During an impromptu trip to the UK from her home in Australia, Alison Allan fell head over heels in love with Michael, a local pub employee who lived in her hometown with his daughter. Although she was in town for just two weeks, Alison made her intentions clear. She did not want a fling. That is when Michael's deceased father began visiting her. As her spiritual gifts began to open up and other spirits visited her, Alison discloses how her path led her to eventually marry Michael and begin anew with help from her spirit guide, Erik. While channeling the spirits of famous people, Alison shares how she learned to trust her heart and gifts while trusting in the wisdom of Archangel Michael. Years later, when Michael tragically died from pancreatic cancer, Alison discloses how she started channeling God to receive guidance through the grief process and how to lift herself out of the darkness in an effort to help others grieving to do the same. Included is advice from above on how to feel better despite the chaos around us. Channeling God shares a medium's personal experiences through her career, the gain and loss of love, and her grief process as she summoned God for guidance.

Free Zone Scientology Aled Thomas, 2021-04-08 In this novel academic study Aled Thomas analyses modern issues surrounding boundaries and fluidity in contemporary Scientology By using the Scientologist practice of auditing as a case study this book explores the ways in which new types of Scientologies can emerge The notion of Free Zone Scientology is characterised by its horizontal structure in contrast to the vertical hierarchy of the institutional Church of Scientology With this in mind Thomas explores the Free Zone as an example

of a developing and fluid religion directly addressing questions concerning authority leadership and material objects This book by maintaining a double focus on the top down hierarchy of the Church of Scientology and the horizontal fluid nature of the Free Zone breaks away from previous research on new religions which have tended to focus either on new religions as indices of broad social processes such as secularization or globalization or as exemplars of exotic processes such as charismatic authority and brainwashing Instead Thomas adopts auditing as a method of providing an in depth case study of a new religion in transition and transformation in the 21st century This opens the study of contemporary and new religions to a series of new questions around hybrid religions sacred and secular and acts as a framework for the study of similar movements formed in recent decades
