New international dictionary of Pentecostal and Charismatic movements Stanley M. Burgess (ed), 2001 Forgiveness, Reconciliation, and Restoration Martin William Mittelstadt, Geoffrey W. Sutton, 2010-08-01 Although history is replete with tales of revenge Christian forgiveness provides an alternate response In this volume Pentecostal scholars from various disciplines offer their vision for forgiveness reconciliation and restoration The essayists offer long overdue Pentecostal perspectives through analysis of contemporary theological issues personal testimony and prophetic possibilities for restoration of individual relationships and communities Though Pentecostals remain committed to Spirit empowered witness as recorded in Luke Acts these scholars embrace a larger Lukan vision of Spirit initiated inclusivity marked by reconciliation The consistent refrain calls for forgiveness as an expression of God s love that does not demand justice but rather seeks to promote peace by bringing healing and reconciliation in relationships between people united by one Spirit

The Practice of Prophecy Li Ming Dennis

Lum,2018-03-26 The charisma of prophecy is found throughout the history of the global Pentecostal movement Within the movement prophecy is seen as the communication of an inspired spontaneous revelation bringing edification to the faith community Despite its prevalence academic research has mostly focused on the biblical theological aspect neglecting the actual contemporary practice This book addresses this gap with a study on the practice of prophecy within the Assemblies of God of Singapore The book investigates the nature purpose and significance of the phenomenon It also identifies theological variables that are correlated with its practice and explicates these relationships The investigation employs the empirical theological method of Johannes van der Ven utilizing both a qualitative and a quantitative study The results provide a rich description of the actual reception delivery and judging of prophecy Significant findings include relationships between prophecy and courage love personality types prayer types and evangelism **Norming the Abnormal** Aaron T.

Friesen,2013-02-19 Pentecostalism is one of the largest and fastest growing religious movements around the world Yet the movement s defining doctrine has met with controversy and criticism since its inception Classical Pentecostals have not only affirmed and valued the experience of speaking in other tongues they have argued that such an experience is the first evidence of a Christian having reached a level of spiritual empowerment they call Baptism in the Holy Spirit That speaking in an unknown language should be considered by many Pentecostals to be a normative and uniform right of passage for all Christians is interesting That such a controversial doctrine could rise to take such a prominent role in defining and shaping the Pentecostal movement begs further historical and social study This work charts the development of the doctrine from a small community in the Midwest to become a norm for Pentecostal identity and a hallmark of Pentecostal experience around the world Then through an empirical study of ministers in three Pentecostal denominations the work explores the current beliefs of practices of Pentecostals regarding the doctrine of initial evidence in order to form some conclusions and proposals about the future of the doctrine among classical Pentecostals *The Doctrine of the Holy Spirit* Yacob Godebo,2025-07-03

The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts The subjective experience of the Holy Spirit s presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit Practitioners were just objects of divine purpose and their subjective experience was divine

provided and divine initiated genuine experience beyond their consciousness and calculation Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha **David du Plessis and the Assemblies of God** Joshua R. Ziefle,2012-09-28 In David du Plessis and the Assemblies of God Joshua R Ziefle details the complicated tensions that arose during the Charismatic Movement of the 1960s and 1970s He highlights the story of Pentecostal missionary David du Plessis whose deep involvement in every area of the revival illustrates the tenor of the movement and the controversies it engendered Du Plessis s ejection from the ministerial ranks of the Assemblies of God over his continued involvement with non Pentecostals and the denomination s slow but steady rapprochement with the ecumenism of the Charismatic Movement are important themes in this monograph Ultimately Ziefle argues that both du Plessis s enthusiastic embrace of charismatics and the Assemblies own hesitant approach to Spirit filled Roman Catholics and mainline Protestants represent persistent hallmarks of Pentecostalism

The New Pentecostal Message? Lewis Brogdon, 2015-06-22 The prosperity movement has influenced millions of people in North America Asia Europe South America and Africa through Pentecostal Charismatic and nondenominational preachers in some of the largest churches in the world CNN ABC and Time magazine have examined the preachers and churches in this popular and controversial movement Scholars and church leaders have studied it for more than two decades producing dozens of books and articles on it Considering the widespread popularity of the prosperity movement and the attention it is given by its critics Brogdon asks Is prosperity preaching the new Pentecostal message In order to answer this question one has to examine the prosperity movement as a Pentecostal movement instead of a Word of Faith movement that is a revised form of New Thought metaphysics and Science of Mind Brogdon provides an introduction to the prosperity movement as a Pentecostal movement He asks important questions in the study of the prosperity movement such as who popularized prosperity teaching Oral Roberts or Ken Hagin Do all Pentecostals agree with the prosperity doctrine Is prosperity teaching good news to the poor Has prosperity replaced the emphasis on the Holy Spirit The answers may surprise you

California Dreaming Ronald A. Wells, 2017-09-11 California matters both as a place and as an idea What famed historian Kevin Starr has called the California Dream is a vital part of American self understanding Just as America was meant to be a place of renewal even redemption for Europe so too California was intended as a place of renewal for America Therefore California place and idea provides a fertile ground for scholars to think deeply about what it means to articulate the promise of American life This book follows in the train of George Marsden s classic *The Outrageous Idea of Christian Scholarship* believing that people of faith have a contribution to make to scholarship and of Jay Green s more recent book *Christian Historiography Five Rival Views* believing that scholars of faith should engage in moral inquiry In this book eight authors inquire into the moral questions that emerge from studying California

Wesleyan Pneumatology, Pentecostal Mission, and the Missio Dei Jody B. Fleming, 2021-05-18 In *Wesleyan Pneumatology Pentecostal Mission and the Missio Dei* Jody B Fleming argues that missiology in a Wesleyan context has been heavily influenced by the Western worldview and needs renewal Spirituality is central to living in many non western cultures integrated with the physical world of everyday life Wesleyan traditions may need to renew and strengthen the pneumatology found in their mission theory and praxis As the center of Christianity is shifting to the global south Pentecostal and charismatic expressions of the faith are becoming more prominent Without forfeiting their solid foundations what might the Wesleyan traditions learn from their theological cousins about engagement with the Holy Spirit How might pneumatology be renewed in order to address spiritual beliefs found in other

cultures in both global and local settings Renewal also includes the indigenous voice as essential for understanding cultural dynamics and spirituality Contextualization is not new to missiology and so mission theory is explored from Latin American scholars as another point for renewal Partnerships in mission and the role of the Holy Spirit are highlighted in the of field work conducted in Venezuela In Renewing the Spark the author suggests that a fresh look at pneumatology will more effectively articulate the gospel in holistic and spirit centered non western cultures **The New Blackwell Companion to the Sociology of Religion** Bryan S.
