Based on papers originally presented at an international conference held at Bucknell University in Pennsylvania to mark the 60th anniversary of the People's Republic of China PRC, this book provides an up to date comprehensive and authoritative assessment of the PRC's political, economic, social, ethnic, energy, security, military, diplomatic and other developments and challenges today. Contributed by scholars and experts in political science, international relations, economics, public administration, history, mass communication, psychology and diplomacy, the book focuses on the efforts needed by China to grow in a sustainable manner and to become a respected global power. With each chapter addressing a different and yet an inter-related issue of the PRC's development, this book aims to make a significant contribution to the understanding of key challenges the country faces today as it strives to become a global power.

Neoliberalism and Imperialism: Dissecting the Dynamics of Global Oppression Tatah

Mentan, 2016-08-06. Today's neoliberal imperialism crushes all unfavourable conditions through multiple forms of oppression to ensure the creation of a world in its own image. The systemic and structural oppression birthed by neoliberal imperialism once again reproduces and implements colonialism, armed robbery on a global scale. The difference between the old form and the new form is the scale of destruction and the overt use of Weapons of Mass Destruction. Hence the militarization of the globe is a natural outcome. In this book Professor Tatah Mentan argues that United Fruit Company for instance could not have flourished without the strong support of the Marines, the U.S. State Department and all of its resources. In fact the French, the German, the British and the Belgian financiers could not have been able to suck the blood out of their colonies without their legionnaires, soldiers, mercenaries, preachers, merchants and generals. Specifically the Western colonial empires in the nineteenth century presented their penetration, pillage and rape of Africa, Asia and Latin America as modernization and tutelage, aided by the ideology of survival of the fittest. This conceit pervaded the entire Western bourgeois social science, educational and religious institutions. And today there is the same clear symbiotic relationship between business and the military. Empirical realities demonstrate that companies like Microsoft could not enjoy its overwhelming prosperity without having the strong military that America has. This is precisely why neoliberal imperialism operates alongside oppressive militarism, war and dictatorship and must be disrupted to liberate mankind from its death grip.
