,2014 Chronicles from the Environmental Justice Frontline J. Timmons Roberts, Melissa M.

Casino Chronicle ,1997

Toffolon-Weiss,2001-09-24 Chronicles from the Environmental Justice Frontline first published in 1991 provides a rare glimpse of the environmental justice movement as it plays out in four landmark struggles at the end of the twentieth century. The book describes the stories of everyday people who have decided to take to the streets to battle what they perceive as injustice the unequal exposure of minorities and the poor to the bads produced by our industrial society. In these struggles residents and local state and national environmental and social justice groups are on one side pitted against local and state government representatives and industry on the other By employing historical and theoretical lenses in viewing these struggles the book reveals how situations of environmental injustice are created and how they are resolved. These cases bear great similarity to battles occurring across the nation and are setting precedents for national and state agencies as they handle these cases.
