Nice Escape New York Vol 1:

Escape from New York Davarian L. Baldwin, Minkah Makalani, 2013-09-01 In the midst of vast cultural and political shifts in the early twentieth century politicians and cultural observers variously hailed and decried the rise of the New Negro. This phenomenon was most clearly manifest in the United States through the outpouring of Black arts and letters and social commentary known as the Harlem Renaissance. What is less known is how far afield of Harlem that renaissance flourished how much the New Negro movement was actually just one part of a collective explosion of political protest cultural expression and intellectual debate all over the world. In this volume the Harlem Renaissance escapes from New York into its proper global context. These essays recover the broader New Negro experience as social movements popular cultures and public behavior spanned the globe from New York to New Orleans from Paris to the Philippines and beyond. *Escape from New York* does not so much map the many sites of this early twentieth century Black internationalism as it draws attention to how New Negroes and their global allies already lived. Resituating the Harlem Renaissance the book stresses the need for scholarship to catch up with the historical reality of the New Negro experience. This more comprehensive vision serves as a lens through which to better understand capitalist developments imperial expansions and the formation of brave new worlds in the early twentieth century. Escape From Evil's Darkness Robert Spitzer, 2021-02-19 In this second volume of the *Called Out of Darkness* trilogy Father Robert Spitzer S.J. draws together some of the best advice given by Catholic spiritual masters across the ages and brings it into harmony with modern scientific research offering practical ways to live out the gospel in our busy days. It is a roadmap to a deeper relationship with the Lord and to authentic transformation through the imitation of Christ. Giving evidence that Jesus established just one Church with Peter as its head Spitzer shows that the Catholic Church with its rich array of sacraments teachings prayer traditions and lived examples of holiness continues to be fertile ground for profound Christian conversion. But no true conversion is purely spiritual it must bear fruit in our daily lives. Father Spitzer guides readers through the workings of moral transformation with detailed sketches of all the cardinal and theological virtues especially love. Using insights from Saint Ignatius of Loyola as well as from modern psychology *Escape from Evil's Darkness* concludes with an in depth study of the sacrament of confession and the staggering power of God's loving mercy
