Muhammad: the Demon Possessed False Prophet of Islam Jamaal Williams, 2024-04-01 Woe is me poet or possessed Muhammad. Could it be that one of the most influential men in history was manipulated by satanic powers? It's time to unveil the many unsavory truths about the founder of Islam, Muhammad, drawn directly from Islamic sources. The prophet of Islam was arguably demon possessed or severely demonically influenced. Muhammad's prophetic career began with an encounter with a spirit entity in the cave of Hira. Islamic literature states that the alleged angel Gabriel manhandled and abused him, leaving him terrorized, suicidal, and in a state of madness. This encounter alone should raise red flags. Moreover, Islamic texts report that Muhammad was under a black magic spell, uttered the words of Satan in the infamous Satanic Verses event, and had a demonic spirit guide or familiar spirit. Again, this is all coming from Islamic texts. Additionally, Muhammad and many of his contemporaries believed he was demon possessed. Indeed, he experienced many strange physical manifestations such as twitching, foaming at the mouth, convulsing, roaring, or snorting like a camel, that was falsely believed to be divine inspirations from the supposed angel Gabriel and/or Allah. These disturbing accounts form the basis of our e-book, which gives an uncensored and uncompromised look at Muhammad and the religion he founded, Islam. The content of Islamic texts is shocking, appalling, and downright disturbing. Much of such information is not even known to educated Muslims. Nothing is held back when Muhammad's deplorable morality is scrutinized. Would God, who is righteous and holy, work behind a person who sanctioned many atrocious acts and practices: child marriage, wife beating, assassinations, torture, and sex slavery? Was Muhammad a perfect example for mankind as many Muslims believe when Islamic sources document actions that many today would describe as cruel, discriminatory, oppressive, and tyrannical? What is also covered is his controversial consummation of marriage to a 9-year-old girl named Aisha at the age of 54. What spirit was moving behind Muhammad to practice what many today would consider to be gross crimes against humanity? This e-book has a wealth of evidence that Muhammad was indeed demon possessed and thus should be considered a false prophet of God. We thoroughly examine the idea of him being demonically influenced, using over 1,000 direct quotations, all hyperlinked directly to the source, from the most authoritative Islamic sources: the Quran, authentic hadiths, tafsirs, sirah literature, etc. The idea that the enemy manipulated Muhammad is not the conclusion of a mere layman in demonology, but of someone with many years of experience in deliverance ministry, i.e., expelling demons out of people by the power and authority of Jesus. With this expertise, the e-book uncovers not only the evidence but also the broader implications. What would be the purpose of Satan using Muhammad? One reason is to blind people's minds from believing the Gospel that Jesus is the only begotten Son of God who died on the cross for the sins of the world and was resurrected. Without the belief in the Gospel, there is no salvation. This

analysis serves a critical purpose for all truth seekers It is a great resource for those involved in Christian apologetics and polemics with many references refuting the religion of Islam

Islamism and Islam Bassam Tibi,2012-05-22 Despite the intense media focus on Muslims and their religion since the tragedy of 9 11 few Western

scholars or policymakers today have a clear idea of the distinctions between Islam and the politically based fundamentalist movement known as Islamism. In this important and illuminating book Bassam Tibi, a senior scholar of Islamic politics, provides a corrective to this dangerous gap in our understanding. He explores the true nature of contemporary Islamism and the essential ways in which it differs from the religious faith of Islam. Drawing on research in twenty Islamic countries over three decades, Tibi describes Islamism as a political ideology based on a reinvented version of Islamic law. In separate chapters devoted to the major features of Islamism, he discusses the Islamist vision of state order, the centrality of antisemitism in Islamist ideology, Islamism's incompatibility with democracy, the reinvention of jihadism as terrorism, the invented tradition of shari'a law as constitutional order, and the Islamists' confusion of the concepts of authenticity and cultural purity. Tibi's concluding chapter applies elements of Hannah Arendt's theory to identify Islamism as a totalitarian ideology.

Eurabia-cloth Bat Ye'or, 2005 This book is about the transformation of Europe into Eurabia, a cultural and political appendage of the Arab Muslim world. Eurabia is fundamentally anti-Christian, anti-Western, anti-American, and antisemitic. The institution responsible for this transformation and that continues to propagate its ideological message is the Euro-Arab Dialogue, developed by European and Arab politicians and intellectuals over the past thirty years. From publisher description.

