2025-03-25 Learn about the 16th century genius who created some of the most enduring and revered works of art as told through the eyes of his constant companion Fresca a Pomeranian Fresca recounts Michelangelo's early days in Florence Italy where at the age of 13 he was selected to apprentice under a famed painter to being selected by the head of the wealthiest family in Florence to live in his palace and study sculpture From his move to Rome where he was commissioned by a cardinal to sculpt one of his most famous pieces through his Sistine Chapel masterpiece and his design of the dome at St Peter's Basilica Fresca enlightens young readers on the magnificence of this brilliant Renaissance artist Beautiful chronologically arranged reproductions of many of his sculptures and paintings are featured throughout the book Content developed for young readers grades 1-4 ages 5-8 and is part of the acclaimed Renaissance Accelerated Reader program *Michelangelo* Philip Wilkinson, 2006 An illustrated biography of Michelangelo the Italian Renaissance painter and sculptor *Michelangelo: The Art That Changed the World* Fabricio Sales Silva, 2025-05-08 In every piece of marble I see infinite potential a story waiting to be told As an artist I've learned to listen to the silent voice of the raw material teaching myself that often the truest beauty lies in what's hardest to achieve That's how it is in life that's how it is in art From the first days when I picked up the chisel and hammer I understood that artistic creation is a dialogue not only between the artist and his material but between our inner self and the world around us If people knew how hard I had to work to earn my mastery it wouldn't seem so wonderful The path to mastery of any craft or aspect of life is paved with hard work with unwavering perseverance in the face of immeasurable adversity My work has never been just about turning stone into sculpture but rather about instilling my soul into each work Each figure I freed from the marble was a part of me a fragment of my life and my struggles Sculpture is an art that takes away all superfluities Just like sculpture life is also the act of removing excess of refining and discovering our purest and truest form Throughout my life I have faced challenges that have tested my faith my strength and my commitment to art The conflicts with patrons the political pressures of the time and even the physical pain of incessant work all served to shape both my creations and my character Each challenge was a lesson persistence is the inseparable companion of excellence I work on the principle that enough is never enough

Digital Prohibition Carolyn Guertin, 2012-04-26 The act of creation requires us to remix existing cultural content and yet recent sweeping changes to copyright laws have criminalized the creative act as a violation of corporate rights in a commodified world Copyright was originally designed to protect publishers not authors and has now gained a stranglehold on our ability to transport read write teach and publish digital materials Contrasting Western models with issues of piracy as practiced in Asia Digital Prohibition explores the concept of authorship as a capitalist institution and posits the Marxist idea of the multitude la Antonio Negri and Michael Hardt and Paulo Virno as a new collaborative model for creation in the digital age Looking at how digital culture has transformed unitary authorship from its book bound parameters

Michelangelo Eugène Müntz,2011-12-22 Michelangelo like Leonardo was a man of many talents sculptor architect painter and poet he made the apotheosis of muscular movement which to him was the physical manifestation of passion He moulded his draughtsmanship bent it twisted it and stretched it to the extreme limits of possibility There are not any landscapes in Michelangelo's painting All the emotions all the passions all the thoughts of humanity were personified in his eyes in the naked bodies of men and women He rarely conceived his human forms in attitudes of immobility or repose Michelangelo became a painter so that he could express in a more malleable material what his titanesque soul felt what his sculptor's imagination saw but what sculpture refused him Thus this admirable sculptor became the creator at the Vatican of the most lyrical and epic decoration ever seen the Sistine Chapel The profusion of his invention is spread over this vast area of over 900 square metres There are 343 principal figures of prodigious variety of expression many of colossal size and in addition a great number of subsidiary ones introduced for decorative effect The creator of this vast scheme was only thirty four when he began his work Michelangelo compels us to enlarge our conception of what is beautiful To the Greeks it was physical perfection but Michelangelo cared little for physical beauty except in a few instances such as his painting of Adam on the Sistine ceiling and his sculptures of the Piet Though a master of anatomy and of the laws of composition he dared to disregard both if it were necessary to express his concept to exaggerate the muscles of his figures and even put them in positions the human body could not naturally assume In his later painting The Last Judgment on the end wall of the Sistine he poured out his soul like a torrent Michelangelo was the first to make the human form express a variety of emotions In his hands emotion became an instrument upon which he played extracting themes and harmonies of infinite variety His figures carry our imagination far beyond the personal meaning of the names attached to them The Elementary School Library Collection, Phases 1-2-3 ,1994 Real Lives in the Sixteenth Century Rebecca Ard Boone,2018-04-19 Real Lives in the Sixteenth Century presents a global history using four sets of biographies to illustrate similar situations in different geographical regions The vibrant narratives span four continents and include the following pairs Henry IV of France and Hideyoshi of Japan H rrem Sultan Roxelana of the Ottoman Empire and Lady Zheng of the Ming Dynasty Afonso I of Kongo
