**The Hanford Plaintiffs** Trisha T. Pritikin, 2020-02-25 For more than four decades beginning in 1944 the Hanford nuclear weapons facility in southeastern Washington State secretly blanketed much of the Pacific Northwest with low dose ionizing radiation the byproduct of plutonium production For those who lived in the vicinity many of them families of Hanford workers the consequences soon became apparent as rates of illness and death steadily climbed despite repeated assurances from the Atomic Energy Commission that the facility posed no threat Trisha T. Pritikin who has battled a lifetime of debilitating illness to become a lawyer and advocate for her fellow downwinders tells the devastating story of those who were harmed in Hanford's wake and seeking answers and justice were subjected to yet more suffering At the center of The Hanford Plaintiffs are the oral histories of twenty four people who joined In re Hanford Nuclear Reservation Litigation the class action suit that sought recognition of and recompense for the grievous injury knowingly caused by Hanford Radioactive contamination of American communities was not uncommon during the wartime Manhattan Project nor during the Cold War nuclear buildup that followed Pritikin interweaves the stories of people poisoned by Hanford with a parallel account of civilians downwind of the Nevada atomic test site who suffer from identical radiogenic diseases Against the heartrending details of personal illness and loss and ultimately persistence in the face of a legal system that protects the government on all fronts and at all costs The Hanford Plaintiffs draws a damning picture of the failure of the US Congress and the Judiciary to defend the American public and to adequately redress a catastrophic wrong Documenting the legal medical and human cost of one community's struggle for justice this book conveys in clear and urgent terms the damage done to ordinary Americans in the name of business progress and patriotism

**Ancient Healing for Modern People: Food, Herbs & Essential Oils to Detox, Cleanse & Rejuvenate the Body, Mind & Soul** Michele Arnold-Pirtle, DACM, L.Ac., 2018-09-30 Western science along with Chinese Medicine both confirm that a healthy gut is necessary for our immune systems In addition there are more neurons in our gut than our brain and we also know the gut and its hormones affects our

brain emotions and behavior Plus the musculoskeletal system depends on digestion for healthy movement and relaxation Our guts extract the vital nutrients we need from our food and drink to nourish our joints bones and muscles Begin with a 10 day essential body detox and gut restoration program using essential oil protocols and a healing rice congee porridge to release toxic buildup and kick start your metabolism This is a gentle way to cleanse the body s organs naturally responsible for detoxification such as the liver lungs colon kidneys and skin The essential oil protocols 10 day daily menu and food remedies provide support to help your organs function optimally so that they can do what they re supposed to do in metabolism and digestion They also contribute to the release of emotional and spiritual blockages Bring yourself back into balance *Fast Fat Flush* Millan Chessman,2020-02-07 Without your health you have nothing It is the very foundation by which everything else in life grows and flourishes Without it peace joy happiness and purpose are absent and the ability to express love and support to your family spouse employer and friends can be lost and nonexistent In pain and suffering one is caught up totally into themselves and unable to serve and care for others In five decades of practice as a fasting coach this book s author observed over half of her clients suffered from depression Today we have evidence that this is a result of toxicity and incorrect diet resulting in sickness mentally and physically Success in life s ambitions can become illusive Many people state they eat clean and healthy but further investigation as to what is being put into the body is actually fueling carcinogens free radicals toxicity and disease creating addictions to unhealthy and deadly foods This prematurely steals life at an exponential rate Many of our medical directives ensure the continuation of these cycles through toxic drugs and adulterated dietary guidelines The most important approach to master a healthy condition is by taking steps outlined in this book through fasting healthy eating detoxification vitamin mineral supplementation and importantly exercises Fasting is the universal key to combating illness as well as keeping weight under control and never having to diet again for a lifetime This is the ultimate guide to optimizing your health the greatest asset you will ever possess This book will guide you into a place of vibrant purposeful and glowing well being resulting in abundant life It is not difficult This book tells you how **Life and Times of Dionysius the Divine** Dionysius the Divine,2011-04-30 Seeker of Truth Justice Knowledge Wisdom and Universally Applicable Truth Teacher of Intellectual and Spiritual Enlightenment No Theological or Cultural Boundaries From Blind Faith to Knowledge Faith Love Life Health Success Happiness Religion Intelligent Design America a Christian Nation and Enlightened Christianity **Immunity Strong** Robert G. Lahita,2022-01-05 There is a biological force within the body that wants you to live to old age While conventionally this force is known in medicine as the immune system Dr Bob calls it The Biological Soul The Biological Soul is designed to protect you and allow you to live a healthy life This force is tangible measurable lives within the physical body and determines our age and wellbeing through life It is physical and complex and in many ways spiritual It is affected by life s stresses by diets and by overall health and though not immortal it both shapes your life and your life shapes it IMMUNITY STRONG walks readers through how the immune system works what makes it

implode or keeps it safe and what modern science reveals about how it connects to every part of the body to keep it alive as the seat of our Biological Soul Written in Dr Bob s trade mark down to earth style the book explains that the normal immune system functions like a police department protecting the body from harm While as a nation we have recently been focused on the effects of infections the book reveals that it is important to note that disorders of immunity are at the root of most diseases that shorten or impact our lives From chronic pain and fatigue syndromes heart disease and clogged arteries and even the ability to recognize and destroy cancer to multiple sclerosis lupus celiac disease rheumatoid arthritis and autoimmune disorders are all linked to one or another glitch in the immune system The purpose of this book is to provide significant information on the incredible complexity of the immune system and how the integration of spiritual scientific and emotional values can enhance health It is Dr Bob s hope that readers will find a new appreciation of the miracle that is the physical body and to understand the potential within our Biological Soul to promote longevity and overall happiness to life

**IMMUNITY STRONG Boost Your Body s Natural Healing Power and Live to 100** is a must read for anyone wishing to nurture and enhance their health
