Flourishing Neil Messer, 2013-12-20 We use such words as health disease and illness all the time

without stopping to consider exactly what we understand by them Yet their meanings are far from straightforward and disagreements over them have important practical consequences in health care and bioethics In this book Neil Messer develops a distinctive and innovative theological account of these concepts He engages in earnest with debates in the philosophy of medicine and disability studies and draws on a wide array of theological resources including Barth Bonhoeffer Aquinas and recent disability theologies By enabling us to understand health in the wider perspective of the flourishing and ultimate destiny of human beings Messer's *Flourishing* sheds new light on a range of practical bioethical issues and dilemmas

100 Ideas for Supply Teachers Julia Murphy, 2010-07-15 Supply teaching can be very difficult if it's not the students that are being difficult it's the permanent members of staff Julia Murphy provides one hundred ideas on how to handle the pitfalls of being a supply teacher The first twenty ideas are general practical ideas such as how to act in the staffroom and what equipment is needed to get through the day The remaining sections each deal with a subject and include ideas such as warm up activities and how to carry on the topic if faced with more than one lesson with a class

Herlands Keridwen N. Luis, 2018-10-23 How women only communities provide spaces for new forms of culture sociality gender and sexuality Women's lands are intentional collective communities composed entirely of women Rooted in 1970s feminist politics they continue to thrive in a range of ways from urban households to isolated rural communes providing spaces where ideas about gender sexuality and sociality are challenged in both deliberate and accidental ways Herlands a compelling ethnography of women's land networks in the United States highlights the ongoing relevance of these communities as vibrant cultural enclaves that also have an impact on broader ideas about gender women's bodies lesbian identity and right ways of living As a participant observer Keridwen N Luis brings unique insights to the lives and stories of the women living in these communities While documenting the experiences of specific spaces in Massachusetts Tennessee New Mexico and Ohio Herlands also explores the history of women's lands and breaks new ground exploring culture theory gender theory and how lesbian identity is conceived and constructed in North America Luis also discusses how issues of race and class are addressed the ways in which nudity and public hygiene challenge dominant constructions of the healthy or aging body and the pervasive influence of hegemonic thinking on debates about transgender women Luis finds that although changing dominant thinking can be difficult and incremental women's lands provide exciting possibilities for revolutionary transformation in society

Forsaken Females Andrea Parrot, Nina Cummings, 2006-06-08 Women around the world routinely suffer from beatings rape torture and murder These are not the practices of a few demented individuals but are often institutionalized culturally sanctioned behaviors Millions of women live in a constant state of isolation terror and fear for most escape is nearly impossible due to economic social or cultural restrictions Forsaken Females describes the many types of global brutalization that occur against women including feticide infanticide female genital mutilation sexual slavery honor killing acid attacks trafficking dowry death rape and intimate partner violence The violence is varied in both method

and practice and is often supported by patriarchal ideologies or policies that maintain the social conditions and cultural framework that accept women's brutalization. Forsaken Females also addresses the physical, emotional, and economic impact of the violence. The discussion is structured around the experiences of women who describe their personal victimization. Each chapter concludes with examples of promising policies and practices developed to address and reduce violence perpetrated against women.

Strategic Repositioning in Times of Corporate Crisis: Green Management and Technology Adoption

Chiwariidzo, Option Takunda, Dzingirai, Mufaro, 2025-02-04 Strategic repositioning during times of corporate crisis is critical for companies looking to navigate changing markets and secure long-term success. Many businesses and economies are marked by increasing environmental concerns and technological advancements turning to green management and technology adoption as drivers of resilience and transformation. By integrating sustainable practices and embracing cutting-edge technologies, organizations can mitigate the negative impacts of crises while positioning themselves as leaders in the green economy. This approach allows companies to reduce costs, enhance efficiency, and build a strong, eco-conscious brand that resonates with consumers and investors, ensuring a competitive edge in the evolving marketplace. Strategic Repositioning in Times of Corporate Crisis: Green Management and Technology Adoption explores how organizations can strategically reposition themselves during corporate crises by embracing sustainable practices and adopting technology. It analyzes the integration of green management principles, technology adoption strategies, and crisis management techniques, offering insights into sustainable solutions such as renewable energy, circular economy practices, and stakeholder engagement. This book covers topics such as cloud computing, e-commerce, and supply chains and is a useful resource for business owners, managers, economists, engineers, scientists, academicians, and researchers.
