Carnival and Literature in Early Modern England Jennifer C. Vaught,2016-04-08 Carnival and Literature in Early Modern England explores the elite and popular festive materials appropriated by authors during the English Renaissance in a wide range of dramatic and non dramatic texts Although historical records of rural urban and courtly seasonal customs in early modern England exist only in fragmentary form Jennifer Vaught traces the sustained impact of festivals and rituals on the plays and poetry of sixteenth and seventeenth century English writers She focuses on the diverse ways in which Shakespeare Spenser Marlowe Dekker Jonson Milton and Herrick incorporated the carnivalesque in their works Further she demonstrates how these early modern texts were used and misused by later writers performers and inventors of spectacles notably Mardi Gras krewees organizing parades in the American Deep South The works featured here often highlight violent conflicts between individuals of different ranks ethnicities and religions which the author argues reflect the social realities of the time These Renaissance writers responded to republican egalitarian notions of liberty for the populace with radical support ambivalence or conservative opposition Ultimately the vital folkloric dimension of these plays and poems challenges the notion that canonical works by Shakespeare and his contemporaries belong only to high and not to low culture
