New Paths Toward The Sacred Awakening The Awe Experience In Everyday Living:

New Paths Toward the Sacred Catherine McCann, 2008 Using Bernard Lonergan's categories of experience *New Paths Toward the Sacred* highlights the intimate connection between human experience and an awareness of the Sacred analyzed by the author's practical research based on studying people's reactions and experiences in a sculpture garden. This is presented by the author's reliance upon the reflective insights into the thoughts of the best theological scholars. **BOOK JACKET** *Spiritual Capital* Samuel D. Rima, 2017-07-05 Presenting a thorough comprehensive theory of spiritual capital based on solid academic research. *Spiritual Capital* serves to reinforce and amplify the notion of a moral economic core that is beginning to feature in contemporary economic arguments. In this rare major work wholly dedicated to the subject of spiritual capital Sam Rima explains the desperate need for revolutionary and transformational thinking in the area of economic policy and practice and makes the case for a new moral foundation to business and economics that directly addresses today's financial and business crisis. Writing in an accessible style and drawing on examples from several continents Rima explains spiritual capital theory in terms of the resources needed for its creation how it is formed how it can be invested and what the return on investment can be. The book provides practical tools for measuring a personal or organizational store of spiritual capital along with clear guidelines on how to engage in spiritual capital formation. These will benefit business leaders interested in developing viable and sustainable enterprises capable of avoiding the disconnection between economic policy and social reality. There are also recommendations here for policy makers regarding the macro application of spiritual capital theory. This important contribution to Gower's Transformation and Innovation Series will appeal to business leaders and policy makers academicians and students in the fields of sociology theology and economics and anyone interested in social and economic justice issues social innovation and corporate social responsibility. **Spiritual Capital** Michael O'Sullivan, Bernadette Flanagan, 2017-07-05 *Spiritual Capital* seeks to refocus discussion on core social values on individuals' value systems and the internal dynamics that impel human beings to live by truth goodness and love.
