explanation about past societies cannot be achieved without including and investigating children and childhood. However, marginal the traces of children's bodies and bricolage may seem compared to adults' archaeological evidence of children and childhood can be found in the most astonishing places and spaces. The archaeology of childhood is one of the most exciting and challenging areas for new discovery about past societies. Children are part of every human society but childhood is a cultural construct. Each society develops its own idea about what a childhood should be, what children can or should do, and how they are trained to take their place in the world. Children also play a part in creating the archaeological record itself. In this volume, experts from around the world ask questions about childhood thresholds of age and growth, childhood in the material culture, the death of children, and the intersection of the childhood and the social, economic, religious, and political worlds of societies in the past.

Constructing a World Martha Tuck Rozett, 2012-02-01. Taking its title from Umberto Eco's postscript to *The Name of the Rose*, the novel that inaugurated the New Historical Fiction in the early 1980s, *Constructing the World* provides a guide to the genre's defining characteristics. It also serves as a lively account of the way Shakespeare, Marlowe, Raleigh, Queen Elizabeth I, and their contemporaries have been depicted by such writers as Anthony Burgess, George Garrett, Patricia Finney, Barry Unsworth, and Rosalind Miles. Innovative historical novels written during the past two or three decades have transformed the genre, producing some extraordinary bestsellers as well as less widely read serious fiction. Shakespearean scholar Martha Tuck Rozett engages in an ongoing conversation about the genre of historical fiction, drawing attention to the metacommentary contained in Afterwords or Historical Notes, the imaginative reconstruction of the diction and mentality of the past, the way Shakespearean phrases, names, and themes are appropriated, and the counterfactual scenarios writers invent as they reinvent the past.

Bien sûr For a real taste of saucy early European humor one must cross the Channel to France There in the fifteenth and early sixteenth centuries the sophisticated met the scatological in popular performances presented by roving troupes in public squares that skewered sex politics and religion For centuries the scripts for these outrageous anonymously written shows were available only in French editions gathered from scattered print and manuscript sources Now prize winning theater historian Jody Enders brings twelve of the funniest of these farces to contemporary English speaking audiences in *The Farce of the Fart and Other Ribaldries* Enders's translation captures the full richness of the colorful characters irreverent humor and over the top plotlines all in a refreshingly uncensored American vernacular Those who have never heard the one about the Cobbler the Monk the Wife and the Gatekeeper should prepare to be shocked and entertained *The Farce of the Fart and Other Ribaldries* is populated by hilarious characters high and low For medievalists theater practitioners and classic comedy lovers alike Enders provides a wealth of information about the plays and their history Helpful details abound for each play about plot character development sets staging costumes and props This performance friendly collection offers in depth guidance to actors directors dramaturges teachers and their students *The Farce of the Fart and Other Ribaldries* puts fifteenth century French farce in its rightful place alongside Chaucer Shakespeare commedia dell'arte and Molière not to mention Monty Python *Vive la Farce*