The New Leviathan David Horowitz, Jacob Laksin, 2012-06-12 At a time when the national political debate is about inequality and fairness, bestselling author David Horowitz and coauthor Jacob Laksin have written an unsettling book about the distribution of power in America. Thoroughly researched and amply documented, *The New Leviathan* overturns the conventional wisdom about which end of the political spectrum represents the rich and powerful and which represents the people. The Democratic Party presents itself to the electorate as the party of working families and the poor. In the 2000 election campaign, Democrat Al Gore ran on the slogan "The People vs. the Powerful," while President Obama describes himself as a grassroots organizer and a spokesman for fairness and progressive change. Such is the world of political myth. In reality, the Democrats and the Obama progressives represent the richest and most powerful political machine in American history. Backed by a near trillion dollar treasury in America's oldest and largest tax-exempt foundations, progressives outspend conservatives by a factor of seven to one. In *The New Leviathan*, David Horowitz and Jacob Laksin examine this growing financial power of left-wing organizations and politicians. They show how left-wing foundations underwrote the political career of Barack Obama and how massive funding advantages for progressive proposals have disenfranchised American voters and shifted the national policy debate dramatically to the left. *The New Leviathan* draws connections between the Obama administration and progressive organizations, from labor unions to media outlets to nonprofits to political groups, and shows how, on key policy fronts—national security, immigration, citizenship, environment, and health care—the sheer force of left-wing financial resources has reconfigured the nation's political agenda.

Winning the Unwinnable War Elan Journo,2009-09-29 Eight years after 9 11 and in the shadow of two protracted U S military campaigns in the Middle East the enemy is not only undefeated but emboldened and resurgent What went wrong and what should we do going forward Winning the Unwinnable War shows how our own policy ideas led to 9 11 and then crippled our response in the Middle East and it makes the case for an unsettling conclusion By subordinating military victory to perverse allegedly moral constraints Washington s policy has undermined our national security Owing to the significant influence of Just War Theory and neoconservatism the Bush administration consciously put the imperative of shielding civilians and bringing them elections above the goal of eliminating real threats to our security Consequently this policy left our enemies stronger and America weaker than before The dominant alternative to Bush esque idealism in foreign policy so called realism has made a strong comeback under the tenure of Barack Obama But this nonjudgmental supposedly practical approach is precisely what helped unleash the enemy prior to 9 11 The message of the essays in this thematic collection is that only by radically re thinking our foreign policy in the Middle East can we achieve victory over the enemy that attacked us on 9 11 We need a new moral foundation for our Mideast policy That new starting

point for U S policy is the moral ideal championed by the philosopher Ayn Rand rational self interest Implementing this approach entails objectively defining our national interest as protecting the lives and freedoms of Americans and then taking principled action to safeguard them The book lays out the necessary steps for achieving victory and for securing America s long range interests in the volatile Middle East

A Lethal Obsession Robert S. Wistrich, 2010-01-05 In this unprecedented work two decades in the making leading historian Robert S Wistrich examines the long and ugly history of anti-Semitism from the first recorded pogrom in 38 BCE to its shocking and widespread resurgence in the present day As no other book has done before it A Lethal Obsession reveals the causes behind this shameful and persistent form of hatred and offers a sobering look at how it may shake and reshape the world in years to come Here are the fascinating and long forgotten roots of the Jewish difference the violence that greeted the Jewish Diaspora in first century Alexandria Wistrich suggests that the idea of a formless God who passed down a universal moral law to a chosen few deeply disconcerted the pagan world The early leaders of Christianity increased their strength by painting these superior Jews as a cosmic and satanic evil and by the time of the Crusades murdering a Christ killer had become an act of conscience Moving seamlessly through centuries of war and dissidence A Lethal Obsession powerfully portrays the creation of the Protocols of the Elders of Zion the fateful anti-Semitic tract commissioned by Russia's tsarist secret police at the end of the nineteenth century and the prediction by Theodor Herzl Austrian founder of political Zionism of eventual disaster for the Jews in Europe The twentieth century fulfilled this dark prophecy with the horrifying ascent of Hitler's Third Reich Yet as Wistrich disturbingly suggests the end of World War II failed to neutralize the Judeophobic virus Pogroms and prejudice continued in Soviet controlled territories and in the Arab Muslim world that would fan flames for new decades of distrust malice and violence Here in pointed and devastating detail is our own world one in which jihadi terrorists and the radical left blame Israel for all global ills In his concluding chapters Wistrich warns of a possible nuclear Final Solution at the hands of Iran a land in which a formerly prosperous Jewish community has declined in both fortunes and freedoms Dazzling in scope and erudition A Lethal Obsession is a riveting masterwork of investigative nonfiction the definitive work on this unsettling yet essential subject It is destined to become an indispensable source for any student of world affairs
