Language, Writing, and Mobility Florian Coulmas, 2022 This book brings together three subjects which command our attention because of their changing roles in everyday life language writing and mobility In different ways borders are being crossed redrawn and redefined as we watch and while comparable processes could be observed in the past they are today

more conspicuous than ever being propelled by demographics technological innovation and consumer capitalism The said three subjects interact in various ways and have an impact on language contact which as this book is designed to show are best captured by a processual view along the lines laid out for social analysis by Norbert Elias The processual view of language and society adopted here is congenial with the sociolinguistic paradigm developed over the past several decades with one important difference it assigns writing a central position Sociolinguistics has always concentrated heavily on speech and largely ignored writing although the social importance of writing cannot be denied Giving written language its due in this book then has four reasons 1 Writing is the most consequential technology ever invented 2 Writing both suggests stability and defines borders 3 Linguistics while emphasizing that writing is external to language is nevertheless indebted for its analytic categories to writing 4 By turning virtually everyone into a writer producer of texts the digital revolution has fundamentally changed communication patterns in ways that impact both social formations and language Computer mediated communication CMC has transformed the social functions of writing and through it language Publisher Maar zo bedoelde ik het niet! Ronny Boogaart, Maarten van Leeuwen, Henrike Jansen, 2024-10-10 Dat heb ik nooit gezegd Dat bedoelde ik niet Mijn account was gehackt Ik zei het in een andere rol Ik stelde alleen maar vragen Het was een grapje Woke Straks mag je helemaal niks meer zeggen Je hebt iets gezegd wat verkeerd valt Iemand voelt zich door jou beledigd of bedreigd Een woord dat je al jaren gebruikt blijkt ineens racistisch Een seksistische grap kan tegenwoordig echt niet meer Je compliment zou grensoverschrijdend zijn Als je zoiets niet zelf hebt ondervonden zie je het wel op tv of sociale media bijna elke dag wordt er een publieke figuur ter verantwoording geroepen voor een controversiële uitspraak Maar wat zeg je terug Hoe verdedig je je tegen de beschuldiging dat je woorden fout waren En hoe redelijk is dat eigenlijk Aan de hand van bekende en minder bekende voorbeelden uit de wereld van politiek en media laat dit boek zien hoe je strategisch gebruik en misbruik kunt maken van taal *Soms is opgeven beter* Leen Dendievel, 2025-02-14 Een pleidooi om af en toe weloverwogen op te geven

Genre Imagery in Early Modern Northern Europe Arthur J. DiFuria, 2017-07-05 Exploring the rich variety of pictorial rhetoric in early modern northern European genre images this volume deepens our understanding of genre's place in early modern visual culture From 1500 to 1700 artists in northern Europe pioneered the category of pictures now known as genre portrayals of people in ostensibly quotidian situations Critical approaches to genre images have moved past the antiquated notion that they portray uncomplicated slices of life describing them instead as heavily encoded pictorial essays laden with symbols that only the most erudite contemporary viewers and

modern iconographers could fully comprehend These essays challenge that limiting binary revealing a more expansive array of accessible meanings in genre s deft grafting of everyday scenarios with a rich complex of experiential cultural political and religious references Authors deploy a variety of approaches to detail genre s multivalent relations to older more established pictorial and literary categories the interplay between the meaning of the everyday and its translation into images and the multifaceted concerns genre addressed for its rapidly expanding unprecedentedly diverse audience
